LOCAL NEWS.

Items Gathered From the Town and Country.

The snow in this section was from four to five inches.

Let the work of erecting new buildings go right ahead.

The cold weather and snow knocked out business last week.

The heaviest snow of the winter fell Wednesday night of last week.

The thermometer registered ten above zero two mornings last week.

We hear it reported that the Scotland Neck Bank will begin the work of erecting its new bank building early in the spring.

Very few people were at Halifax Monday and the county commissioners and road commissioners had but little business to claim their attention.

We understand Mr. A. Paul Kitchen will move off the wooden building now used as the mayor's office and pressing clubs and erect right away a row of nice brick stores.

We would be delighted to hear talk of some new dwellings being planned and built. The town needs more houses in order to accommodate the people who are living in crowded quarters.

A severe wind storm passed over this section Sunday night and Monday morning was about as raw weather as one ever felt. This same storm raged throughout the whole country doing great damage North.

There are several new advertisements in this issue. Among them we mention the Scotland Neck Gun and Car Company, the Commercial and Farmers Bank, of Enfield, the N. A. Riddick Motor Car Company. Read every advertisement in this issue. It will pay you.

Mr. B. D. Webb showed us a trunk key some days ago that he has carried in his pocket since 1862. The key belongs to the trunk that was given him by his father when he left home for the University. The trunk is yet in good repair and is used by Mr. Webb to keep clothing and valuable papers.

Rev. R. L. Davis, superintendent of the Anti-Saloon League of North Carolina, was here Sunday and spoke to a large congregation at the Baptist church at 11 o'clock on the subject of temperance. Mr. Davis was very optimistic about national legislation on the temperance question. Mr. Davis is surely a "live wire." He spoke at H. G. Good Sunday night.

Musical Program at Baptist Church.

A musical program will take the place of the regular evening service at the Baptist church Sunday, March 8th. The program will consist of organ, violin and vocal music. Miss Undine Futrell will preside at the organ. Miss Louise Futrell, of Meredith College, one of the State's most promising violinists, will render several sacred pieces and accompany Miss Johnson, also of Meredith College, and by all odds the leading soprano of that institution, in several songs of Miss Johnson's selection. These young ladies have all shown remarkable talent in their chosen line of musical endeavor, and we are sure that those who hear them will be much benefited as well as pass a very pleasant evening. Mr. McFarland will deliver a short address on music. At the conclusion of the exercises a silver offering will be taken.

WHEN OUT OF SORTS START YOUR LIVER WORKING

No Matter Aids You, Dodson's Liver Tonic is Usually a Big Help in Getting Well. Avoid Calomel.

Nine times out of ten when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious, it is impossible to feel well.

There was a time when a great number of people took calomel when so troubled. But this is not true today. It has become widely known that calomel often has bad after-effects and is even dangerous to many. The use of Dodson's Liver Tonic instead of calomel has spread wonderfully because it has proved so beneficial in so many households.

E. T. Whitehead Co., recommend and guarantee Dodson's Liver Tonic instead of Calomel and guarantee to refund purchase price (50c) to you instantly without question if you are not perfectly pleased with the way in which it relieves you from constipation, sick headache, biliousness, etc. It "lives the liver" and is a pleasant-tasting, vegetable liquid, easy to take and causes no pain, no gripe, no bad results, no change from your regular duties and habits.

To test Dodson's Liver Tonic is a sensible matter because you get your money back if you are not satisfied.

PRETTY HOME MARRIAGE.

Miss Sallie Baker is Wedded to Mr. Benjamin B. Everett.

In the midst of a gathering of warm personal friends the culmination of a life-long friendship was witnessed on Wednesday, February 28, 1914, in the marriage of Miss Sallie Spruill Baker to Mr. Benjamin Bryant Everett. The home of the bride's parents, Mr. and Mrs. L. J. Baker, at Palmyra, was the scene of this wedding, distinguished in every feature by simplicity and informality. In the hall the decorations of southern smilax carried out this idea artistically, the stairs and newel post being entwined with this. At the head of the stairs Crocacia's orchestra, of Greenville, produced sweet music, which promptly at high noon melted into the strains of Mendelssohn's wedding march. The guests a few minutes before were invited into the parlor which was beautifully decorated with smilax, white carnations and tulle.

An improvised altar in the room was lighted with beautiful silver candelabra which shed a soft glow over the scene. At this Dr. R. F. Bumpass, of Laurinburg, a former pastor of the bride, took his place, while Misses Blanche Nicholson, Mary Cotten Johnston and Blanche and Ethel Everett, all attired in white, carrying white ribbons to form an aisle, entered. Then in the midst of a loving quiet the two about to join their lives advanced to the altar. Dr. Bumpass in a ceremony impressive on account of its sacred solemnity, took their vows. Little Justus Everett, Jr., carried the ring with which their fortunes were linked together, then they were pronounced husband and wife.

The bride was attired in a handsome white satin gown, enriched with rose point and venetian lace she had purchased at Brussels on a recent trip abroad. The court train, hand embroidered in fleur-de-lis, was exceptionally handsome, and with the veil caught with orange blossoms made a picture long to be remembered. The bridal bouquet was of bride's roses and lily of the valley.

After the ceremony an informal public reception was given. In the gift room many handsome presents attested the popularity of both bride and groom.

The dining room was beautifully decorated with smilax, pink sweet peas and pink tulle, and a course luncheon was served, the ices and cakes carrying out in an unusually attractive way the color scheme of green, pink and white, which prevailed through the house.

Mr. and Mrs. Everett left on the northbound train for some place unknown to their friends.

An unusual interest has been felt in this wedding, not only in this community but through the State. For years the two have been close neighbors and friends, and as the years passed this friendship ripened into something deeper. The bride is the only child of Mr. and Mrs. L. J. Baker, well known for their hospitality and graciousness, and has added to her disposition many other charms. From childhood she has enjoyed every educational advantage from which has come a mind of rare culture and wisdom.

The groom is a son of the late Justus Everett, of Martin county, a member of one of the oldest families in the State. He is a direct descendant of John Everett, who at the Hillsboro convention in 1775 represented Martin county. His education is none the less thorough than that of his bride. In 1907 he received a degree from the A. & M. College of North Carolina, and in 1911 received the M. S. degree from the University of Wisconsin.

Both Mr. and Mrs. Everett are in sympathy with every good work in the community and throw their influence to uplift every one with whom they come in contact.

Besides a number of guests from Palmyra, Scotland Neck and Hobgood, there were present Mrs. R. O. Everett, of Durham; Mr. Justus Everett and Justus Everett, Jr., Misses Blanche and Ethel Everett, and Mrs. Kate Beckwith, of Greenville; Mrs. R. W. Baker, of Williamston; Mrs. C. H. Baker, Miss Nellie Way Baker, Mrs. Sherrod Salisbury, and Dr. B. L. Long, of Hamilton; Mrs. J. B. Ewing, of Boston, Mass.; Mr. and Mrs. H. B. Moore, Mr. Norman Moore and Miss Beth Moore, of Rocky Mount; Mrs. Justus Everett, Miss Caroline Berry Phelps and Miss Jane E. Ward, of Raleigh; Miss Blanche Nicholson, of Bath; Mr. Warren Watson, of Wyesocoking; Mrs. Mary Cotten Johnston, of Plymouth; Dr. and Mrs. E. F. Martin, of Belhaven; Mrs. R. R. Owens, of Baltimore, Md.; Mr. Guion Everett, of Robersonville, and Mr. E. B. Josey, of Tarboro.

HAD CATARRH FIVE YEARS.

Mr. Johnson of St. Elmo, Illinois, was troubled five years with catarrh. The catarrh was so severe in his case that his life seemed threatened. As he expressed it himself, he had "one foot in the grave."

Of course he tried to get relief. Many practitioners were consulted and a catarrh specialist in St. Louis was used. He got so weak and thoroughly run down that he declares he could not walk more than a hundred yards without resting.

Few people understand that catarrh is a constant drain on the system. The discharge of mucus which is going on in such cases is largely composed of blood serum, and is a great waste. Sooner or later it will weaken the strongest man.

According to reports received from Mr. Johnson, he was in a desperate condition, but he found relief from his trouble. We will let him say how he found it. His own words say: "My friends told me to take Peruna, and I did so. I now feel that Peruna has saved my life. It is the best medicine on earth, and I would not be without it."

This seems almost too good to be true. No doubt, there are some readers that will think so. The above statements, however, can be verified by writing Mr. Johnson.

Every home should be provided with the last edition of "The Ills of Life," sent free by the Peruna Co., Columbus, Ohio.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
