

The Fate of Dr. Livingstone.

Dr. Livingstone is not yet given up by his friends. The Rev. Robert Moffat, the veteran missionary in South Africa, stated lately, in an address which he delivered in Manchester, England, that he entertained no fear of the safety of Dr. Livingstone. The Doctor was married to Mr. Moffat's daughter. Sir Roderick Murchison is still hopeful respecting Livingstone, and we believe that others who are competent to judge in this matter are not inclined to despond. A London correspondent of some African experience writes as follows:

"Many people believe that this great traveller is dead, because he has not been heard from for a long time. But they should try and realize the distance from Lake Tanganyika to the coast, a distance which is not to be measured by miles. Letters arriving by accident, so to speak, from that part of the world; and the reports of the cholera epidemic at Zanzibar would certainly reach the interior, and perhaps prevent the native traders from paying their usual visit to the coast. Thus, even supposing that Dr. Livingstone had sent a letter to the Lake by some friendly postman, it would not be difficult to explain how it had miscarried. But his last letter indicated that he was about to set off on a new journey; and if he has gone into some country which is not traversed by Arabs or other commercial travellers, he might find it difficult, even impossible, to send a letter down to the lake whence he started. People expect to hear of Livingstone's arrival on the coast, but he did not in his last letter express any intention of returning to the coast. There is, indeed, some reason to fear that when his goods come to an end, or when they did come to an end (I fear the past tense must be used), he might suffer privations. But there are Arabs in the country, and Arabs are hospitable, though negroes are not. Besides, the Africans give the explorers credit for inexhaustible wealth; and it is probable enough that a negro chief would, in the event of a white man's goods being spent, offer him board and lodging till a fresh supply should arrive. But in such a case, the traveller would be detained till the bill was paid.—Post.

A STRIKING TEMPERANCE LECTURE.—An unknown man was run over and killed on the Troy and Boston railroad, near Valley Falls, last week, his body being horribly mutilated; and this most excellent temperance lecture was found in one of his pockets:

This paper will be picked up on the road near where my body will be found—I have selected this place because the curse is large and I cannot be seen until it is too late to stop the engine. Thus I shall go out of the world with a rush! I have fortified myself with some forty-rod whisky, which I got at the Hollow, where may be found some more of the same sort. Whoever finds my dead body and this paper, will know who I am. Send my personal effects to my wife, Gertrude Nutting, Lansingburg. I did this by my own hand. Rum is the cause. I have but one regret; that is my wife; for she has been a wife to me in every sense of the word; but I cannot live any longer; for I am tired of life. So now, fare well to the world. FRANK NUTTING.

I should like to write to C. J. Lansingburg, but my time is short and I have no paper. F. N.

I write this on the top of a rail.—Bury me in my clothes, as I am; I am not worthy of a shroud or coffin. I have twenty-five cents in my vest pocket. Send that and the other things to my wife as before directed. I have a brother at Jonesville. I hope he will shed one tear in my memory, and then let me be forgotten! Father—I wish I could live to fulfill your hopes and wishes, but I cannot! Oh rum! rum! rum!

PRISONERS.—At no time in the past history of this city has there been a larger number of prisoners confined in the county jail than at the present. There is now 33 persons confined, either bound over for their appearance at the next term of the Circuit Court, or serving out sentence of confinement from inferior Courts. For want of room, the Sheriff has been compelled to construct three additional iron cells.—Bulletin.

Interesting to Ladies.

In this rapid age it is absolutely necessary for ladies to keep an account of what is passing in the world around them.

For this purpose, no medium is so good as a first-class magazine. We recommend to ladies, who desire one useful and sensible as well as fashionable, DEMOREST'S ILLUSTRATED MONTHLY as the very best parlor periodical that we know.

It is more complete in its departments than any other. Its fashions are more unique, because they are authentic and original and not blind copies of French and German models.

It gives with every number full-sized patterns, which supply, during the year, all that any lady needs for the cutting of her own and her children's wardrobe.

It is always high-toned, and its contributors include some of the finest talent in the country. Its Ladies' Club affords valuable and interesting information upon every subject.

It is the best magazine for the utilities and ornamentation of the household; the best magazine for floriculture, original music, architecture, and other topics interesting to ladies—all calculated to assist in making our homes attractive and happy.

It is the most enterprising of all magazines, and gives more than twice as much for the money. It also offers a large and magnificent Parlor Steel Engraving, 28 by 35 inches entitled "The Pic-nic on the Fourth of July," valued at \$10.00, to each subscriber as a premium.

The engraving is all done in line and stipple, from the original painting by Lillie M. Spencer, and besides the copyright, cost over \$7,000, and is acknowledged by artists to be the most perfect and beautiful large engraving ever issued in this country. Certainly \$10.00 will not procure another that combines so much interest and beauty.

Or, it offers a fine Chromo, worth \$5.00, and other premiums worth more than the cost of the magazine, to each subscriber, post free, and extraordinary premiums for clubs. Subscription price, \$3.00 per annum. Commence any time. Single copies 25 cts. Specimen copies, with circulars, mailed free on receipt of 15 cts.

ACCIDENT.—On Tuesday last, a team belonging to the stage company, run away, about four miles south of Claquato, injuring the driver slightly, and seriously, if not fatally, Mr. Jas. Hughes a stranger in this territory. From papers found on his person it is known that Mr. Hughes has been in the army, and that he was probably discharged at Fort Colville, March, as a land warrant dated Fort Colville, March, 2d, was found among his papers, also a letter from a brother, Mr. J. Hughes dated at Washington City. Mr. Hughes has not spoken since; lies with his eyes close, perfectly unconscious, yet breathes regular and strong; is in the hands of kind hearted and humane strangers who are doing all they can for the unhappy stranger. Mr. Davis came into town in 3 1/2 hours to procure medical attendance but failed. Other messengers have come in since, but up to Thursday we learn that no physician has attended the unfortunate man.—Olympia Transer pt.

ADDRESS TO THE

Nervous and Debilitated WHOSE SUFFERINGS HAVE BEEN

Protracted from Hidden Causes, AND WHOSE CASES REQUIRE PROMPT TREATMENT to render Existence Desirable.

If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys frequently get out of order? Is your urine sometimes thick, milky or sticky, or is itropy on setting? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, mooping, tired of company, or life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Are your spirits dull and flagging, given to fits of melancholy? Do you feel as much confidence in yourself? If so do not lay it to your liver, or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia, or liver complaint?

NOW, READER, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, MAKE THE MAN.

Did You Ever Think that those bold, defiant, energetic, persevering successful business men, are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervous, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look oyan nd them right in the face—none of your downcast looks or other meannesses about them. I do not mean those who keep the organs inflated by running to excess. These will not only

RUIN THEIR CONSTITUTIONS, but also those they do business with or for. How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about this state of weakness in those organs that has reduced the general system, so much as to induce almost every other disease—

IDIOTCY, LUNACY, PARALYSIS, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Disease of these organs require the use of a Diuretic.

Helmbold's Fluid Extract BUCHU

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

FRENCH MEDICAL OFFICE, Dr. Julien Ferrault, Dr. of Medicine of the Faculty of Paris, Graduate of the University of Queen's College and Physician of the St. John Baptists Society of San Francisco.

DR. FERRAULT HAS THE PLEASURE to inform patients and others seeking confidential medical advice that he can be consulted daily at his office, Army Hall Building, North East corner of Montgomery and Sacramento streets, San Francisco, Rooms Nos. 9, 10, 11, first floor, up stairs, entrance on either Montgomery or Sacramento streets.

DR. FERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the result of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists, involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that a premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruits tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or make water, Intellectual faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are weakened, and sleep disturbed by dreams; melancholy, sighing, prostration, fainting, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and aching in different parts of the body. Patients suffering from this disease should apply immediately to DR. FERRAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six or eight weeks.

Patients suffering from venereal disease in any stage, Gonorrhoea, Stricture, Bubo, Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. FERRAULT'S diploma are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor and that advertised physician till worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor with the assurance of relief.

Female Monthly Pills. DR. FERRAULT is the only agent in California for Dr. BOTT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy unapproached, and far in advance of every other remedy for oppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage. Persons at a distance can be cured at home by addressing a letter to Dr. FERRAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 972, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc. All communications confidential. 14-ly
