SCOTLAND NECK
BOOSTER COLUMN

By CLEE VAUGHAN.

This column is dedicated to the boosting of Scotland Neck, and all citizens of the town, or those interested in Scotland Neck living in other towns, are not only at liberty, but urged to use this space to help boost Scotland Neck. Everything in this column from time to time, not otherwise designated, will be contributed by Mr. Vaughan. However, it is sincerely hoped that all good and progressive citizens will join and help to make SCOTLAND NECK the moving spirit of North Carolina.

"If you don't take out that Booster Column and Harrison doesn't leave that Hotel, I'll have to look for another job," said Mr. E. J. Proctor, the ticket agent for A. C. L. Railroad Company. "There is very little demand for tickets from Scotland Neck," he continued. Well, we are not going to let you leave, Mr. Proctor, but you just can't censure the people for not wanting to go away. Suppose you offer return trip tickets, good for one day only? Perhaps you may get a position in the freight department, for business is picking up here, consequently more freight.

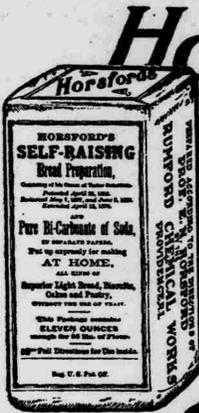

The votes keep coming in for the person who has done more for Scotland Neck than anyone else, and I am frank to say that people are being voted for that I didn't know had done anything for the town, which is an indication that a good many people are working for the interest of the community in a quiet, unassuming way. This work is counting, and somebody is watching you. I believe now that everybody is working for Scotland Neck.

Mr. Tom Johnson says that Scotland Neck Hotel is the best place to stop at, even if half I say about it is so. I've been quoting others, Mr. Johnson.

It would surprise many to know that the ladies, the girls and the boys are so interested in Scotland Neck and its growth.

The Raleigh News & Observer had an editorial about Scotland Neck's progress today. We are being watched.
