JACKSON CITY ITEMS

Local Happenings About Amador's County Seat

Mrs G. A. Green of Stockton is spending several weeks in Jackson as the guest of her son, Geo. Green, foreman of the Argonaut mill and John Green also an employee of the Argonaut mining company. Mrs Green is a former resident of Jackson, having lived here 20 years ago.

Mr and Mrs George M. Hubert started Monday with their afflicted daughter Veryl, for San Francisco, where the child will be placed in the Children's hospital for treatment. Dr. Endicott, the family physician accompanied them to the city.

Mrs Chas. Peters and children have been visiting in Angels for the past two weeks.

The funeral of Mrs Mary Evans Buffington was held Friday afternoon of last week. Services were conducted by Rev. T. H. Nicholas of the M. E. church. The funeral was largely attended, many pioneers and native sons and daughters were present to respect the memory of one who has been a resident of the county and of Jackson for more than 50 years. The remains were laid by the side of those of her first husband, who passed away about 16 years ago.

E. V. Zumbiel and daughter also his brother, C. Zumbiel, wife and three children left Sunday morning on a trip to Yosemite valley, and expect to be away for a week. His brother will not return here, but will visit the southern part of the state.

Mrs F. M. Farwell came up from Oakland Friday last on a visit to Mr Farwell, who is living at the Jose Gulch mine, at Butte City.

Continued on page 5

Wed In Jackson

Shortly after seven o'clock yesterday morning, a small party of young people entered the beautiful little church of St. Augustine in this city, and standing before the altar, Sidney E. Jewell and Lillian M. Gregor, both of Jackson, plighted their troth in holy wedlock in the presence of the officiating clergyman, Rev. John E. Shea, Mrs Shea and John Mitchell. Mr Jewell, a native of England, is now a popular young resident of this city while Miss Gregor is one of California's most charming native daughters. As soon as the happy young couple return from their honey-moon trip through the state, they will make their permanent home in Jackson.

Booster's Dancing Club

Booster's Dancing Club will give another grand ball in Love's hall, Jackson on Saturday, July 23 for the benefit of Jackson grammar school. Patton and Springer's orchestra have been engaged, and it is needless to say that the music will be up to the standard. The committee in charge of the society have spared no efforts to make the event the best they have thus far attempted, and it can be assuredly said that the ball will be about as grand an affair as the town has ever held.

Lemon Social

The ladies of St. Augustine's guild held a lemon social last evening that was largely attended and proved a most enjoyable occasion. Various contests were held and excellent singing enjoyed. The proceeds of the evening will go toward purchasing electric fans for the Episcopal church.

Statement of Fight

Sheriff Gregory informs us that his reason for not arresting Walter Scott on the night of his fight with Milaslavich last week, was owing to the fact that he had, in the presence of several others, seen and heard the Austrian antagonize Scott and he thought Scott acted on the defensive, and in no way laid himself liable to arrest.

Entertainment Postponed

On account of the extreme hot weather, and so many being out of the city, those in charge of the entertainment planned for the Methodist Church thought it best to postpone the entertainment until August 27th.

SUICIDE BY TAKING ACID

Young Italian Despondent When Betrothed Jilts Him Takes Life

Gianni Simi, 21 years of age, a native of Lucca Italy, committed suicide last Monday, by drinking the contents of a one ounce bottle of carbolic acid at Botto and Pigeo's saloon north Main street, near Jackson Gate, where he had been boarding.

The suicide was engaged to be married, it is claimed, on August 1st. However, Miss Albina Davalle, his intended fiancee, claims the ceremony was to have taken place the Sunday coming. Both parties had all arrangements made for the wedding ceremony. They had visited Ginocchio's store and made purchases, which were wrapped and stored back of the counter waiting some one to call for them, they also visited the Red Front and Giovannoni's and purchased various things to help outfit the new place of residence. At White's furniture store a complete set of furniture was ordered.

On Monday morning Simi entered White's furniture store, and told the proprietor he wanted his order cancelled, and wished to get his deposit on the same returned. He explained to White that his girl would not marry him at the last minute and added, "I feel very bad, I don't care to live any more."

Simi had ordered a suit of clothing at Cuneo's store and he also cancelled this order. He invited several friends to drink at the Last Chance saloon, and also at the California hotel. He visited A. Scatena, a cousin of his fiancee, who lives directly opposite his intended's home on Bright Avenue, and then left for his home, arriving shortly before 3 p. m. After taking several bundles up to his room, he returned to the back room and told Charles Botto, one of the proprietors of the place, that he had taken poison. Botto not believing what his boarder was telling him laughed at him and said he was crazy; walking away, but Simi again declared he took poison and gasped, as he fell to the floor, "Call the doctor." Botto realizing that something was wrong, hurriedly called Dr. Gall and then tried to fill the victim with whiskey and sweet oil, but the unfortunate man's throat was so badly swollen that he was unable to swallow anything.

Dr. Gall arrived as the suicide breathed his last.

Miss Davalle when seen at her home on Bright Avenue directly after the affair, was on the verge of collapse, and sobbingly told of how her lover had on a number of occasions threatened her and himself. She declared he was of an extremely jealous temperament, and objected to her even conversing with male friends. She said he had seen her only the night previous and had promised her he would call again on the day of his fatal act. However, he did not show up and as she and her mother sat waiting for him to appear, news was brought them of the tragic ending of his life. Both mother and daughter seemed greatly grieved over the sad and sudden death of one who was about to become a member of the family, as the daughter declared she would have marred him had he consented to have the ceremony take place on the coming Sunday. Simi however, objected to the date, insisting upon having the ceremony held on the first of August.

At the examination held in supervisors room at 9 a. m. Tuesday, July 19, Dr. Gall testified of finding the victim in a dying condition, as the result of having swallowed carbolic acid in the bar room of Botto's saloon on north Main street, just below the Greek church. Botto, one of the saloon proprietors was next called and testified of the victim's dying condition, he said Simi boarded with him several months, and appeared to be a fine fellow. He also told of the deceased's resignation at the mine, and asserted he did not know where the poison was obtained which destroyed the young man's life, he also declared that he never knew the man to drink excessively. Geo. Gionietti was sworn and testified he was living at the Kennedy boarding house, and employed by the Kennedy mining company. He asserted that the deceased was a first cousin to him, aged 21 years, born in Italy, he said his deceased cousin told him Sunday night he intended leaving

COMEDY WAS VERY GOOD

Entertainment Enjoyed By All Those Who Attended

The three act comedy entitled "Brown's in town," given at the local theater by home talent, warrants us to say that Jackson's local theatrical talent ought to be held together in some manner, by organizing a dramatic society of some sort, in order to give this city an entertainment occasionally such as was produced on Saturday night.

The play itself carries an excellent reputation as a drawing card, in all the larger cities in the United States, running for 8 weeks consecutively in New York and the same number of weeks in one of San Francisco leading theaters.

All considering the show was good. It was a difficult play to stage, and the parts extremely confusing, keeping the audience throughout the entire program anxiously awaiting each part as it was produced.

R. S. Bierce, handled the character of Dick Preston, with deliberate ease, notwithstanding the fact that his part as leading man was a difficult one. Harvey Mason, as Able Preston, Dick's father, was well acted and enjoyed. Mason makes up well in an old man's character. Wm. Penry Jr., as Arthur Howard, a dentist, deserves much credit for the exceptional manner in which he handled his part. T. A. Hedgepeth, characterized Worth Carew, a gentleman of leisure, and Frank Valvo took the part of the gardener. The part of Freda Von Hollenbeck, a German Heiress, was acted by Mrs R. S. Bierce. Her make up was typical and her part very well rendered. Lettie, Dick's wife, was taken by Hazel Green. Miss Green is very graceful and pleasing on the stage, and is becoming popular to her Jackson admirers. Her sister Ethyl took the part of Susan Daere, who knows a thing or two, and although she had about the most difficult part in the show, we must say she was about the best character on the stage. Mrs J. J. Wright as Primrose Johnson, the lady cook was also well acted, and on the whole the show was as stated by this paper about the best ever produced by local talent.

A social dance followed the entertainment, which all were cordially invited to attend. Lodi's orchestra furnished the music for both the play and dance.

New Bandmaster

Prof. A. S. Moore of Berkeley arrived in Jackson last Saturday, and was received by a committee representing the Jackson military band and taken around the city and introduced as the new bandmaster. Prof. Moore has had his musicians working hard each practice night since, and at the coming Saturday evening concert, a fine entertainment can be expected. Moore it is reported, is an excellent violin and cornet player, and handles both band and orchestra music with entire satisfaction to the most skeptic musicians. He is also a piano tuner and expects work along that line, in order to help him defray his expenses while in Jackson. Several students it is reported will undergo a course of instruction with him, and it is to be hoped he can be shown inducements to remain here. Moore is rooming at Mrs Francis home on Broadway.

Following is the program for the band concert to-morrow evening, July 23, from the porch of Love's hall:
March, "Thundercloud," F. H. Losey; selection, "Bohemian girl," Balfie; caprice, "Garden of Love," Mahl; waltz, "Discovered Love," Geo. Marsh; Intermission; barn dance, "by the light of the silvery moon," Edwards & Smith; Spanish serenade, "Anita," Thos. S. Alken; Ov. "Superba," Dably; rag novelty, "Cubana Glide," Von Tilger; A. S. Moore, director.

Get a Chemical?

Jackson's fire department is in bad need of a chemical wagon. The city can with little reasoning and figuring, and with proper inquiries, learn where an appliance of this kind would in a short time more than pay for such an investment. Sutter Creek leads us in this step, by providing its department with a chemical that will afford property owners more security and lesson the dangers of calamity.

It would shudder anyone to conjure the results of a fire breaking out in Jackson on a day like yesterday, with no water in the city and no possible way of getting any supply down town, and a fair breeze blowing.

Position at Depot

Whitney Rust, son of the late Judge R. C. Rust, came up from Berkeley, early this week, and will take a position as clerk at the depot of the Amador Central railroad at Martell.

Birthday Party

A very enjoyable birthday party was given by Miss Theresa Leonesio, the 18 year old daughter of Mr and Mrs Peter Leonesio, who reside in Scottsville, last Tuesday evening.

The large crowd enjoyed themselves by playing various games, and holding a drawing contest. Carrie Giannini carried off the first prize, and Miss Dena Vigna won the booby prize. Music was also part of the evening's program, after which delicious refreshments were served. Following is a list of those present:
Misses, Madge Sanguinetti, Hilda Sanguinetti, Mammie Quirrollo, Frances Garbarini, Martina Genolio, Dena Vigna, Julia Foppiano, Katherine Fierrari, Ethyl Clark, Gertrude Garbarini, Carrie Giannini, Julia Vigna, Elsie Belluomini, Carrie Leonesio, Theresa Leonesio, Mrs Emil Marcucci, Mrs Virgilio Belluomini, Mrs Angelo Marcucci, Mr and Mrs Pete Leonesio; Messrs, Henry Murphy, Ben Cromer, Mryon Matson, Dick Oulds, Gus Laverone, Arthur Maloni, Dick Williams, John Botto, Nick Quirolo and John Genolio.

JACKSON WINS GAME

Local Team Has Line Up That is a Credit to Foot Hill City

Jackson's base ball team went to Angels Camp Sunday last and carried off the hardest contested game they have thus far played by a score of 5 to 4 in the home team's favor. Jackson carried with them about the best material available. The team left Jackson at 5 a. m. Sunday morning one carriage was compelled to put up, their team at San Andreas, owing to the giving out of a horse. A new team was engaged and the players arrived at their destination about 11 a. m. at 2:30 p. m. the game was called, and from the opening inning up to the close of the game, it was a continuous round of intense excitement. Jackson not being able to score up until the 7th inning, when 2 runs were made, in the 8th inning 3 more runs were piled up.

Steel, former pitcher for Sutter Creek played left field and pitched, and the score sheet speaks for itself as to the valuable part he took in the game, 1 run, 2 hits, 1 put out and 1 assist, with no errors. There were only three players who had no errors in the game, Mason, Cromer and Steel, yet with all the team work, over came the 12 errors piled up by the rest of the team, owing to the steady stiff work they were encountering at the hands of the Calaveras team.

Cromer played his old style ball, 1 run, 1 hit, 10 putouts 1 assist and no errors. Love did his part and each of the other players covered their positions in a most creditable manner. Captain Huber was in charge of the party, and was about the best pleased baseball payer in Amador county when he returned with the opponent's scalp. Ben Spagnoli, the team's manager, was unable to attend the game.

Mine Stock Quotations

Amador county mines are the only mining properties in California that now figure on the San Francisco stock board. The stock of five mines are called almost daily, namely: Argonaut, \$2.75 per share asked; Bunker Hill \$5 per share bid; Centra Eureka, 70 cents asked; Kennedy, \$11 per share asked; South Eureka \$4.50 bid, \$5 asked. This shows the interest of investors in the deep mines of this county. With the exception of the Central Eureka, all the mines above mentioned have been on the dividend paying list, disbursing large sums per month to the stockholders, and are likely to continue to do so for many years to come.

MINE NEWS ALONG LODGE

Interesting Accounts of Mines Located In Amador Co.

Argonaut
The directors have decided to suspend the dividend payments temporarily. The stockholders were notified to that effect early this week. A monthly dividend of 5 cents per share has been paid regularly for some time, on the 20th of the month. The suspension notice was sent out before the 20th, so stockholders take it that there will be no payment this month. The ore bodies in the lower levels have developed in size, but the quality of the ore has declined. In addition to this the litigation with the Kennedy Extension Company, has involved heavy expense in defending the suit. While the outlook for the mine was never brighter, it was thought advisable to quit paying dividends for the present. It is not yet decided when the big damage suit will be brought to trial.

Bunker Hill
Dividend 49 was paid on the 15th, of 5 cents per share, amounting to \$10,000. Since the company started the payment of dividends near four years ago, not a month has passed without the stockholders receiving a check. At first the dividend payment was at the rate of 3 cents per share, then four cents, and finally 5 cents per month as the regular distribution. Frequently an extra dividend has been declared. During the past six months \$80,000 has been paid to the stockholders. A printer's error crept into our last report. We were made to say that the running expenses for the last half year were \$80,000, whereas that sum was the aggregate of the dividends paid. The running expenses were \$82,756.96 for the six months ending June 30, 1910.

Mother Lode League

Jackson's new baseball captain, Huber, is using his influence to start a "Mother Lode League," baseball organization, comprising Placerville, Plymouth, Amador, Sutter Creek, Jackson, and Angels Camp. The little rustler has as many of his Jackson 9 on the diamond each day as can be present, and a hard practice game is gone through.

Sunday next he has the following good line up, to meet Angels Camp. Fortner, catcher; Vela, pitcher; Cromer, first base; Love, second base; Skelly, third base; Huber, short stop; Mason, left field; Steel, center field; Rust, right field. At a glance the line up shows to all the attendants of the game that very little improvement could be suggested as to the line up, and we don't hesitate to say with our old third baseman back on his place, the local team will easily repeat last Sunday's showing at Angels Camp.

Given a Surprise

A most enjoyable surprise party was tendered Mr and Mrs Joseph Ratto at their new home on Broadway Tuesday evening. The guests assembled about 8 p. m. and music and games were enjoyed up until a late hour. The following guests were present:
Mr Rainsford, Mr and Mrs Geo. Vela, Mr and Mrs Bierce, William Penry Jr., Joe Phelps, Mr Scott, Mr and Mrs Fred Eudey, Esther Turner, Maud McGary, Annie Love, Earl Vela, Ed. Kay, Hazel Green, Harvey Mason, Frank Valvo and Cleveland Jones. After the party had thoroughly enjoyed themselves a report was spread that Julius Picardo was married at Angels Camp Sunday last, whereupon the entire party started for Julius' place of residence to serenade him. They could not find him however, and so proceeded to the home of J. Wright, on Court street. Mr Wright was given his share of good will and best wishes, and William Nettle was next visited at his home on Court square. The party finally separated after singing a few songs about 12:30 a. m., near the National hotel.

Visits Amador Lodge

Judge Woods, accompanied John L. Childs, judge of the superior court of Del Norte county, Cal., and several others drove over to Amador City Tuesday evening to attend a meeting of the Knights of Pythias.
