Big bar bridge has been thoroughly repaired by the Garbarini Bros. Iron supports have been put under the bridge, and the structure is now in first class shape in every way.

The county health officer reports that no case of contagious disease requiring quarantine occurred in Amador county during September, and that the county at time of the report was free from such diseases.

The railroad construction from Ione to Jackson is making slow progress. The working force has not been materially increased. The company will have to get considerable of a "move on" to make Martell's by the 1st of January next.

J. W. Hammaek, formerly of Amador City, arrived in Jackson Monday evening from Eastern Oregon, where he has had charge of a quartz mill during the past six months. He will remain in California a few weeks before returning to the Oregon mines.

Rev. C. E. Winning, pastor of the Methodist Episcopal church, will preach on Sunday, at 11 a. m. and 7:30 p. m. Morning theme, "The public service as related to pastor and people." Evening theme, "Music." Strangers cordially invited. All seats free.

CASTORIA. The Kind You Have Always Bought. Bears the Signature of Dr. H. H. St. John.

The house warming given at the new rectory of the Episcopal church last Friday evening was attended by from 75 to 100 persons. A few hours were pleasantly passed in amusements, and partaking of the good things provided in the shape of coffee, chocolate, cake, etc. Music was furnished by Miss Kay and Monroe Well. The receipts, after paying all expenses, amounted to \$13.50. The Rev. Wm. Tusey not moved into his new home yet, but expects to do so in a few days.

Miss Nettie Van Buskirk, of Marysville, is visiting H. C. Shear, local manager of the Sunset Telephone Company, and family. On Monday evening a party was organized in her honor, consisting of 16 persons, who left Jackson and proceeded to the big plant at Electra. The people of Electra were prepared for the visitors, and gave them a royal welcome. Dancing and singing in a hall, and refreshments provided. The company returned to Jackson after an evening of real enjoyment.

Registration closed Wednesday of last week. There was something of a rush to get registered during the last two or three days. The aggregate number of voters has not been figured up as yet, but it is the general opinion that the great register will be about 200 short of that of two years ago. Of course most of the failures are owing to indifference and neglect. In a few cases, however, the indifference has amounted to a determination not to register. Some old line democrats, who have voted the party ticket straight through, do not take kindly to the situation this year, and as a way out of the dilemma have come to the conclusion to keep off the register.

When you wish the finest flavored coffees and teas, remember that W. J. Nettie keeps only the best.

J. C. Jordan, a peddler of jewelry, was arrested by sheriff Norman at Valley Spring last Wednesday, for failure to take out the required county license. He was brought back to Jackson and lodged in jail. The following day he pleaded guilty before justice Goldner, and was fined \$30, which he managed to scrape up in the course of an hour, and departed with the lesson well impressed upon his mind that it is a losing game to try to beat the license law in this county. He had been here several weeks, disposing of different goods, some being of his own manufacture. He promised to get a license at a certain time, but instead of doing so skipped into Calaveras county, and was promptly arrested.

Strohm Out For Supervisor.

The political card of John Strohm, as an independent candidate for supervisor in township one, will be found in this issue. Mr. Strohm says he has been urged by so many citizens, democrats and republicans vying in the request for him to become a candidate that he could not turn a deaf ear to the demand. His petition, asking that his name be placed on the ticket as an independent candidate, was filed with the county clerk last Saturday. It contains 27 names—just the required number of three per cent of the total vote cast in the township at the last general election, the total vote being a few short of 900. Strohm believes that he stands a good show to get away with the plum. There can be no doubt that he will draw a considerable vote. Republicans, however, have a candidate who is a sound, conservative, business man; one who has announced his policy to let all road work by contract that comes within the meaning of that law, and to give residents of the neighborhood where work is needed, the preference in work, thereby bringing self interest into play in getting good work done. Such a policy is what is needed. It is the right course, and Mr. Bright is the kind of man to do just what he says. He acts according to his promises. The republican vote is enough to elect him, and if the people of township one want a wholesome change in county affairs they can depend upon Mr. Bright to do his utmost to that end.

Republican Rally.

The first meeting of the campaign in Jackson will be held to-morrow (Saturday) evening, October 8, when Hon. J. N. Gillett, our present congressman, and candidate for re-election, will address the people in Love's hall. He will be accompanied by Cary Van Fleet, who is said to be a very interesting and able speaker. Congressman Gillett, by his ability and energy as our representative, has won the esteem of all the citizens in this district without regard to party. He is not of the demagogic stamp of politicians. There is nothing of the fly-up-the-creek tactics with him. He is a man to rely upon, and that is the sort of representative we want. The voters of this district are well satisfied. Let every one come out and hear the speaking to-morrow night. Voters should show by their presence their appreciation of Gillett's course as a representative, and evince their resolve to keep him in the place he has so well filled for another two years at least.

Baseball.

Ione vs. El Reys did not attract a very large crowd Sunday, and those who did attend witnessed a very one-sided game. The Ione team may be excellent ball players, but if they are they were certainly taking a day off last Sunday. One lonely tally is all the score showed to their credit at the end of the ninth inning. They, however, made several double plays that were very creditable. The El Reys were in fine fettle for a stubborn contest, but after sizing up their opponents they began to relax their energies in order to make the same appear somewhat even.

RUNS BY INNINGS.

13 to 1 and that one by a scratch. "Sockey" was dressed in a pure white suit Sunday.

Waddell, Ione's center fielder, was all right. Geo. A. Gordon played short stop for center fielder on both sides.

Pete Cassinelli and Valvo were there. There was plenty of noise. Cavagnaro was at his best in low neck and short sleeves.

No home runs except on errors in throwing ball. Miller and Zimmerman would make a good battery with practice. Merkel pitched one of his best games. There were several flies that never struck the ground.

MINING NOTES.

CENTRAL EUREKA.—This company has just declared a fat dividend of 10c per share, amounting to \$40,000.

ZELLA.—The Zella mill resumed crushing this week. A portion of the stamps are dropping. It is hoped to have twenty stamps in motion during the sinking operations now in progress.

AMADOR QUEEN NO. 1.—This mine, with the neighboring Amador gold mine, belonging to the estate of Charles W. Trotter, now in probate in this county, is appraised at \$9,000, and a petition for its sale will be heard October 22.

SHENANDOAH.—After spending something like \$150,000 at this mine near Plymouth, operations have been suspended and the property abandoned. The claim is considered of the line of the mother lode, and that it failed to open up into a paying proposition ought not to be held against the mining interests of the Plymouth district. The machinery, except the boiler, has been sold to W. F. Detert. It has been mostly removed to the copper mine operated by him on the Cosumnes river, where it will be utilized in a hoist, for sinking and other purposes. There is a shaft already on the property, sunk in early days, and said to be 400 feet deep.

JUSTICES AND CONSTABLES' SALARY SETTLEMENT.

The County is Worsted Nearly \$6000. At the meeting of the board of supervisors last Monday the matter of a settlement with the justices and constables of the various townships, under the salary law passed at the last legislature, came up for final adjustment. W. J. McGee, attorney for the township officers, objected to the supervisors having anything to do with the matter, as it was simply a computation, and that rested with the auditor. Thereupon the supervisors declined to pass on the claims in any shape. After deducting the amount each officer had been paid as fees under the old law, the amount found to be still due to square the account was as follows:

Table listing names of justices and constables and their respective salaries, such as J. Lessley, constable Tp 3, \$961.80; M. Robinson, justice, \$825.00; J. E. Kelly, constable, \$711.90; J. McCauley, justice, \$490.15; J. Blower, justice, \$500.00; W. Scoble, constable, \$1006.00; T. S. Tuttle, constable, \$760.25; W. L. Rose, justice, \$511.00; H. Goldner, justice, \$391.00; A. Laverone, constable, \$815.80.

The period covered by these payments is 18 months and 12 days. With the exception of W. Scoble, all the township officers have drawn the fees to which they were entitled under the old law. Scoble had drawn nothing on account, and the amount of his drawdown is the sum total of his salary from the time the salary law went into effect. With this exception the sums above given represent the difference in compensation between the old and new method of payment. To meet this difference—this one manipulation of the law—the taxpayers of Amador county are called upon to contribute an extra 10c on every \$100 worth of property. The outcome is precisely what the Ledger stated it would be if the salary law was upheld. And this dip into the treasury for back salary has been accomplished under a finding of the court that the new law was "not an increase of compensation" but merely a change in the mode of compensation. All the same, the officers concerned are jingling \$5600 in their pockets as their net share of the bunco game.

A Grand Show Coming.

The celebrated Beatty Bros. present 50,000 latest colored moving pictures, and many illustrated songs by Mr. and Mrs. Clark Mounts. Mr. Mounts has a tenor voice of unusual quality, and will also sing "Peace Be With You," the most comical of all songs. Mrs. Clark Mount, the popular lyric soprano, will be heard in "Holy City," "The Tie That Binds," and other songs.

This show is not to be classed with the little 10-cent picture shows handled by amateurs. A few of the many pictures: The General Slocum disaster, Japanese and Russian war, showing both land and sea battles, and sinking of a Russian battleship; hundreds of Russians killed in a land battle; the great German boar hunt, showing horsemen and 200 pretty white spotted hounds in a merry chase and desperate fight with boars; the great train robbery, showing a complete train robbery and many other moving pictures.

Prof. Sharp, the celebrated pianist, will furnish the music for this exhibition. Illustrated songs: "A Baby for Sale," "The holy city," "The tie that binds," and others.

This show comes highly recommended by the press from the east to the west.

Love's hall, Monday, Oct. 10, admission 25c, 35c and 50c. Tickets on sale at Spagnoli drug store.

Will Change Place of Business.

W. O. Green has rented the building heretofore known as the Pioneer saloon, next door to his present business place, and will move therein shortly. The Green saloon in the Koch building will probably be rented by F. Valvo, who is now conducting a barber shop in the basement of the National hotel. He will turn the premises into a barber shop, for which it was used in former years. The upstairs apartments he intends to utilize as a residence. These rooms were recently rented by the athletic club, and the partitions taken out. Now that Mr. Green is surrendering the premises, these partitions will be again put in place, and the upper story restored to its former condition. These changes will dispense with one saloon on Main street, and avoid the anomaly of three saloons in succession.

Foresters of America, Attention!

Members of Court Jackson No. 148, F. of A., are hereby requested to meet at I. O. O. F. hall on Saturday, Oct. 8, 1904, at 9 a. m., to attend the funeral of our late brother, Mansuetto Scatena.

By order of the Chief Ranger.

HENRY WELLY, Financial Secretary.

Communication of T. K. Norman was read as follows: Board of supervisors of Amador county, Jackson, California, Oct. 1904. Sir:—I the undersigned, beg leave to call your attention to the fact, and notify you that one L. Mooney is now carrying on and conducting a wayside saloon at Ham's station, in the county of Amador, California, and is selling and selling wines and liquors therein, contrary to the provisions of ordinance No. 118 of the board of supervisors of said county, and without first having received the license required by said ordinance.

Yours most respectfully, T. K. NORMAN, License Collector of Amador Co., Cal.

After discussion the board failed to take any action in the matter, apparently on the ground that Ham's station was a convenience to the traveling public in summer time, and that it would be undesirable to demand the payment of the liquor license. In other words, the board is to be congratulated for conducting a saloon at this place, and the tax collector is unable to issue a license because the proprietor cannot show the permit from the clerk. He has simply carried out the law, and reported the matter to the board, and the board is satisfied for the matter to continue in this unsatisfactory state indefinitely, on some sort of an understanding that no license tax should be demanded of the saloon, but without any formal grant of a free license.

Warrants were cancelled on the various funds as follows: School fund, \$1037.31; Current expense fund, \$1406.43; Hospital fund, \$757.88; Salary fund, \$1329.14; General district road funds, \$1965.27; Bridge, \$180.15; Clinton special school fund, \$34.65; Ione union high school, \$382.70.

All money in the unapportioned fund belonging to county ordered apportioned to the salary fund.

Adjourned until first Monday in November.

Died Under the Operation. M. Scatena, a member of the firm of Talente & Scatena, who has been a sufferer for many months from necrosis of the bone of the right leg, near the hip, underwent the operation of amputation on Wednesday morning last, at his residence on Broadway. For several weeks he was under treatment at one of the hospitals in San Francisco. Owing to his generally weakened condition, the doctors there were apprehensive of the outcome of an operation for the removal of the leg. He returned home several weeks ago. It appears that the bone near the hip joint had become decayed. Everything that could be done to arrest the disease, but without avail. Saturday last the patient had a fall, and this greatly aggravated the case. At any rate an examination disclosed the fact that the bone near the hip joint was broken. A consultation was held, and the heroic measure of removing the leg close to the hip joint was decided upon as the only course of averting a fatal termination. In the patient's embelled condition it was fully realized that this operation was of the gravest character. Scatena himself agreed cheerfully to taking the risk that held out any hope of relief from the torture he has endured so long. Wednesday morning Dr. Endicott, assisted by Drs. Gall and Longo, performed the operation. The operation lasted about one hour. It was not quite finished when the patient, to the practical eye of the surgeons, gave unmistakable signs of collapse. The heart action failed, and in spite of all that could be done he died, while still under the influence of chloroform. The diseased leg was found to be in an advanced stage of decay. The bone was eaten through near the hip, and moreover, above the point of amputation the disease had seriously affected the hip bone. Without an operation the patient could have lived but a brief period, and had he survived the operation it was improbable that his hold of life would have exceeded a month.

Two cousins from San Francisco were summoned prior to the ordeal, as the surgeons held out but the faintest hope of a successful operation. Deceased was 48 years of age. He was a native of Italy, and leaves a wife and three children. He holds a half interest in the saloon business of Talente & Scatena, valued at about \$1000. The funeral is announced for Saturday, at 10 o'clock, under the auspices of the Foresters of America, of which order he was a member.

Bad Indeed. Losing flesh is indeed a bad sign. Take Scott's Emulsion for it. For weak digestion, for defective nourishment, for consumptive taint, Scott's Emulsion. It restores flesh because it strikes at the cause of the loss.

D. C. Carlton, the compiler of the new map of Amador county, was in Jackson last week. He is a geographer, and holds a half interest in the edition of the maps. He left for his home in Lodi this morning. The maps are for sale at the Ledger office, price \$10. Every school district, mining company, real estate man and farmer should get a copy of this map. The edition is small, less than one hundred copies have been completed, and these are selling rapidly. Send your orders to this office.

Nothing will seem an invalid as well as a patient of those fancy cakes from Nettles' Mkt.

The mixed passenger and freight train that left Ione for Galt Saturday morning was partially wrecked on the trip. We understand that a coal car broke in two, dumping its contents on the track and damaging the line for a short distance. The passenger cars were behind the wrecked car, but no one was injured. A wrecking crew had to be sent for from Sacramento to clear the debris and repair the damage, before the up train could make the trip. As a result the train did not leave Galt until midnight, and the stage did not reach Jackson until 5 o'clock Sunday morning.
