The Doctor Away From Home When Most Needed

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like pain in the stomach and bowels, colic and diarrhoea require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life.

Interested in Film Productions to Be Made at Methodist Celebration at Columbus, O.

DR. JAMES E. CROWTHER AND D. W. GRIFFITH.

The support of the motion picture world as represented by D. W. Griffith, well known film producer, was assured the Methodist Centenary Celebration at a conference in Columbus, the celebration being represented by Dr. S. Earl Taylor of New York, Dr. J. E. Crowther of Seattle, Dr. Fred Fisher of New York and Dr. C. E. Reischer of New York.

Mr. Griffith, in addition to promising to make a film of all important features of the Centenary Celebration, strongly urged the use of motion pictures in the advancement of religious work. He spoke strongly of the possibilities of the motion pictures under proper supervision being made to carry a religious message further than any known form of communication.

Dr. S. Earl Taylor, director general of the Centenary Celebration, made the statement that "we want pictures that talk the universal language I believe the message of peace and good will should be preached to the world through pictures."

"I am glad to know they are going

to give motion pictures a practical demonstration at the Centenary Celebration," said Mr. Griffith. "The celebration will give the people in towns and villages a wonderful opportunity to visit the entire world by going no further than Columbus. There will be an extraordinary impression produced by seeing these villages of China, Japan and India, not peopled by amateurish actors, but inhabited by real natives from foreign lands."

"I have been astounded beyond measure at the breadth, extent and scope of the entire scheme as it has been revealed to me by Dr. Taylor, Dr. Crowther, Dr. Reischer and others. I understand the Methodist Church has \$140,000,000 and is going to celebrate its success with something more nearly resembling a world fair than anything else to which it can be compared. One would think that a great nation at least is behind the movement. Doubtless, something greater than the greatest nation is behind it—a reawakened ideal and faith inspired to bind up the wounds of a torn and outraged world."
