

THE AMADOR LEDGER

PUBLISHED FRIDAYS BY AMADOR COUNTY PUBLISHING COMPANY. SUBSCRIPTION RATES: ONE YEAR (if not in advance) \$3.00...

FOR PRESIDENT WILLIAM MCKINLEY, of Ohio. FOR VICE-PRESIDENT THEODORE ROOSEVELT, of New York.

EVERY Republican voter is requested to register at once. Please perform this duty without delay.

THE question of the incorporation of Jackson is again being agitated, and this time several prominent property holders favor the plan.

THE work of the Democratic National Convention has made no appreciable change in the political outlook, and will not cause any material change in the programme of work mapped out by the Republicans.

SECRETARY ROOT, after conferring with General Miles and his fellow members of the Cabinet, has issued the necessary orders to start more than six thousand regular troops to the Philippines...

THE EPIDEMIC. The situation in Jackson at this writing, Friday morning, July 20, is quite encouraging. A few new cases have occurred in town, fewer by several than the most sanguine hoped for a week ago.

ACT AT ONCE.

According to Dr. Vaughn of the University of Michigan, one of the investigators, more than 80 per cent. of the deaths in the camps during the Cuban war were due to typhoid fever.

Bad sanitation caused the trouble in the army camps, and it will cause trouble in Jackson or any other town not properly sewered.

THE trouble in China has already caused jealousy among the powers, which, if nursed and kept warm, will doubtless result in a sanguinary war.

Appropos Of Our Epidemic.

Dr. Wm. M. Welch, of Philadelphia, who has had wide experience in the treatment of smallpox and has treated in the past twenty-nine years 5,500 cases, says: "Two or three years ago smallpox of an unusually mild character appeared in the Southern States and the disease was variously regarded by the physicians as chickenpox, smallpox, impetigo contagiosa and Cuban fever."

Dr. H. C. Mitchell, of Carbondale, Illinois, in a paper read before the Illinois Medical Association, May 1, 1900, referred fully to the epidemic. We take an extract as follows: "There has been enough written for and against its being smallpox by different writers, if compiled, to make several volumes."

Dr. James Nevins Hyde, of Chicago, in speaking of the disease, said: "There is no controversy possible in the matter."

Again Dr. Mitchell, before referred to, states: "Since smallpox has always been regarded as such a formidable disease, not only by the general public and less informed members of the medical profession, but by those who have had wide experience in its treatment, now that we have an epidemic so mild in character that its fatality is almost nil, when such a state of affairs exists you can rest assured that the diagnosis of smallpox will be questioned by the average physician and laity, and if we convert them to our way of thinking the proofs must be very convincing."

A beautiful complexion is an impossibility without good pure blood, the sort that only exists in connection with good digestion, a healthy liver and bowels.

THE PHILIPPINE WAR.

July 12.—For excellent service in the Philippines many soldiers receive lieutenant's commissions.

July 13.—Brigadier General returns to MacArthur's staff.

July 14.—More troops are being sent to the Philippines to be forwarded to China.

July 15.—Forty thousand soldiers are to be kept in the islands.—Captured correspondence of Aguinaldo proves that the insurgents' hope lies in the anti-expansionists.

July 16.—MacArthur receives demands for more troops from all parts of the Philippines. Serious fighting is expected by American officers in Mindanao.

July 17.—MacArthur reports the sailing of troops for China. Four troops of Filipino cavalry are ordered formed, who will fight for the United States.

July 18.—No hurry orders from the War Department at Washington are received.

How Is Your Wife?

Has she lost her beauty? If so constipation, indigestion, sick headache, are the principal causes. Karl's Clover Root Tea has cured these ills for half a century.

Uncalled-for Letters.

Letters remaining unclaimed in the Jackson, Cal., Postoffice, for the week ending July 20, 1900: Prentiss Tong, Mrs. Kate Ryan, Mr. Plazie, Chas. H. Lee, Mrs. C. E. Holbrook, Mack Gustin, Edw. R. Edge, Miss Mamie Mulligan, Giuseppe Cavalletto, Risto Biskepp, Mrs. Annie Bean.

CHINA AND ITS INHABITANTS

Boxers Not a Representative Type.

THE GREAT BULK OF THE CHINESE PEACEFUL.

Agriculture Their Principal Occupation.—Irrigation Methods Are Crude.

Although the vast mobs which infest Peking and the larger cities of China, worked up to a state of frenzy and fanaticism, have rendered impossible any satisfactory action by the available forces of the Powers, the great Chinese population proper is agricultural and naturally extremely peaceful and peace-loving.

The Great Plain itself is one of the most wonderful sections of the globe. It is about 700 miles in length and varies from 200 to 400 miles in width, occupying the northeastern part of the empire, and containing over 200,000 square miles of wonderfully fertile soil.

The most interesting feature of this plain is its enormous population as it supports, according to the census of 1812, not less than 177 million human beings, making it the most densely settled of any part of the world of the same size, its inhabitants amounting to nearly two-thirds of the entire population of Europe.

OF STRATEGICAL IMPORTANCE. The most wonderful feature in the physical geography of China is the existence of a vast region of loess in this portion of the Empire.

If you want swell hats, go to the city trimmer at Mrs. Weller's. 5-4-1f Three pair child's hose for 25 cents at the Red Front. 7-13-1f
