RALEIGH LETTER

(By Maxwell Gorman)

RALEIGH, N. C., May 12.—Alleging that the state of North Carolina is cheated out of \$100,000 annually by people who evade the legal payments of license tag money, Chairman Frank Page, of the state highway commission is starting a campaign to rigidly enforce the law—the money is needed on road constructions he says.

New inspectors are to be placed on the highways charged with the collection of the tax on automobiles and other motor vehicles subject to the tax. In addition the city and town police authorities and the county officers are being written to by Chairman Page, and they are urged to be more alert and get the coin from the "slackers."

Hope For Better Freight Rates

There is much interest and some hope attached to the visit here, May 22, of Interstate Commerce Comm'r Eastman & Examiner Burnside, who some officials expect to make inquiry and take testimony in regard to the long-standing complaint of N. C. shippers, merchants and individuals, that the railroads unfairly discriminate in rates against N. C. cities and towns. It is now believed that the repeated efforts of the Chambers of Commerce and North Carolina Corporation Commission to secure redress at the hands of the national commission will bear fruit in the not distant future.

NOTICE

To those who take the COMMONWEALTH from the Carrier boys we desire to state that we sell the papers to the boys and they must pay us for the number they take out, so, if any one does not pay the boy for his paper, the boy is the loser, if he cannot collect.

There are several who do not pay promptly and the carrier boys have asked us to state that they are obliged to have their money weekly, else they cannot deliver the paper.

Do You Enjoy Life

A man in good physical condition is almost certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.
