We are glad to notice the fact that the young
ladies and gentlemen of this place have con-
ferred together, and have actually taken steps
towards organizing a Reading and Literary
Society, having for its object the mental cul-
ture and mutual entertainment of its members.
We know of nothing better calculated to fur-
ther the object intended, than the means
adopted. Long life to the Dallas Reading and
Literary Club!

At the Term of the County Court for this
County just closed, but little business of im-
portance was transacted. The local attorney,
however, improved the occasion, slight as it
was, to let off the surplus gas that has been so
long collecting on account of the scarcity of
legal business during the past two or three
months. He did actually succeed in establishing
one County road, in spite of attorneys. Another
road case was continued until next Term for
the filing of an amended Report of viewers,
surveyors, &c.

One day this week, several of our sport-loving
citizens, hearing of the depredations of a wolf
on sundry sheep folds in the vicinity of Ellen-
dale, unhesitatingly took their rifles, shouldered
their guns, and mounting their fleetest mustangs,
started for the chase. The wolf was started
somewhere in the vicinity of Judge Boise's
farm, and after a chase of about two hours, was
overaken by the hounds and killed. It is said
to be the largest wolf of the coyote species ever
killed in this vicinity; and from the appearance
of his teeth, was evidently an old resident
and, doubtless, had a large share of the
misdoings that has clandestinely disappeared from
flocks of sheep in this neighborhood during
the past year.

SHALL POX-We hear from Commissioner
DeLamant that the small pox is still prevail-
ing in the northern part of the county to almost
an alarming extent. There have been not less
than thirty cases, four of which have already
been fatal. The disease still exists in eight or
nine families. In one instance, every member
of the family, consisting of eleven, being down
at the same time; and there will doubtless be
many more cases yet, as others have been
exposed. We have heretofore refrained from
making any extended remarks upon this pain-
ful subject, but the time has come when the
people of this and surrounding community
should be put upon their guard, inasmuch as
we are informed that a number of physicians
still persist in calling the disease "only chicken
pox, measles," or some other comparatively
harmless disease, thereby inducing persons to
expose themselves to it who would not other-
wise do so. Such culpable conduct on the part
of practicing physicians cannot be too strongly
condemned, and justly merits the rebuke given
to a Portland physician a short time since in a
similar case.

The Five Dollar Sewing Machine purchased
by me, January, 1866, from the Family Sewing
Machine Company, Nassau-Street, N. Y., has
been in almost constant use ever since. It has
not been out of order once. Has cost nothing
for repairs, and I find it simple and reliable in
operation, and always ready to sew. Those
friends of mine who use them with the new
improvements are very much pleased. The one
I have I would not part with.

MRS. ANN W. GUTHBERT,
429, West 36th-Street, New York.

White Swellings

are generally considered to be indications of a
serofulous tendency in the system, and the first
thing to be done for their removal is to purify
the blood and humors. Bristol's Sarsaparilla
and Pills, used conjointly, are possessed of the
very properties required; they cleanse, purify
neutralize, and purge out of the system the bad
humors which are the sole cause of the trouble.

Delicate, Delicious and Refreshing.

The subtle soul of fragrance, delicate deli-
cious and refreshing, is embodied in the true
MORAY & LEVING'S FLORIDA WATER. Science
when it produced its matchless perfume, caged
in a glass prison the very spirit of the flowers.
Avoid the worthless counterfeits.
Always ask for the Florida Water pre-
pared by Lanman & Kemp, New York.

"Balding's Glee," stickiest thing out.

Certificate of an Emancipator.
I have made a careful analysis of the Sazo-
dium, from an impartial sample purchased by
me personally, from a leading drug house of
this city, but nothing of an injurious or ob-
jectable character has been found in its compo-
sition.

JAMES G. POHLE, M. D.
Analytical Chemist, 489 Broadway, New York.
Late Dr. James R. Chilton & Co.

Telegraphic Summary.

THE BLACK SEA QUESTION.-LON-
DON, Dec. 2.-The Standard warns
England that the Gladstone Ministry
are preparing for an infamous and dis-
astrous capitulation to Russia. In spite
of Granville's resistance, a conference
has been accepted without the with-
drawal of the Russian note. A mere meet-
ing of the powers will be virtually sub-
mission to all that Russia asks.

St. PETERSBURG, Dec. 2.-The Czar
congratulates President Grant on his
offer of the assistance of the American
fleet. All the powers have accepted
proposal for a conference, but the date
of meeting is not fixed.

TOURS, Dec. 5.-The Government
has received by balloon, from Paris, of-
ficial report to the 4th, of the progress
and result of the movement made by
Gen. Ducrot against the Prussian lines
of investment. All Thursday was passed
in burying the dead and succoring
wounded. On Friday morning the Prus-
sians attacked with great force the
French force at Champaigny, and in
front of Villiers. After seven hours'
fighting the enemy failed to carry the
position of the French, and retreated,
leaving the dead and wounded on the
field. Their losses were 15,000 to 20-
000 men. Gen. Ducrot greatly distin-
guished himself in the battle of Friday.
Gen. Lachare and Gen. Renault were
badly wounded. Gen. Sorriet, in his
report says the troops who attacked the
French were Saxons and Wurtembergers.
Their numbers exceeded 10,000. Losses
must have been extraordinary, for the
next day they were so weakened that
they suffered the French to cross the
river unopposed. The success of the
French troops created the widest en-
thusiasm in Paris.

The results of the fight before Or-
leans were unfavorable. The left wing
of the army of the Loire was doubled
up, and the Prussians reached the rail-
road between Orleans and Tours, at
Chapell, near Orleans, on Saturday af-
ternoon.

Gen. Palladines retreated from Or-
leans with 200,000 men and 500 canon.
The Government wished him to
remain, but gave way to his opinion.
He fought afterwards to the utmost, but
was powerless. At 11:30 a. m. evacua-
tion was demanded or bombardment
would be opened. Victors had but lit-
tle ammunition.

The Prussians have invaded the De-
partment of the Meuse. All men from
18 to 45 years of age are considered as
prisoners of war, and will be shot if
they endeavor to leave. In spite of
this, great numbers escape. The peo-
ple are aiding them to reach the French
lines, where they enlist.

NEW YORK, Dec. 5.-A Tribune
correspondent telegraphs from Ver-
sailles, Dec. 2, that the battle of the
30th was as hard as any fought during the
war. In a sortie between the Seine and
Marne, the French had an overwhelm-
ing force. They employed four whole
divisions. No effort could wholly drive
them back.

Minister Washburne's secretary writes
from Paris that according to his infor-
mation the French have been beaten
at all points but one, and the end is
near at hand. The capitulation of Paris
within three weeks is look for. No
cases of starvation are reported, but
provisions are scarce and dear. Prominent
members of the Provisional Government
are accused of swindling by means of a
fraudulent contract for arms and food.

BERLIN, Dec. 6.-Queen Augusta
has received the following dispatch:
Versailles, Dec. 4.-After a two days'
battle, in which the army of the Grand
Duke of Medlenburg was mainly en-
gaged, Marstein's corps captured the
St. Jean Railway station, and the sur-
round of Orleans. Thirty guns and 1,-
000 prisoners were taken. The Prus-
sian loss was moderate. Wrangell's di-
vision suffered most. The Prussians
found 9 cannon and much ammunition
on the field before Amiens.

HAVANA, Dec. 5.-A French war
steamer is cruising off the Cuban coast,
for the purpose of intercepting German
steamers from New Orleans.

De Rodas liberated the remaining
4,000 negroes on Emancipation Day,
leaving no black on whom the Govern-
ment has a claim.

The \$12 Lever Watch, No. 13,580,
purchased from Chas. P. Norton & Co.
86 Nassau-Street, New York, January
5th, has been carried by me over six
months, with a total variation in time
of only 26 seconds, without the slight-
est regulating, and presents the same
brilliance of color as when purchased.

JAMES R. WILSON,
Sec. American S. M. Co. N. Y.
New York, July 30th, 1870. 34-3m

I have for the past eight months,
constantly used one of the \$15 Norton
Oride Gold Lever Watches, manufac-
tured by Chas. P. Norton & Co. 86
Nassau-Street, New York, and found
the total variation in its time but one-
half minute, (30 seconds), and it re-
tains the same appearance of gold as
when purchased. Several of our men
use them with the same results. I
cheerfully recommend them for correct-
ness and wear.

HORACE W. WHITAKER,
34-3m Eric Railroad.

STATE ITEMS

(From the Statesman.)

QUICK WORK.-The steamer Ori-
flamme reached Portland at six o'clock
on Sunday evening, and at 10 o'clock
a train started up the road with bolts that
came on the steamer and these bolts
were used to lay a mile and a half of
track which was accomplished before 9
o'clock yesterday (Monday) morning,
and the work is still being pushed rap-
idly on towards Albany, to which point
the road will be completed this evening
or to-morrow morning. Our Albanian
friends will soon have the opportunity
to indulge in that rejoicing and con-
gratulation which they have promised
themselves on the arrival of the rail-
road there.

THE PREVAILING DISEASE.-The
last number of the Oregon City Enter-
prise contains an attack on the charac-
ter of the people of Salem, accusing
them of deliberately covering up the
facts and concealing the existence of
small-pox in our midst, so allowing it to
spread with fatal results through other
portions of the State. The matter is of
too serious a nature for jest, or we
should treat the slander upon our city
with ridicule. The assertion that any
attempt at all has been made by our
physicians, our citizens of the city au-
thorities, or by any one connected with
the city to conceal the existence of this
disease while it prevailed here is false,
and the falsehood is mean and malicious.
If we have smallpox among us it has
existed in so mild a form that many af-
fected did not recognize it as such and
our physicians yet fail to agree upon its
being that disease. At the present time
it is not prevalent here unless in cases
that are recovering and nearly well.
Besides Mr. Rader, of Jackson county,
there has only been one death from it,
and that was a nursing infant.

(From the Oregonian.)

SUDDEN DEATH.-INQUEST.-On
Saturday morning, at an early hour,
Mrs. Ann Murphy, wife of John Mur-
phy, was found dead lying over her
child's crib. Justice Thos. J. Dryer,
acting as Coroner, summoned the fol-
lowing jurors: Henry J. Twomey, Horace
Pullen, W. Dolan, W. S. Prosser, J.
Twomey and A. W. DeLaney, and held
an inquest upon the body. Dr. J.
Ryan, after examining the body, made
the following certificate: "I James C.
Ryan, a regular practicing physician,
on oath, certify that after examining
carefully the body of Mrs. Murphy, I
found the cause of her death to be rup-
ture of one of the larger cerebral ar-
teries, causing apoplexy, and, hence, in-
stant death. There were no abrasion
of the surface of the body and no indi-
cations of any violence." The jury,
upon this, found a verdict of death by
apoplexy.

A young man named Vandenburg,
at Scranton, Pa., last Friday night
after having been robbed of all his
money and little valuables, went to a
drugstore and stated that he wanted 4
ounces of laudanum for a horse. The
clerk passed it over the counter to him
when before paying for it, he held it up
to the light and asked "if that was
enough to kill a man?" to which the
clerk replied affirmatively. "Then here
goes," said Vandenburg, and suiting
the action to the word, swallowed it
down. He was taken to the station
house and pumped out, but he died
before morning. He was from Hones-
dale.

Accommodations.
All persons visiting Dallas will find a good
bed on which to rest and get a number one
meal of victuals, by calling on S. C. Stiles. No
pains will be spared to make you comfortable.
Tired or hungry, go to Samuel C. Stiles and
you will get your money's worth and more.

Dr. Wistar's Balsam of Wild Cherry is
truly a balsam. It contains the balsamic
principle of the Wild Cherry, the balsamic
properties of tar and pine. Its ingredients are
all balsamic. Coughs, Colds and Consumption
disappear rapidly under its balsamic influence.

\$100 Reward is offered by the proprietor
of Dr. Pierce's Alt. Ext. or Golden Medical
Discovery for a medicine that will equal it in
the cure of all those diseases for which it is
recommended; among which are severe, acute
or lingering Coughs, Consumption in its early
stages, Bronchitis, "Liver Complaint," or "Bil-
iousness," Constipation of the Bowels, Loss of
Appetite, Scrufulous diseases, and skin dis-
eases, an Eruptions, Pimples, Blisters and
Boils. It is sold by druggists.

Mothers, I've Found It!

FOR YEARS I HAVE SEARCHED FOR
a remedy that will CURE your children
by removing the CAUSE, and at last I can say
"Eureka." TRY IT.

CARMINATIVE CORDIAL.

This is a pleasant antacid, and in large doses
laxative; in small doses, an astringent medi-
cine; exceedingly useful in all bowel affections,
especially of children. It is a safe, certain
and effectual remedy for Cholera, Diarrhea,
Cholera Morbus, Summer Complaint, Griping
Pain, Sour Stomach, Costiveness, Wind on the
Stomach, Crying and Fretting of Children. In
Teething, there is nothing that equals it. It
softens the Gums, and renders Teething easy.
It is no humbug medicine, got up to sell,
but a really valuable preparation, having been
in use for several years it recommends itself.
Do not give your children the "soothing
syrups," for they stupefy without doing any
permanent good.

THE GREAT EUROPEAN

BEREKA ALUMINUM GOLD

WATCH COMPANY

HAVE APPOINTED

L. V. DEFOREST & CO., Jewelers,

40 & 42 Broadway, N. Y.

Sole Agents for the U. S.
And have authorized them to sell their great
"BEREKA" ALUMINUM GOLD WATCHES for FIVE
DOLLARS, and to warrant each and every one
to keep correct time for one year. This watch
we guarantee to be the best and cheapest time-
keeper that is now in use in any part of
the globe. The works are in double cases, Ladies'
and Gent's size, and are beautifully chased.
The cases are made of the metal now so widely
known in Europe as Aluminum Gold. It has
the exact color of Gold, which it always retains;
it will stand the test of the strongest acids; no
one can tell it from Gold only by weight, the
Aluminum Gold being 1-10 lighter. The works
are made by machinery, same as the well-known
American Watch. The Aluminum is a cheap
metal, hence we can afford to sell the Watch
for \$3 and make a small profit. We pack the
Watch safely in a small box and send it by
mail to any part of the U. S. on receipt of
\$3 50, fifty cents for packing and postage.
Address all orders to

Pain is supposed to be the lot of us poor
mortals, as inevitable as death itself and liable
at any time to come upon us. Therefore it is
important that remedial agents should be at
hand to be used on an emergency. Such a
remedial agent is lodged in the system shall
develop itself, and we feel the excruciating
agonies of pain, or the depressing influence of
disease. Such a remedial agent exists in the
PAIN KILLER, whose fame has made the circuit
all over the globe. Amid the most of the pains
regions or beneath the intolerable and burning
sun of the tropics, its virtues are known and
appreciated. Under all latitudes, from the one
extreme to the other, suffering humanity has
found relief from its pains by its use.
The wide and broad area over which this medi-
cine has spread, attests its value and potency.
From a small beginning, the Pain Killer has
pushed gradually along, making its own high-
way, solely by its virtues.

Such unexampled success and popularity
has brought others into the field, who have
attempted, under similarity of name, to usurp
the confidence of the people and turn it to
their own selfishness and dishonesty, but their
efforts have proved fruitless, while the Pain
Killer is still proving in public favor. 37-1w.

Exuberant Health

Is a blessing vouchsafed to few. Even those
who have been favored by nature with strong
constitutions and vigorous frames are apt to
neglect the precautions necessary to preserve
these precious endowments. Indeed, as a rule
the more healthy and robust a man is, the
more liberties he is inclined to take with his
own physique. It is some consolation to the
naturally weak and feeble to know that they can
be so invigorated and built up, by a proper use
of the means which science has placed at their
disposal, as to have a much better chance of
long life and exemptions from diseases and pain,
than the most athletic of their fellows who are
foolish enough to suppose themselves invulner-
able, and act accordingly.

It is not too much to say that more than half
the people of the civilized world need an occa-
sional tonic, to enable them to support the
strain upon their bodies and minds, which the
fast life of this restless age occasions. In fact
a pure, wholesome, invigorating tonic is the
grand desideratum of the busy millions, and
they have the article in HOSTETTER'S
STOMACH BITTERS. It is a STAMINAL
MEDICINE, i. e. it imparts permanent strength
to weak systems and invigorates delicate con-
stitutions. Its reputation and its sales have
steadily increased. Competitive preparations
have been introduced ad libitum, and as far as
the public is concerned, ad nauseam, in the
hope of rivaling it, but they have all either
failed in the attempt, or been left far in the
rear. It has been the GREAT MEDICAL SUCCESS
OF THE PRESENT CENTURY, and it is quite cer-
tain that no proprietary medicine in this coun-
try is as widely known, or as generally used.
