ARE YOU GUILTY?

A FARMER carrying an express package from a big mail-order house was accosted by a local dealer.

"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality."

The farmer looked at the merchant a moment and then said:

"Why don't you patronize your home paper and advertise? I read it and didn't know that you had the stuff I have here."

SCOTLAND NECK WILL HAVE A BALL TEAM

The above may be a broad statement, as nobody has told me that Scotland Neck will positively have a base ball team. However, I have talked with a few of the players of the town and they inform me that all is needed is a small fund—enough to purchase the equipment, and I am so certain that the sporting and business men of our town will contribute toward this innocent, helpful, healthful and enjoyable pastime that I unhesitatingly make the assertion that Scotland Neck WILL HAVE A BASE BALL TEAM.

Nowhere, regardless of the size of the town, can there be found a better citizenship among the boys than right here in good old Scotland Neck. They are many, gentlemanly, intelligent and enthusiastic, and they certainly should have the moral and financial encouragement of the older citizens. The boys of today are the men of tomorrow, and with such splendid young men as we have, Scotland Neck is bound to make wonderful strides in the not far distant future.

Base ball is one of the cleanest of all sports, and our boys can play, so let's get together and equip them with the necessary outfit and have a ball team in Scotland Neck.

The amount will not necessarily be large and no single individual will have to contribute much, so get together and encourage the boys and get them to loving Scotland Neck so well that they cannot be induced to leave, ever.

"SHAME" A STORY OF THE FROZEN NORTH

Tonight the Dixie Theatre will present for the approval of its patrons one of the best nine reel special productions that the Fox Corporation has ever produced. Below is a few moments that grip and thrill in this great picture of the far north:

When David marries Winifred, and is told that he is a half-caste. When David flees from his home to escape the shame of his terrible secret.

When the young wife and mother learns what has driven her husband from her side.

When David, with his baby, arrives in the wilds of frozen Alaska.

When the wife takes the trail thru the snow-drifts of Alaska.

When the wife's escort fights the wolves that are trailing them for a kill.

When a fierce wolf enters the cabin and David fights the beast with bare hands.

When David learns the truth of his past, and is reunited with his wife and baby.

This is only a glimpse of what will be shown at the Dixie tonight. You can't afford to miss

it. Show starts at 8:15. Prices children 25c, adults 35c.

VETERANS TRANSPORTATION TO REUNION

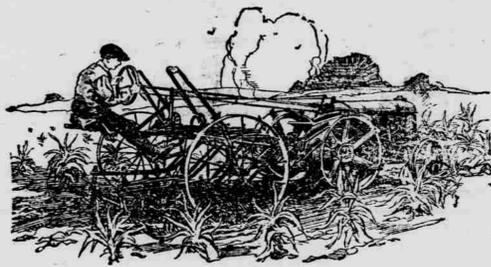

Mr. W. F. Butterworth wishes to advise all veterans who contemplate attending the reunion at Richmond June 19 to 22nd that transportation and identification cards have been left with the railroad agent at Scotland Neck and can be obtained from him.

Here Is the Tool That Completes the Fordson Farming Cycle

FOR many years the tractor, has performed satisfactorily with plow, harrow, drill and belt-driven tools. But, how to utilize Fordson power in cultivating corn has been a problem. That vacancy in the cycle which would otherwise be complete has now been filled by the Amsco Two-row Cultivator.

With this machine, the Fordson cultivates thoroughly from the first cultivation to the last. This new machine has accomplished remarkable results. It marks the end of monotonous cultivating behind slow plodding teams.

The construction of this machine is simplicity itself. No unnecessary parts. No unnecessary friction. The cultivator is light running and easy to handle.

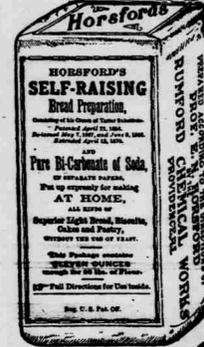

This is the last word in Standard Fordson Equipment, and every farmer in this community should see it.
