Sheep Ranch Mill Ready to Operate.

Mill-Building at the Oneida Is Delayed.

TO PUT NEW MACHINERY ON THE COCHONANTAS

Operations at the Spagnolia, Centennial and Other Great Mines of the Mother Lode.

AMADOR COUNTY.

The Oneida-Jackson.

The work of mill building at the Oneida mine has been delayed seriously on account of the impossibility of hauling the lumber to be used in its construction from the depot at Ione to the mine. There is now at the Ione depot about 200,000 feet of lumber for that mill, which cannot possibly be hauled in a manner that will be profitable to either the owner or the teamster for some weeks to come. The delay already caused by bad roads will probably place the completion of the mill as late in the coming year as July. The development of the mine in the new shaft and on the levels therefrom continue under the efficient management of John Truscott, and whenever the sixty-stamp mill is completed the property will be so well opened that it can be kept running indefinitely. The repairing and reopening the old shaft is progressing rapidly and within a short time connections will be made between the old shaft and the new, thus producing a ventilation for the workmen in the mine than which there is none better.

Belmont Mine-Pioneer.

John McKelvey, who has a bond to purchase a mine from F. C. Turner, Samuel Folsom and Tom Westphal, with George Joyce as assignee of Westphal, is having some trouble in the matter. It seems that the first payment of \$600 was due on the 2nd, and by request of Folsom and Westphal the date of payment was delayed for one week. On the 9th McKelvey paid one-third each to those gentlemen and Turner has refused to take his one-third. Mr. McKelvey does not purpose to be trifled with in the matter and will resort to the Courts, if necessary.

Centennial-Drytown.

The Centennial shaft is now down 630 feet, making about 330 feet sunk in the shaft by the company of which L. A. Gross is superintendent. At about 500 feet in depth a water tank was cut to the east of the shaft and in that the ledge was encountered, which shows from seventeen to eighteen feet in thickness. Three feet of it on the hanging-wall assays about \$17.50 per ton, while the balance is of low grade. Sinking is still in progress and will be continued to 800 or 1000 feet before the ledge is prospected.

The Spagnolia-Clinton.

The development work on the Spagnolia mine, near Clinton, which is being prosecuted for the owners by David Fisher, is being prosecuted faithfully. This mine in olden days was very rich in specimen rock near the surface, and when the ledge is tapped at a depth of 200 feet—the 200-foot level is that from which crosscutting is being done to the ledge, hose familiar with the mine believe that a most valuable body of ore will be encountered. So mote it be.

Pocahantas-Drytown.

Superintendent McWayne of the Pocahantas is in San Francisco arranging to increase the capacity of the machinery and cables on the mine, so that the shaft can be carried from its present depth of 700 feet to 1200 feet. An east crosscut has been run which can cut a five-foot vein of very good appearing ore.

ALPINE COUNTY.

Gardnerville Courier: Unless all signs fail, there will be considerable activity in mining operations in Alpine county next spring. The reported strike in the Colorado mine has been verified. But little ore has been taken out, but they have uncovered a rich streak of black ore which it is expected will lead to a large deposit. The ore bodies in this mine have been discovered in this way, and the present lead is the largest ever found in the mine.

EL DORADO COUNTY.

Placerville Nugget: The Superior (sometimes called the Tincup) Ribbon Rock and Hatlie May mines on Weber creek are bonded to Alvin Hayward, the San Francisco capitalist, for the sum of \$55,000 for a period of eighteen months.

H. H. Martin of Rawhide mine fame is the owner of the Superior mine, and Frank Goyan of Placerville, by a recent decision of the Superior Court, has been made owner of the Ribbon Rock. This bonding of the Ribbon Rock to Hayward ends the long litigation over that property between Mr. Goyan and Messrs Alexander and Cupham. E. A. Davis, the representative of Mr. Hayward, becomes superintendent of the combined properties, and Philip Maul, formerly of the Marguerite mine, has been appointed foreman.

CALAVERAS COUNTY.

San Andreas Prospect: At the Vandalier mine at Middle Bar, a crosscut will be run from the 150-foot level with

PERSONAL MENTION.

Mrs. Palmer of Sutter Creek is visiting Mrs. B. F. Taylor. Miss Rose Staal of San Francisco is visiting her relatives in Jackson. Miss Edna Rust returned to her school on the Cosumnes river Sunday. Miss Inga Kay has returned from a visit with her sister, Mrs. Jensen at Lincoln. E. B. Moore of the Sutter Hotel at Sutter Creek was a Jackson visitor Tuesday. L. A. Gross of the Centennial mine at Drytown and his wife are guests at the National Hotel. R. L. Marsh of the Jackson Butte mine has been "under the weather" for a few days lately. J. E. Bachelder is a very happy man. His wife presented him with a bouncing baby on the 10th. C. H. McKenney, the Amador County Tailor, is making his monthly trip in Amador county. Edwin Rust has returned to the Oakland High School after spending the holidays with his people here. Miss Lizzie Taylor has returned to her school duties at the Leland Stanford Junior University at Palo Alto. When ready to commence sinking it will install a pump of sufficient capacity to handle the flow of water.

San Andreas Citizen: On the Commodore mine the crosscutting of the ledge at the 300-foot level is still being prosecuted. They have gone through fifteen feet of solid quartz and have not reached the wall yet. All reports agreed that the indications are excellent and that the ledge is all milling ore which it would pay to mill. Superintendent Clary is elated with the assays and the immense body of ore. It is his intention to thoroughly exploit the ledge at this level, and the result of that will be the guide for the future operations on this mine. If this ledge holds out, as there is every reason to believe it will, a forty-stamp mill will probably be placed on the Commodore in the spring. San Andreas Citizen: It was originally supposed that the large cash capital with which the Melones Company began business would be sufficient to thoroughly equip the property. As an additional precaution, 32,453 shares of the original 200,000 shares capital stock were left in the treasury. The shortage of capital is due to two accidents which occurred when arranging for the mill. A ledge, supposed to reach across the creek, had been selected for the foundation of the dam. After the dam had been partly built it was discovered that it ran into quicksand, and during the delay a flood swept away that part of the dam already completed. The foundation for the 120-stamp mill was insecure and had to be reinforced and renewed at considerable cost. The necessary money is to be raised by sale of preferred stock, bonds and an assessment. Mr. Ralston is now in Boston arranging for the vigorous resumption of work in the early spring.

John Porobeich, who was one of those injured December 16th, at the Gwin mine, returned to his work Tuesday morning. Dr. Hutchins returned from a very pleasant visit to his home in Woodbridge, where he enjoyed the holidays with his family. Miss May Fontenrose returned to the Convent at Stockton Monday, after having spent the holiday vacation in Amador county. Misses Etta and Julia Ginochco have returned to their home in Sacramento, after an extended visit with relatives and friends in Jackson. F. L. Fisher, the popular representative of the H. S. Crocker Company of San Francisco, was doing business in Jackson this week. Mrs. Kent and children returned from a visit to her parents in Woodbridge one day last week, after having had a pleasant "Christmas" with them. D. Boro, who for many years has lived at South Junction, is recently moved into the stone mansion he recently bought in the Hamilton tract. J. C. McKelvey, who is interested in mining in the Pioneer district, near the Defender property, went up to his mine this week from his home in Oakland.

Attorney Stewart of Ione returned from San Francisco last Sunday; also, Hon. John R. Tregloan of Amador County. Both gentlemen visited the city last Tuesday. L. N. Keagle was called to Stockton this week on account of the severe illness of his father, who is visiting relatives in that city. Mr. Keagle Sr. is a resident of Redlands. J. W. Caldwell and wife returned from their wedding trip Saturday night, and are now keeping house in a residence prepared for them on the Mason Addition. F. Waggerhauser, who lost his leg by an accident in the Zella a few weeks ago, was not getting along very well at the first of the week, and it now seems that his recovery is impossible. Leopold Newman, a brother of George Newman, and a former resident of Jackson, but now of the grocery firm of Bibb, Newman & Ikenburg of San Francisco, was a Jackson visitor this week. Supervisor A. B. McLaughlin of Volcano was in Jackson this week in company with a gentleman who is looking at some mining property—in which Mr. McLaughlin is interested—with a view to purchasing it. W. R. Woodward and C. L. Jaeger, accompanied D. Gutmann over the line of the new railroad from Ione to Jackson Wednesday. When here the entire party went to Sheep Ranch Thursday and returned to the Ford mine at San Andreas to visit that property. These gentlemen are all interested in the Sheep Ranch and Ford mines and in the new railroad.

Here we are at last just what the people desire: Nice large airy bathrooms, fine porcelain-tubs and hot water in abundance at the New National Shaving Parlors, R. L. Mann, Proprietor.

For all kinds of school supplies go to Freeman's General Variety Store. E. H. Harrington has a house belonging to Mrs. Muldon on Kennedy Flat to rent. The Jackson Band and Musical Improvement Club will give a dance on February 22nd. Wallace Kay, the owner, is putting a new floor in the Golden West Drugstore of Alfred Goldner. A house of Mrs. Muldon on Kennedy Flat is to rent. Apply to F. L. Harrington at the Kennedy mine.

Walter McDowell was injured in Senora last week and his wife was sent for. The particulars of the accident have not been ascertained at this point. Come and take a swim in those large six-foot porcelain tubs at the new bathhouse connected with the New National Shaving Parlors, R. L. Mann, Proprietor. A. F. Peterson has a large stock of the very finest footwear possible to be secured. He is selling at marvelously reduced prices for cash. Call and examine goods and be convinced that his stock is the best and most extensive in town.

Arrested in Amador County. Harvey Pense, Thomas Ball and Thomas Collier, three Jacksonites who had hired a team and buggy from Lewis' stable, went to Sutter Creek and Amador City Wednesday afternoon and were arrested at the latter place. They went back to Sutter Creek Thursday to plead a charge of cruelty to animals and misdemeanor made against them by Constable Gray.

Lost. The top part of an old-style breastpin was lost in Webb Hall, at the Native Daughters' New Year ball. The part lost consisted of a garnet setting, with the accompanying band of gold which held it in place. Very high priced as an heirloom. Please return to Mrs. Newcum, Jackson.

Love's Hall Reopened. Love's Hall has reopened, and will hereafter be conducted as an opera-house and hall.

Whist Party. Miss Crystal Snow gave a whist party Monday night to a number of her young friends. They all had a most pleasant time. Besides the hostess those who were present and took part in the game were Miss Alma Frances, Mrs. Nita Littlefield, Miss Ila Ginochco, William Crase, Eddie Delahide, Montie Snow, Alex Axelrod.

The first prize was won by William Crase and the booby prize by Eddie Delahide.

SHENANDOAH VALLEY. Just a Few Notes From the Garden Spot of North Amador. SHENANDOAH VALLEY, January 10. We had a very lively storm last week, but the weather has again settled into smiling peace. J. E. Walton has returned from the Bay city, whither he was called by the serious illness of his wife, who was visiting her mother, Mrs. M. Stillwagon. Mrs. Walton has improved enough to accompany her husband home. Fred A. Ball left for Santa Cruz last Wednesday to attend a business college. Mrs. C. H. Courrier went to Sacramento yesterday. Mr. and Mrs. Boltz arrived from Oregon recently and are the guests of W. A. Carter and family. Mr. Boltz was to have held church services at the schoolhouse Sunday, but the wild weather kept every one away. School resumed Monday morning, after the usual holiday vacation. Measles and the grip are abroad in the land, and a number of our people are temporarily laid up by one or the other. George W. Cruson, an old resident of this place, died at the home of his son, John Cruson, on the 2d, after a long illness. The funeral was held Thursday forenoon and was largely attended. Mr. Cruson was a native of Ohio, eighty-seven years of age, and had been a resident of the valley for twenty-eight years. He leaves two sons, John and William Cruson, and three daughters, Mrs. Charles Bell of Aukum, Mrs. Haverstick of Ione and Mrs. Asbury of Calaveras. His wife died several ago. SHAN. Sick Headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cents and 50 cents. Sold by A. Goldner.

Joint Installation. Jackson Lodge, No. 36, I. O. O. F., and the Jackson Rebekah Lodge, No. 50, installed officers Wednesday night. The affair was a joint installation and was concluded by a banquet. Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion, or money refunded; 25 cents and 50 cents. Sold by A. Goldner.

On the Sutter Creek Boards. From the columns of the Record the people are informed that the play "Better Than Gold" is in preparation at Sutter Creek, with the editor of the Record as manager and, at the same time, in the chief role. This from the man who had the temerity to criticize the selection of "Confusion," Nat Goodwin's masterpiece and "Joshua Whitcomb," Denman Thompson's success, by the Jackson Historic Club, is more than mortal man can bear.
