Legion Roll of Honor.

The following sums have been received as subscription to the Ledger since the last report. This acknowledgment is equal to a receipt for the respective amounts. If any persons have paid during the past month whose names do not appear in the list published here-with they will please notify this office so that the matter may be corrected.

TAX REFORM.

Governor Pardee's message is the most comprehensive, thoughtful and meritorious document of the kind that has been presented to the legislature for many years.

Principals and teachers' monthly salaries. Massachusetts \$67.40, New York 68.20, Pennsylvania 45.80, Ohio 43.40, Indiana 40.60, Michigan 36.00, Illinois 56.40, Wisconsin 35.80, Minnesota 40.40, Iowa 39.40, California 81.80.

These are the only states that pay anywhere near the salaries to teachers that California does.

Illinois pays less than two-thirds as much, Pennsylvania and Ohio pay a trifle over one-half, Indiana, Michigan, Wisconsin and Minnesota pay less than half, and Iowa less than one-third as much.

CASTORIA For Infants and Children.

The Kind You Have Always Bought Bears the Signature of. Compulsory Vaccination. There is a strong and growing prejudice against the law compelling all children to be vaccinated as a pre-requisite to admission to the public schools.

The message favors giving the legislature power to add new subjects of taxation to the assessment roll as circumstances may require.

The Dispatch is apparently considerably mixed on the consolidation of the offices of sheriff and tax-collector. It is against tacking the duties of tax-collector with the treasurer's office.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

TEACHERS' SALARIES.

The cry that is now going up throughout the state is for increased pay for public officials. The legislature now in session, will meet with the stereotyped demand for more pay from over-worked officials, who imagine that they are the "whole thing."
