NAVY BOMBARDS THE REBELS

Works on the Bay of Subig Destroyed.

TOWN OF OLANGAPO RIDDLED

Krupp Cannon Which the Insurgents Were Working Was Blown Up by Landing Party-Town Torn Fire.

Manila, Sept. 28.—The cruiser Charleston, the monitor Monterey and the gunboats Concord and Zafiro, with the marine and blue-coats from the cruiser Baltimore, left Cavite September 19, and, as already cabled, proceeded to Subig bay to destroy an insurgent cannon there.

Owing to the bad weather, the operation was postponed until yesterday, when the warships for three hours bombarded the town of Olangapo and the entrenchments where the gun was situated. Men from the Charleston, Concord and Zafiro were then landed upon a heavy insurgent fire, proceeding to the cannon, which was utterly destroyed by gunnison, and then returned to the warships. The Americans had one man wounded during the engagement.

While waiting in Subig bay for better weather, the Americans despatched Filipino reinforcements moving toward Olangapo. At 6:40 A. M. yesterday the Monterey began an advance upon the town, which was about three miles east of the monitor's anchorage. The Charleston, Concord and Zafiro followed. At 7:20 the Monterey opened fire with her secondary and main batteries; the Charleston and Concord joined immediately. At 7:30 the insurgent cannon answered the first shot passing close to the Monterey's smoke-stack. The gun was fired twice only.

The American bombardment then ceased. At 9:30 the Monterey advanced to a range of 600 yards, using her main battery. Two hundred and fifty men were landed about 800 yards east of the cannon at 11 o'clock, under a severe musket fire.

Men from the Charleston were the first to reach the beach, but the Concord's men were the first at the gun, which they reached at 11:10. The cannon was found to be a 16-centimeter Krupp gun, presumably perfectly secured. The Americans felt that they adjourned to breakfast in the middle of their sport. There was among them a single casualty, and he they all gone tiger hunting one casualty, but at least probably would have occurred.

"For this, however, Dewey is declared to be the equal of the great sea-warrior who conquered in the terrible days of Aboukir, Copenhagen, Trafalgar. They are friends in position, and he is elected president of the United States.

"Canada cannot possibly take part in the celebration of Dewey's triumphs without evidence of discourtesy toward the great British admiral. Dewey is regarded as an unfriendly act. Trenches, earthworks and sandbag defenses are being erected in all the available approaches to the capital.

Read in the Volksraad. Pretoria, Sept. 27.—The imperial dispatch was read today in the Volksraad. President Kruger announced that the reply of the government of the South African republic would be presented to the Volksraad tomorrow.

Troops in the Natal. Durban, Natal, Sept. 27.—Seven hundred and fifty men of the Leicestershire regiment, which had been ordered to the Natal, were disembarked at Durban and the 15th Hussars have arrived at Dundee from Ladysmith.

Pietermaritzburg, Natal, Sept. 27.—The troops that have been moved from Ladysmith to Dundee will form a new company at Glencairn, their places being filled by others from India. The movement was executed so smartly and unexpectedly that the Boer spies were unaware of it until it was actually accomplished.

DISASTERS IN INDIA. Earthquakes, Floods and Landslides in Lower Himalayas. Calcutta, Sept. 27.—Earthquakes, floods and landslides occurred at and near Darjeeling, in the lower Himalayas, last night. Great damage was done, and no fewer than 60 natives perished. There was a rainfall of 28 inches in 48 hours. Three bad landslides took place between Darjeeling and Sonada, involving the transhipping of a railway train of passengers. According to the latest reports, nine European children and 20 natives were lost between these two places. The whole Calcutta road is blocked, and the Pajalohre line has been seriously damaged.

About 100 acres of tea have been destroyed from Jalapahar to Burchell. At the latter place some 3,000 feet of water supply pipe has been ruined. The electric light plant has suffered seriously, and the town is in darkness. There is great fear of further rain.

A dispatch from Jalapahar, on the river Teesta, 40 miles southeast of Darjeeling, says that a boat crossing the Teesta with three Europeans and six natives was swamped by the high waves. The body of one of its occupants was found 14 miles down the river. It is reported that the Europeans, Anderson, Kuster and Whitman, jumped overboard. Their fate is unknown. Search parties have been sent to look for them.

More Than They Asked For. Cleveland, Sept. 27.—As a result of a meeting of the executive committee of the Lake Carriers' Association, held this afternoon, the wages of nearly 16,000 men employed on the vessels of the Great Lakes will be raised from 10 to 20 per cent, beginning October 1. This includes 2,000 engineers, who demanded an advance of 12 1/2 per cent, and threatened to strike should it not be conceded. Instead of the 12 1/2 per cent asked for by the engineers, they will receive an advance of 20 per cent.

Transport Struck. San Francisco, Sept. 27.—The Union iron works, unless the strike is called very soon.

The contractors said that the transports now under repair will sail without delay, but that no new contracts will be taken until the matter is settled.

SALEM MILL BURNED.

Loss on Buildings and Grain About \$150,000.

Loss on Buildings and Grain About \$150,000.

Salem, Or., Sept. 25.—The mill and elevator of the Oregon Flouring Mills Company, located at the corner of Commercial and Trade streets, were destroyed by fire at 4 o'clock this morning. The total loss is about \$150,000, a large part of which went to the mill, which was valued at about \$75,000. Only about 80,000 bushels of the stored grain was insured, so the loss to the owners is great. Considerable of the grain not damaged by water, but the value is placed at about \$25,000. The fire was caused by a dust explosion near the cleaners on the third floor of the mill, and it spread rapidly. The insurance on the mill company's buildings and machinery, which are almost a total loss, is about \$60,000, while the value of the stored grain is \$75,000.
