A bill has passed the legislature allowing the voters of Enfield township to vote on the question of issuing bonds for permanent road improvement.

The Four Bullocks will appear at Madry's opera house Wednesday night, March 5th. Prices 25, 35 and 50 cents. Reserved seats on sale at J. W. Allsbrook's store. The Bullocks were here several years ago and greatly pleased their audience.

#### Old Relics.

Mr. E. L. Braxton was in our office Tuesday morning and showed us some old family relics that are well worth mentioning. The first he showed us was an Irish potato that he says must be at least some thing over 40 years old, for it had been carried in his father's pocket for a good many years and the old gentleman has been dead thirty-five years. The potato now is a little larger than a man's thumb and appears to be as hard as a rock, yet you can see that it is an Irish potato.

The next was a goose quill tooth pick that was used by his father a number of years before his death, which as we have already said occurred 35 years ago.

Then Mr. Braxton showed us his father's pocket knife. The blade to this knife is worn to a sharp point and shows the value of the material out of which it was made. They are not made like this now.

Last but not least, by any means, was a small gourd used by his mother when a child. This gourd is something over one hundred years old, and yet it looks as it had not been in use for a year.

Mr. Braxton prizes these relics very highly on account of their family history and says that money cannot buy them.

#### Paint or Not.

Is a horse worth more or less after feed?

Hay and oats are high today; shall I wait today and feed him tomorrow?

That's how men do about painting their houses and barns and fences. Paint has been high for several years; and so they have waited. Paint is high yet; they are still waiting; thousands of 'em are waiting for paint to fall.

Their property drops a trifle a year and the next job of paint creeps up, creeps-up, creeps-up; it'll take more paint by a gallon a year; they don't save a cent, and the property goes on suffering.

DEVOTE.

E. T. Whitehead Co. sells it.

NOTICE.—I HAVE JUST RETURNED from the Northern Market, being there the most of last week buying Dry Goods, Millinery, etc. I have employed Miss Mamie Ashburn, of Callio, Va., as one of my Milliners. She was almost raised in a Millinery Store, her mother being a Milliner. She has gone out for the past five seasons from Armstrong, Cator & Company. They recommend her as being one of the best on their list. Have also employed Miss Nellie Emory, of Baltimore. She has been working for Dowell, Helm & Company, for the past five years and is recommended by them as being one of the best they have. Both will remain in Baltimore about two weeks, making their patterns and learning the new styles. I will buy a line of Hats of each house, and will carry a better line than I ever carried before. I will offer some special bargains in New Goods next week. Have the nicest line of Laces that I ever purchased before. Yours to serve, J. W. MADRY.

#### Dwelling Came Near Burning.

Mr. Rufus K. Moore came very near losing his dwelling on the corner of 9th and Greenwood Streets, last Thursday afternoon about 3:30 o'clock. There was no one at home at the time and the fire had made considerable headway when discovered, starting around the flue in the kitchen. The hose of the Scotland Neck Cotton Mills was soon put in action and a large stream of water was put to work and soon the fire was under control, not before, however, the kitchen and dining room part of the house was badly damaged. All of Mr. Moore's furniture was carried out of the house as well as that of several neighbors living near by and this was badly damaged.

There was no insurance on the building and the loss falls heavily on Mr. Moore. He had asked an agent to insure it for him but for some cause it had not been done.

Last Sunday night the Baptist and Methodist pastors of Greenville preached strong sermons against blind tigers, pool rooms, and gambling, and on the following day the Baptist minister was viciously assaulted by the proprietor of a local pool room. You can't stop the preaching of Eternal Truth that way.—Henderson Gold Leaf.

N. HERRING.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by druggists. 75c.

#### A Card of Thanks.

Those Mexicans would make a board of arbitration look like a Sunday school picnic when the cow had kicked the lunch table over.

Well, anyhow those Mexicans are not pouring acid into the letter boxes or destroying the golf links.

#### Microbes in Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed, nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can promote a new growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Rexall "93" Hair Tonic to this community only at our stores:
