

TOWN & COUNTY NEWS.

DALLAS, SATURDAY, SEPT. 17, 1870.

New Post Office.—A new post office has been established at Cooper's store in the northern part of the county.

Improvement.—A new wooden building, two stories high, is being built at Monmouth. The ground floor is to be used for a printing office for the new church paper, and the second story will be leased to the Good Templars.

New Paper.—We have received the first number of the Daily Mercury published at Salem, but as we have seen no other numbers, it is probable that Upton has failed to get out the second number.

Fine Vegetables.—The finest vegetables, such as cabbage, potatoes, beets, tomatoes &c, that we have yet seen in this market are for sale at the store of Crawford & Newman.

New Goods.—Messrs N. & J. D. Lee have, within the past few days, made a large addition to their stock of goods.

Wolf.—The time has been when the sight of a wolf in this neighborhood was a very rare thing, but this summer these enemies to sheep breeding are becoming alarmingly numerous.

Monmouth School.—The fall term of school at the Monmouth college in this county opened on the 1st Monday in this month under the most favorable auspices.

Fire at Buenavista.—On Saturday night last, all the business portion of the village of Buenavista, in this county, was destroyed by fire.

Smartness.—In this vicinity there is a class of half way gamblers who have a species of horses that they designate as race stock, but in reality their animals, though they bear great names as Jo Hooker, Humboldt, Boston &c,

A man named Linville Bowers, imprisoned in the jail at Albany charged with an attempt on the life of Charles Rogers, tried to escape on Monday night last, and was shot and killed by the guard.

The Mountaineer learns that the affairs of Wasco county, as managed by Messrs. E. L. Perham, County Judge, J. Marden and J. H. Phillips, late County Commissioners, will be brought before the next Grand Jury.

The Dallas paper states that Gen. Tilton and Col. Smith, railroad surveyors, were at that place on Thursday, "These gentlemen," says that paper, "are engaged in running a survey on the opposite side of the river for the Northern Pacific Railroad."

The taxable property in Douglas County amounts to \$1,454,938. The County Commissioners have levied a tax of 22 mills on the dollar, so says the Plaindealer.

STATE ITEMS.

We get these items from the Statesman: We learn that the Gibson Brothers, who have been running a thrasher this season on the hills opposite town, have about concluded their season, having threshed between 17,000 and 18,000 bushels of grain, realizing enough to pay for their machine the first season.

The Wallamet University opened yesterday morning, under the Presidency of Prof. T. M. Gatch. His introductory address was short, appropriate and instructive.

A railroad accident happened at East Portland a few days since, by which a locomotive and several cars were thrown from the track. No passengers were on board and only the employees were injured slightly.

From the Oregonian: The damaged locomotive Portland, has been placed on her wheels and removed to the shop for repairs, which will begin immediately.

The steamship California arrived from San Francisco, with 145 passengers. It is stated by the Jacksonville, News that a malignant typhoid fever is reported to be raging in Josephine county.

The Statesman learns that Alexander Martin, of Jackson, is to be the Superintendent on the line of the California and Oregon Stage Company having been lately retained in that capacity by Mr. Carr.

On Monday last, as the Statesman informs us, the much talked of safe of the State Treasury was opened and the contents counted. The amount on hand was found to be \$267,939.38, all of which was coin with the exception of \$1,000.

The Statesman says that Hon. L. Fleischer made his first payment from the State Treasury on Tuesday. Coupons amounting to \$200 in some of Oregon State Bonds and Relief Bonds were presented and paid.

The pulping of Albany is about 1,500,000 less than its citizens claimed. A good one is valued at \$24, as found last week near localities, a Laker county.

From thirty pounds of Norway oats J. B. Houston, a farmer near Albany, has raised this year eight bushels.

A post office is to be established at Wapato, Washington county. This will supply a much needed want. There was a post office at that place some years ago, but it was discontinued.

A man named Linville Bowers, imprisoned in the jail at Albany charged with an attempt on the life of Charles Rogers, tried to escape on Monday night last, and was shot and killed by the guard.

The Dallas paper states that Gen. Tilton and Col. Smith, railroad surveyors, were at that place on Thursday, "These gentlemen," says that paper, "are engaged in running a survey on the opposite side of the river for the Northern Pacific Railroad."

The taxable property in Douglas County amounts to \$1,454,938. The County Commissioners have levied a tax of 22 mills on the dollar, so says the Plaindealer.

The Farmer, speaking of the coming State Fair, says: Our communications from various parts of Oregon, assure us that there will be a greater interest in, and attendance at, the coming State Fair, than in preceding years.

matter which can be done. We think Fair-week here will be one of great interest to all strangers and citizens.

The Jacksonville News reports that the quartz mill on Jackson Creek, has been started again and predicts that it will not stop again. It will work on paying quartz this fall and winter from two paying ledges, discovered this season on Timber Gulch, a tributary of Jackson Creek.

From the Eugene Journal: We are informed that the County Commissioners have levied a tax this week of 18 mills—one dollar and eighty cents on each hundred dollars. From 11 mills under Republicans it has gone up to 18 mills under the glorious reign of Democracy, and will continue to increase till the people dispense with their services, which they will do at the next election.

A fatal accident, says the Statesman, occurred Saturday on the Railroad grade a short distance below Jefferson. It seems that the men were working in a deep cut, when the bank caved on them. One of the men, whose name we did not learn, was caught by the loose dirt and buried not more than two feet deep.

WORK IN THE LEGISLATURE.—Already members are giving notice of the bills they will introduce in the legislature. The notices given are by: Mr. Baldwin—A bill to define the boundaries of Grant county.

Mr. Hendershott—To increase the school tax from two to four mills; to regulate the sale of swamp lands, and to regulate the sale of public lands donated and belonging to the State.

Mr. Baldwin—To create a State Board of Equalization to examine and correct the assessments of the several counties.

Mr. Trevis asked and had leave to introduce a bill to provide for the relinquishment to the United States of the title to lands in certain cases for sites to lighthouses, etc.

From Gov. Woods's Message it appears that from Sep. 12th 1868 to Sept. 6th, 1870, twenty-nine convicts have been pardoned out of the State Penitentiary, of whom two were pardoned on the recommendation of physicians stating that they were infected with disorders which would endanger the general health of the other convicts, one for meritorious services and twenty-six on petitions.

W. H. Watkins, of Salem, has been appointed superintendent of the Oregon Penitentiary vice Maj. Berry removed.

No Humerus.—We do not wish to inform you, reader, that Dr. Wonderful, or any other man, has discovered a remedy that cures all diseases of mind, body, or estate, and is designed to make our sublunary sphere a blissful Paradise, to which Heaven itself shall be but a side show.

Going! Going! Gone!—Faster than the auctioneer's hammer knocks down merchandise, neglect disposes of this. Bid, therefore, for that prize of life, a perfect set, by brushing them regularly with Sordodent.

"Spaulding's Glue," has now taken the place of all Cements and Mucilages.

Telegraphic Summary.

LONDON, Sept. 12.—Agents have arrived here from Berlin who, it is anticipated, are seeking to place the Prussian loan in the market.

LONDON, Sept. 12.—The Tribune's special from Carlshruer, Sept. 8th, says the Strasbourg besieging army is constantly being reinforced, and number nearly 70,000.

French sharpshooters are doing much mischief on the upper railway between Basle and Friburg. They fired rapidly at the Schleggen passenger train, even on the sick and wounded.

BRUSSELS, Sept. 12.—Italy, Austria and Russia agree in principle and have authorized Bussia to ask Prussia for an armistice. Dispatches to that effect have been telegraphed to Berlin. No answer yet.

LONDON, Sept. 12.—The statement of the Gaulois that England demands an armistice is untrue. Jules Favre is ex-

pected to-night. If he asks the English Government to present terms it will do so, but not unasked. This intelligence is official.

LONDON, Sept. 12.—An outbreak is reported in the province of Viterbo. The people surrounded the Papal Zouaves in their entrenchment and threatened to attack them. Order was restored in the name of the King of Italy.

The Times special says arrangements for the occupation of Papal territory have been agreed to. A plebiscitum is to be taken by which the inhabitants are to decide for the Pope or King as civil ruler; the decision to be binding on both. Meantime, Italian troops will hold Roman territory till the voting is over and if the result is adverse to the King they will withdraw.

The Pope has sent a protest to the powers against the occupation of his territory, but will not resist with arms. He is coming to England in a British frigate, and Archbishop Manning is making preparations for his reception.

It is stated that Bazaine not only refused to capitulate when informed that the Emperor and McMahon's army were prisoners, and when the Emperor advised the surrender of Metz, but declared in a towering passion that he would not respect Napoleon's wishes, and would shoot any French officer advising such surrender.

THE LEGISLATURE.—But little has been done in the legislature yet beyond organization, and the appointment of standing committees. However, as the balloting for U. S. Senator commences next Tuesday, the majority are hastening up the contest cases, as in ever instance the contestants are Democrats.

THE QUESTION SETTLED.—Those eminent Dr. Jas. Clark, Physician to Queen Victoria, and Dr. Hughes Bennett, say that consumption can be cured. Dr. Wistar knew this when he discovered his Balsam of Wild Cherry, and experience has proved the correctness of his opinion.

When Mrs. Partington learned that the Prussians were about to attack Nancy, she remarked that she always thought "they were mean enough to strike a woman."

It is a fact that, in the minds of many persons, a prejudice exists against what are called patent medicines; but why should this prevent you resorting to an article that has such an array of testimony to support it as HOSTETTER'S STOMACH BITTERS?

When the bodily energies are worn out by anxiety and need a stimulant, this is the best that can be taken. It is tempered and modified by hygienic herbs and roots, which prevent it from fevering the blood; and hence it does not produce a mere temporary excitement, to be followed by injurious reaction.

Those indebted to the FIRM OF W. C. BROWN & Co. are requested to come forward and settle their notes and accounts, as the business of the late firm must be settled without further delay.
