DON'T LET SCOTLAND NECK ALWAYS BE BEHIND.

This town is the slowest town in Halifax county. We are behind in everything—celebrations and everything necessary for a town to have. But we are always ready to let things come here that are not necessary. Such as shows that are money traps, instead of putting this money into a hotel. Let us raise money enough to build a fine hotel, a \$49,000 one.

Let Scotland Neck have a place for her comers to eat. This is no sort of town without a hotel. It is a shame that the ormer hotel was allowed to go down. Get together, folks, and build one. Let us have it up by Christmas. Can we do it? Yes—if we get at it. Start right now and let us have it up.

Don't be so, so, slow. If we have not a contractor here to do the work send for one from Rocky Mount, Tarboro or any place.

There are plenty of folks to do the work. And there is good money to pay them with. R. H. TAYLOR.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Medicine is taken internally and acts through the blood on the various surfaces of the system thereby destroying the formation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. HOSPITAL NURSE PRAISES TANLAC

Gains Eleven Pounds and Is Feeling Fine Since Taking Tanlac.

"Tanlac did so much for me that I feel it my duty to tell others about this medicine," said C. M. Rhamey, a professional nurse living at the Hotel George, on Sixth Street, San Francisco, Cal., recently. Mr. Rhamey has been nursing patients in the hospitals for the past eight years.

"Last February," he continued, "owing to an accident in which my leg was broken I was confined to my bed for several weeks. I lost my appetite and could hardly eat anything to nourish me, consequently I lost weight. I took several different kinds of tonics, hoping they would help build me up but they did me no good."

"One morning I read a statement by a lady in Los Angeles who said she had gotten such wonderful benefits from taking Tanlac that I decided to try it myself. By the time I had finished half of my first bottle my appetite returned and I felt hungry for the first time in weeks. From then on I started right in to pick up and my appetite got better and better and I slept better at night. I have already gained eleven pounds and am feeling just fine; even my doctor has remarked how much better I am looking. I would never allow my name to be used in connection with a medicine before, but I have had such excellent results from using Tanlac that I take great pleasure in recommending it to anyone needing a medicine to build up the system."

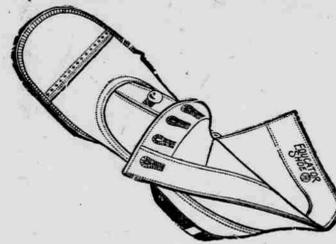

Tanlac is sold in Scotland Neck by E. T. Whitehead Drug Store; in Enfield by Harrison and Hall; in Rosemary by The Rosemary Drug Company and in Littleton by Herrison Drug Store.
