Wood Wanted.

Those indebted to the Oregon Republican
will confer a favor by furnishing us some
wood, which will be as good as cash to us.

There will be a Grand Ball at Galwick's In-
dependence on the 22d inst.

Judge Hayden was here in attendance upon
the County Court during the week.

The County Court is in Session this week,
with considerable business, Judge Myers
presiding.

J. H. Lewis has sold his stock of goods to
John Wayne, G. B. Stiles has purchased
the entire stock of groceries of the firm of Laugh-
and Collins.

Mr. L. Langhery of the late firm of Laugh-
ery and Collins will go to Kalama soon to en-
gage in business, he is a good man and a
gentleman, we hope he will make as many
travels as he can lift.

Stiles can beat the world as a wholesale and
retail grocer. He sells cheaper than any other
another lot of new goods. First come first
man and make money at it. He is now receiving
served.

Get ready for the Ball in Dallas on next
Wednesday night. It will be a grand affair, and
the supper will be prepared by Mr. & Mrs. S.
C. Stiles who are among the few who are fully
competent to get the thing up just right.

McGinley's Theater troupe performed here
Wednesday and Thursday nights of this week.
Everybody laughed to their heart's content.
The troupe left here yesterday morning in
good spirits.

Capt. Lafollette and Mr. Crawford, his clerk,
was in town, and gave us a call this week.
The Captain is looking as fresh and hopeful
as ever, and as yet shows no signs of demoral-
ization by Grant's new Indian policy.

Kalama has six stores and nine eating sal-
oons, and a whiskey shop which stands out in
the river, a very appropriate place for an insti-
tution of that kind, and the sooner the pros-
perity out the better for the people of the new
town.

One of our oldest citizens has left us, no
more to be seen among the haunts of men on
earth. Green Savery is dead. He was a good
citizen and neighbor; he was social and
straightforward in all his dealings with his
fellow men. He has been blind for nearly a
year, and for some time has been afflicted by
paralysis; but his afflictions are over. Peace
to his ashes. He leaves a family, with whom
we sincerely sympathize.

The Hon. Jack Grant one day last week did
of deliberation and malice aforethought kill
three panthers in the county of Polk, and
State of Oregon, by shooting them then and
there, in the eyes, with a gun, then and
there loaded with powder and shot, the pan-
thers then and there being and all quietly sit-
ting on the limbs of a large tree in the woods,
contrary to the statute forbidding cruelty to
animals, and against the peace and dignity of
the panthers of Oregon.

WE HAVE THE PROOF!

That Bristol's Sarsaparilla and Pills are re-
liable and certain remedies for heart disease,
rheumatism, dyspepsia, liver complaint, and
scrofula in its different forms and stages. Phy-
sicians of the highest standing have certified
to these facts, and we invite all who entertain
doubts to read our Bristol's Almanac, circulated
free in this country, wherein are published the
certificates in full. 581.

The Queen of Perfumes!

MURRAY & LAMMAN'S FLORIDA WATER invig-
orates and strengthens the weak and debilitated,
soothes and quiets the nervous and excitable,
and induces beautiful slumber to the weary and
fatigued.
As there are counterfeiters, buyers must be
sure to get the genuine perfume, prepared only
by Lamman & Kemp, N. Y. sole proprietors. 555.

To avert evil is one of the grandest tri-
umphs of human skill.

This triumph is achieved by Dr. Walker's Vegetable
Vinegar Bitters. They build up, fortify and re-
new the feeble system, thus enabling it to defy
the elemental causes of disease. Hence their
efficacy as a preventive and protective me-
dicine, in districts where the air and water are
impure. The weakest and most susceptible or-
ganization is rendered proof against all dis-
eases by taking one or two doses as a preven-
tive. 45-ly.

Telegraphic Summary.

London, Feb. 7.—The Telegraph
has the following from Paris, under
date of Feb. 3d:

Meetings are held and becoming
more demonstrative. Speakers demand
the arrest and trial of those who surren-
der the city. The Libel Republican
Committee has declared that the Govern-
ment of the 4th of Sept. should be
arraigned by the National Assembly, to
render an account of the conduct of the
defence of Paris, and gives reasons for
agreeing to an armistice. The Committee
also declared that no treaty ratifying
the armistice should be signed, and
that Paris should continue the defence
and refuse to capitulate. At a meeting
in a salon, De Riene Blanche, an or-
ator, declared that France demanded a
Robespierre, and that a guillotine alone
can save the country. The sentiment
was received with enthusiasm by the
audience. The Deputies who favor a
continuation of war were applauded at
the meetings.

Trochu has declined the candidacy
for the Assembly.

The following are among the candi-
dates of the Republican Alliance Con-
trol, Republican Union, and Interna-
tional Workingmen Association: Louis,
Blanc, Victor Hugo, G. Roux, Ryat,
Henne, Rochefort and M. Bressart,
editor of Le Combat.

The flour will be exhausted on Sat-
urday, and on Sunday Paris will be
without bread. The bank of France
advances 200,000,000 francs to the
city's war contribution. The city will
issue bonds to repay the loan.

Gen. Ducrot refuses to stand as a can-
didate for the National Assembly.

The resignation of Gambetta, it is
believed, indicates the abandonment of
all hopes of a republic, and makes a
restoration of the Empire certain.

Bordeaux, Feb. 6.—Minister Eti-
enne Arago has issued a circular which
maintains the validity of decrees, and
making members of families once reg-
nant and Imperial office holders ineligi-
ble to the National Assembly. The
circular adds that the decree of exclusion
extends to all members of the Besan-
part family.

The Echo de Nord has a special dis-
patch from Berlin, saying that contribu-
tions already demanded by the Ger-
man commanders will be deducted from
the amount of war indemnity; also, the
value of the railroads in Alsace and
Lorraine.

Vienna, Feb. 7.—An Imperial auto-
graph relieves Count Potocko and his
colleagues of their ministerial functions,
and appoints Howhenwarl Minister of
the interior, with authority to form
a new Cabinet. Other decrees with fol-
lowing, appointing Holzethern Minister of
Finance, Schauffl, Minister of Com-
merce, Terrek, Minister of Public
Works, and Seool Minister of war.

New York, Feb. 7.—The list of killed
by the Hudson River Railroad ac-
cident now foot up 15 passengers and
5 railroad employees.

Beef cattle sell here at from 6 to 7
cts. per pound on foot; hogs 9 cents
dressed; mutton sheep \$4 per head.

As sometimes small evils, like invis-
ible insects, inflict pain, and a single
hair may stop a vast machine, the chief
secret of comfort lies in not suffering
trifles to vex one, but in prudently cul-
tivating an undergrowth of small plea-
sures, since very few great ones, alas! are
of long duration.

The Methodists.—It was in 1739 that
some 10 persons came to John Wesley,
in London, to consult him concerning
their spiritual state. They formed the
nucleus of the society, which, at this
hour, numbers more than 50,000 preach-
ers, 3,000,000 communicants, and 12,
000,000 hearers, in Great Britain and
Ireland, alone, the number exceeding
100,000. This religious body extends
its circuits over the whole known world.

PAINFUL ACCIDENT.—Our young
friend, Jas. Sterling, Post Master at
Oakland, writes us that Mr. J. Canady,
while on a hunting excursion in the
Coast Range, in company with Messrs
Aaron and J. Allen, met with a painful
accident, by the discharge of his gun.
It appeared that it was snowing hard
at the time, completely covering their
guns, and while in the act of brushing
the snow off with his hand the gun was
discharged, the ball striking the third
finger of the left hand shattering it very
badly. Mr. Canady was fortunate that
it was no worse.

Little Annie lost a relative by death,
and, after the sad funeral rites had been
performed, and the deceased consigned
to the grave, the visiting friends return-
ed to the home of Annie, to partake of
the beautiful supper which had been
provided for them. At the table (ign-
oring all melancholy subjects), the
guests fell to discussing the details of a
grand wedding which had lately taken
place. One remarked that the company
had remained 2 hours at dinner. Little
Annie, who had been anxiously waiting
for her guests to leave the table, that
she might be served, (for there had
not been room for her with them), ex-
claimed:—"I des there wasn't any
one waiting, was there?"

We furnish the Republican and
Democrat's Monthly for \$4 a year.

State Items.

[Gleanings from State Exchanges.]

M. I. T. Reese made sale on the 20th
ult. of 160 fat hogs.

From the Oregonian: Butter is still
held at 50 cents per pound in this mar-
ket, and scarce at that figure.

A suit brought against the Captain
of the Madawaska for not furnishing his
crew suitable food during the run from
Wales to this city will be heard in the
in the U. S. District Court to-day.

Starr King, when asked to define the
difference between Universalists and
Unitarians, replied that "Universalist's
believed that God was too good to damn
men eternally, and the Unitarians be-
lieved that men were too good to be
eternally damned."

The N. P. R. Co. have donated to
each religious denomination a site for
a church, parsonage and school house.
This is certainly very generous. We
should be pleased to have many more
gentlemen of such princely generosity
in our midst.

The Steamer Shoo Fly landed at the
Salem flour mill yesterday, to discharge
a cargo of wheat at that place. She
brought down 1,388 sacks, or about 2,
776 bushels. It was shipped from the
up river towns, where they have a large
amount of wheat awaiting shipment to
this city.

From the Bulletin: A man named
Drieker, employed by the N. P. R. Co.,
at Kalama, was brought to the city last
evening, on the Wenet, for medical
treatment, having been badly injured
about the head, and had one leg frac-
tured by a falling tree on Friday after-
noon. A man named Mather was also
hurt at East Portland yesterday, on the
gravel train, but his injuries are not
very serious.

and State above named, of the second part.
WITNESSETH: The said party of the first
part, and the said party of the second part,
have, this day entered into a partnership for
the purpose of working and running a Saw
Mill, situated on the Yamhill River, in the
County and State above named, and known as

The said party of the second part also agrees
to furnish one half of the labor, and bear one

keep the said mill in good running order, and
to have one half of the proceeds thereof.

neither the said party of the first part, nor the
said party of the second part, shall contract
any company debts, or contract any company
business, without the written consent of the
party of the other part.
Should either of the said parties to this
agreement transact any business without first
obtaining the consent of the other party in
writing, then the said party not giving his
consent, cannot be held for the payment of
such debts contracted.
And it is further agreed by and between the
said party of the first part, and the said party
of the second part to this agreement, that
neither party shall draw money from or ap-
propriate to his own use any of the Company
fund used in the above-named partnership, without
first obtaining the consent of the other party
to this agreement, and when either of the said
parties to this agreement obtains any such
consent, then each of the said parties shall
draw from the Company fund a like equal
amount.
It is further agreed that the above Company
Partnership shall be known under the firm
name and style of Dougherty & Street.

AMERICAN
BROILER!

The Finest Culinary Invention of
The Age.

Embodying in a plain and cheap utensil—a
simple as a pot or skillet, and weighing less
than three pounds—
All the Principles Involved in the
Perfect Broiling of Meats,
With the Greatest Conveniences and
Advantages of Practical Use,
And Doing its Work with
A Rapidly More than Double that of
Any other Broiler!

It affords to the poor and rich alike the
FIRST and ONLY relief ever offered from the
torments, troubles, and pains of indigestion,
and dyspepsia producing broilers of the past: from
the deadly foe to human health, the FRYING-
PAN; and from
Meat-Cooking Abominations of all
Degrees!

It renders broiling, heretofore so vexatious,
the QUICKEST and EASIEST of all modes of
cooking, and meats be healthy!

More Palatable and Nutritious
THAN BY ANY OTHER MODE OF COOKING THEM
because it prevents the loss of nutriment by
evaporation or otherwise. It sets on top of the
meats, over one of the openings; re-
quires no preparation of fire, Coke or Charcoal;
is tender by its action; does away with all smoke
and smell of grease; boils equally well over
Coal or wood; answers for all stoves, ovens or
range openings;

And is equally Good for
Beefsteak, Ham, Chicken, Chops, Fish
And Oysters.

It broils steak, over an average fire, in
SEVEN to EIGHT MINUTES, and over a
very hot fire, WITHIN FIVE MINUTES. Other
meats in proportion; RETAINS ALL THE JUICES
AND FLAVOR, which no other broiler does.

65,000 ARE NOW IN USE!

All sold under standing and unconditional
guarantee, and have given an unanimity of sat-
isfaction unprecedented in the culinary inven-
tions.

We guarantee them, wherever sold, to fulfill
the above specification, authorize all dealers to
do so with their customers. An universal test
is invited on these terms: and to any not satisfied
after a fair trial, the money will be refunded,
with charges both ways.

Each Broiler will have the authorized label
attached with the trade-mark, "American
Broiler," stamped thereon.

This Broiler is also an unequalled Bread-
Toaster and Corn-Popper, and a good Coffee-
Roaster.

THE GREAT MEDICAL DISCOVERY!
DR. WALKER'S CALIFORNIA
VINEGAR BITTERS.

Hundreds of Thousands
Bear testimony to their Wonder-
ful Curative Effects.
WHAT ARE THEY?

THEY ARE NOT A WINK
FANCY DRINK
Made of Pure Rum, Whiskey, Fruit
Spirits and Refine Liqueurs, doctored, spiced
and sweetened to please the taste, called "Ton-
ics," "Appetizers," "Restorers," &c., that lead
the tippling one to drunkenness and ruin, but are
a true Medicine, made from the Native Roots and
Herbs of California, free from all Alcoholic
Stimulants. They are the GREAT BLOOD
PURIFIER and LIFE GIVING FRU-
ITFUL A perfect Restorator and Invigorator of
the System, carrying off all poisonous matter and
restoring the blood to a healthy condition. No
person can take these Bitters according to direc-
tion and remain long unwell.

For Indigestion and Chronic Rheu-
matism and Gout, Dyspepsia or Indi-
gestion, Bilious, Remittent and Inter-
mittent Fevers, Diseases of the Blood,
Liver, Kidneys, and Bladder, these Bit-
ters have been most successful. Such Dis-
eases are caused by Vitiated Blood, which
is generally produced by derangement of the
Digestive Organs.

DYSPEPSIA OR INDIGESTION.
Headache, Pain in the Shoulders, Cough, Tight-
ness of the Chest, Dizziness, Sour Eructations of
the Stomach, Bad Taste in the Mouth, Bilious At-
tacks, Palpitation of the Heart, Inflammation of
the Lungs, Pain in the Regions of the Kidneys, and
a hundred other painful symptoms, are the off-
springs of Dyspepsia.

They invigorate the Stomach and stimulate the
torpid liver and bowels, which render them of un-
equalled efficacy in cleansing the blood of all
impurities, and imparting new life and vigor to
the whole system.

FOR SKIN DISEASES, Eruptions, Tetter,
Salt Rheum, Itches, Scars, Discoloration of
the Skin, Humors and Diseases of the Skin, of
whatever name or nature, are literally dug up
and carried out of the system in a short time by
the use of these Bitters. One bottle in such
cases will convince the most incredulous of their
curative effects.

Cleanse the Vitiated Blood whenever you find
its impurities bursting through the skin in Pim-
ples, Eruptions or Sores; cleanse it when you
find it obstructed and sluggish in the veins;
cleanse it when it is foul, and your feelings will
tell you when. Keep the blood pure and the
health of the system will follow.

PIN, TAPE and other WORMS, lurking in
the system of so many thousands, are effectually
destroyed and removed. For full directions, read
carefully the circular around each bottle.
