SPIES IN AMERICA

The spies in America will be pleased to report to the German people and to the ruling power in that country that the 4th Liberty Loan is not a success and lacked some two billion dollars of being taken. This will enable the tottering German government to inject more life into the corpse by making an appeal to the people.

So the way to give the corpse another good heavy kick is to buy Liberty bonds. This will enable the boys to drive on the Berlin road with plenty of shot and shell to blast the way.

Take these bonds now.

RUMORS THICK LAST NIGHT

The rumors were thick last night that Germany had accepted the terms of President Wilson and the emperor had abdicated. The reports were believed in London, coming by the way of Holland and the British foreign office issued them thinking they were true. Paris also believed it and the Rotterdam Courant issued an extra on the strength of the story coming from Berlin to that city.

Switzerland also believed it on account of the rumors flying from the border towns of Germany.

It sounded so good that the editor of the Times was down to the office until midnight calling people in the city and every town in the county that could be reached by phone. We gave out the news as rumors, however, and not as authentic.

The fact, however, that the emperor is sending his effects to Holland is an indication that he must soon move. But where in the world is he going and who wants him? Certainly he would not be welcome in Holland after having sunk her ships and committed all sorts of excesses against that country. He that liveth by the sword must die by the sword. The milk of human kindness enters nowhere into the composition of the German emperor and having lived by force and made force his God he will sooner or later become a wanderer and a vagabond on the face of the earth.

DON'T FORGET YOU ARE FIGHTING FOR DEMOCRACY

Remember that the war is being waged and that America is mainly in this war to make the world safe for Democracy.

You cannot make it safe for Democracy if there is no democracy and therefore in all this turmoil over the war let not your pure minds forget that a very weighty election is coming on shortly in which the very government on Democratic lines is threatened and our great leader discredited if you do not vote the Democratic ticket and see to it that your neighbor does the same thing.

We are fighting for Democracy, both in the war and with our ballots. So see to it that the great cause of the Democratic party is safeguarded and the great leaders who have stood by the nation and for humanity are reelected.

Don't delay! Register now and be prepared to support those who are aiding the President! 017-31D
