### SUTTER CREEK

Sept. 16—Leo Williams is at home again, after enjoying a brief vacation sight seeing, and the celebration in San Francisco.

Miss Agnes Hodges is a victim of the mumps.

Walter Bozeman left Monday morning, returning to Fresno to resume his studies at college, after spending the summer vacation with his mother, Mrs Eli Vandament.

Rev. C. H. Easterbrook and wife were outgoing passengers this morning, enroute to Pacific Grove, to attend the annual M. E. conference.

Mrs Gertrude Downs and niece, Miss Jacobs, returned from Santa Cruz Saturday evening.

Charles Gorman and wife returned Sunday evening, after a brief visit in Sacramento with relatives and friends.

Mrs Charles Johnson and daughter returned to her Sutter Creek home Sunday, after an absence of three months, visiting with her husband in Nevada.

Mrs Wm. Depauli returned from an extended visit in San Francisco last Wednesday.

Eward C. Jones returned home from Sacramento, after an enjoyable visit.

An early morn wedding quietly took place at the M. E. parsonage this morning, when Louis H. Canvin and Miss Maud Hambric were joined in the bonds of matrimony by Rev. C. H. Easterbrook. The couple were attended by Miss Carrie Canvin and S. Smitherum. Immediately after the ceremony, they left for the station, where they took the train enroute to San Francisco to spend their honeymoon. Both young people are from Sutter Creek, and have a host of friends who wish them a joyful future.

William Richards spent a few days with relatives in Jackson.

### CAN'T BE SEPARATED

Some Jackson People Have Learned How to Get Rid of Both

Backache and kidney ache are twin brothers.

You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's kidney pills make strong, healthy kidneys.

T. J. Seymour, 51 Pitt street, Jackson, Cal., is injured at that time my kidneys were affected. My back grew weak and ached a great deal, and the kidney secretions annoyed me by their irregularity in passage. These difficulties clung to me until I began the use of Doan's kidney pills, procured from the City Pharmacy. Since taking this remedy I have been free from kidney complaint and have enjoyed much better health. In 1907 a member of my family gave a public statement, telling of my experience and at this time, I am pleased to corroborate all that was then said in praise of Doan's kidney pills.

For sale by all dealers. Price 50 cents. Foster Mithrun Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Produce Fair In Stockton.

On September 28, 29, 30 and October 1st, 1910 the citizens of Stockton and San Joaquin county will hold a real old fashioned Fall Produce Fair and Carnival. This revival of the county fair idea is sure to create a good deal of enthusiasm and interest. Emphasis will be laid upon the produce exhibit. Farmers, fruit men and produce people generally have promised to make up an exhibit in this line that it will be worth going many miles to see. Liberal premiums and prizes have been offered for the best exhibit in various lines and this has already stirred up a great deal of competitive enthusiasm. The show will be held in large canvas pavilions on the plaza and Main streets of Stockton and every provision will be made for the comfort and pleasure of visitors. There will be plenty doing in the amusement line, plenty of music and plenty of fun and frolic. Every one is invited and the railroads will all give special round trip rates to those who attend. Make an engagement with yourself to be there.

Mrs O. E. Martin is expected home this week.

The local opera house has been painted, which adds greatly to the improvement of the structure.

Miss Fanny Kelly left for Sacramento Thursday.

Mr Clarence has returned home, after a few months in Grass Valley.

Mrs Nicholas and son John returned home Tuesday night.

George and Elton Lane are visiting their aunt, Mrs Rodda of this city.

We are glad to hear that Olive Venning is improving, although very slowly.

Milton Hibbard left for the mountains, where he will enjoy a vacation.

Mr James has returned home, after several months absence in Corea.

Mrs Robert Culbert and sister, Miss Palmera White, have been suffering from sore throat.

Mrs J. H. Oats is quite sick, the doctor being called very suddenly. At last reports she was improving slowly.

William Richards spent a few days with relatives in Jackson.

The quietness of Amador was stirred up on Sunday evening by a fire, at the home of Mrs Cavagnero. The fire was checked before much damage was done.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's stomach and liver tablets you can improve both. Sold by all dealers.

### Jailed for Burglary.

A week ago last Wednesday a stranger arrived in Ione, and claiming to be a druggist, was given employment in that capacity in Williams' drug store. He seemed competent in every way. Saturday he drew a few dollars on account, and Sunday night got into a gambling game and lost. He left for a few minutes on two occasions, returning each time with a fresh supply of coin, which he also lost.

Next morning Williams found that the store had been burglarized during the night and the cash register rifled of all its contents—about \$6. Nothing else had been disturbed. The stranger appeared on duty that morning as usual. During the day some jewelry was missed. Constable Kelley suspected the stranger, and finding him at a business place searched him and found the jewelry—a watch, ring, etc—in his pockets. He was arrested, and brought to Jackson by deputy Connors the same evening, and lodged in jail. He owns up to the affair. He is said to be highly connected, and efforts have been made to keep the matter as quiet as possible. The name given is Mack, but this is thought to be assumed. The crime has given rise to much comment. A hearing will be held in a few days.

ANY LADY can easily make from \$18 to \$25 per week working for me quietly in her own home locality. This is a bonafide offer—one which will pay you to investigate, even if you can only spare two hours per day. No investment required. Turn your spare time into money. Write me at once for particulars. Address MARY B. TAYLOR, Box 30, Woman's Building, Joliet, Illinois.

J. Giannini has returned from a visit at Sutter Creek and Amador City.

Mr and Mrs Tony Delucchi and little Helen accompanied by Mrs Delucchi's mother, Mrs Margaret Gillick, departed for Stockton Wednesday, where they will visit at the home of the latter's daughter, Mrs C. S. Webber.

### Men's Private Diseases Cured

quickly and effectually at your own home by a regular physician of long practice. Medicines with full directions sent to your nearest Express office; you paying the charges \$5.00 on taking out package. Address, Mail Medical Dispensary, Lock Box 36, San Francisco, Cal. No. 5

### Big Financial Scheme

A big trust deed, embracing probably from 50 to 60 pages of type written matter when spread upon the records, was filed for record with the county recorder last Wednesday. It is from the Kennedy Extension Mining Company, operating the Muldoon mine near Jackson, which company is involved in a big damage suit against the Argonaut Company, to the Mercantile Trust Company of San Francisco. It conveys all the mining property held by the Kennedy Extension Company to the trust company, to secure the payment of bonds to be issued by said mining company to the tune of \$250,000, bearing interest at 6 per cent. This method of raising money by the issuance of bonds is somewhat new to Amador county. An erroneous impression exists to the effect that the Mercantile Trust Company which figures in the transaction, is responsible for the payment of the bonds, if issued. This is not so. The trust company will not have to put up one dollar, in the event of the mining company failing to meet its obligations. The San Francisco company is merely the trustee, and only obligates itself to foreclose, in the event of the non-payment of bonds or interest thereon, on petition of a certain percentage of the bond holders requesting such action. It is merely an ordinary transaction in the trust line as far as the Mercantile Trust Company is concerned. If in the event of foreclosure, the property covered by the trust deed is insufficient to realize sufficient to pay the bonded indebtedness, etc., the bondholders, and not the trust company, will have to stand the loss, or at least look to other sources than the trust company to make good the deficiency.

Urban Spagnoli and Dr. J. F. Wilson will leave Jackson to-morrow morning for Blakeley's range, where they will enjoy a short fishing and hunting trip.

### DOCUMENTS RECORDED.

W. J. Davis and wife departed Tuesday, to spend a week in the city.

"Buela."

### Cruisers at Work

A force of men are still at work in the mountains cruising the timber in the hands of private parties, and also along the edges of the government reserve in this county. It is said the work is being done in the interest of a capitalist named Ruggles, who has large lumbering interests in the middle west, as well as on the Pacific coast. He is said to have acquired considerable timber land in this county already, and is looking around to enlarge his holdings. The cruisers are favorably impressed with the valuable tract of timber lands in the eastern part of the county. It is bound to come into market within a few years. Whether those who are surveying this timber belt have any definite idea of finding an outlet for the product we cannot say. It is rumored that the protected new power plant above the head of the present Standard Electric Company's ditch may help the development of the lumbering interests, by supplying power for removing the logs. There are from 15 to 20 men engaged in the cruising of timber lands in this section.

### Locate at Galt

D. R. Anthony and wife left Wednesday morning for Galt, with the intention of making their future home in that town. They have purchased a residence with about three acres of ground. After looking around for a suitable place, they decided that this was what they wanted, and bought it. Their household goods were shipped from Jackson Tuesday, and they followed them next day. Mr Anthony was blacksmith at the Argonaut for many years, but had to give up his employment some months ago, on account of disablements from two accidents—one by being struck by a street car in Sacramento, and the other from having his hand crushed by some machinery at the Argonaut.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's cough remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all dealers.

### Mrs. McIntyre

Mrs Alurina McIntyre, who passed away at her home in Volcano on August 29, was born in the state of New York, on March 3rd, 1810. She moved with her parents, Asa and Clarisa Burt into Chemung county, N. Y., when that part of the state was first being settled.

She was married to William McIntyre on September 1st 1845.

Mr McIntyre came to California in March 1852, expecting to remain only a couple of years, but instead of returning to New York, he sent for his family, which at that time consisted of his wife and daughter, who is now Mrs Benj. Ross, a little son having died after Mr McIntyre's departure for the goldfields. Another daughter, now Mrs Finley Goodman, was born to them after Mrs McIntyre arrived in California.

Mrs McIntyre came by way of Panama, crossing the Isthmus by rail shortly after the road was completed, and continued on her journey by steamer to San Francisco, thence to Sacramento by steamer and from there to Volcano by stages, arriving about the 28th of December, 1859. She was known for a number of years, by the old settlers as "Lady Mc."

From childhood, she was very industrious, and when not engaged in her household duties she was ever busy with her needle, making embroidery or patchwork quilts, the latter being her favorite pastime, she having pieced and completed more than one hundred patchwork quilts, and continued to enjoy the work until she had passed her 83 year. She always loved to be out of doors, and spent a great deal of time walking or visiting with her friends who were less fortunate than herself.

She leaves behind her two daughters Mrs Sarah F. Ross, and Mrs Minnie H. Goodman, nine grandchildren and ten great grandchildren, also many friends to mourn her loss.

## QUARTZ MT.

Sept. 7—The Bunker Hill started grading out for the new mill on Monday morning, and have made good headway. Joe Caneo has charge of the grading.

Fred Waters has finished hauling gravel for Mr Darrow, who is going to make concrete foundations for his new cyanide tanks.

Mrs A. J. Peyton went to Amador yesterday with butter for her customers, and returned home early in the afternoon. When she got home her son Edward was there, and she told him to unhitch the horse while she got a lunch ready. Ed. put the horse in the barn which is close to their blacksmith shop, and went in and sat down to eat his lunch. His mother said she heard something cracking, and they looked out and the barn and blacksmith shop were both in flames. They had all they could do to save their house from burning. There was another horse in the barn besides the one just put in, and both were burned to death.

Fred Leon is running hoist at the Treasure mine, which is working eight hour shifts on the engine. At first they worked only two shifts a day. Tom Wyndan is going to Lodi on business shortly.

Allen and McCully have about finished cleaning up at the Keystone. Allen says there is nothing left but angleworms around the Keystone.

Misses Josie and Lizzie Ford went to Oakland a few days ago.

Ruth Dynan returned home from Martell last evening.

George Baker took his skunk scalps to Jackson, and had them cashed Friday last. The county had better give a bounty on dog scalps, so we can get rid of a few that are running around feeding on sheep and hogs.

Little Leland Gardner has thoroughly recovered from the effects of his injuries.

There have been no forest fires in this section up to date, thanks to the "strictly no shooting allowed," notices posted by most all of the property owners.

Dr. Goodman was over to Quartz mountain yesterday morning, looking after his property. The doctor has quite a lot of pasture land in this district.

Chamberlain's colic, cholera and diarrhoea remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all dealers.

### IN LOVING MEMORY

Plymouth, Cal. Sept. 3, 1910.

To the officers and members of Plymouth parlor No. 48, N. S. G. W.

Your committee appointed to prepare resolutions expressive of the sentiment of the parlor upon the death of George P. Bonnefoy respectfully submit the following:

Whereas—Almighty God in his omnipotence, has seen fit to remove from our midst our brother, Geo. P. Bonnefoy, promoting him to a seat in the Heavenly Parlor on high; and Whereas we realize that by his untimely death, a place has been left vacant in our Parlor which will be hard to fill; Therefore be it resolved, that while we humbly bow to the Divine Will, we do deeply and sincerely deplore the loss of our brother, whose uprightness as a citizen, and a Native Son, will ever serve as an inspiration to us, and be cherished in loving remembrance, and let it further be resolved that we offer our heart felt sympathy to his bereaved relatives in this their great loss, and be it further resolved that these resolutions be spread upon the minutes of this parlor, that a copy be sent to the sorrowing relatives, and to the Amador Ledger for publication. That our charter be draped in mourning for a period of 30 days.

Fraternally submitted in F. L. and C.

## FROM OUR EXCHANGES

### News of Interest from Near-by Counties

The post office department has issued an order whereby mail is sent to Clarksville on Tuesdays, Thursdays, and Saturdays only, instead of daily as heretofore. Mail to Clarksville is put off the afternoon passenger train at White Rock and taken by carrier to Clarksville, three miles distant. It appears that nobody wants to carry the mail daily for \$300, the maximum amount offered by the department, hence the new ruling. At one time there was talk of having a rural delivery route from Folsom through the Clarksville district, and it is probable that the people of that section may look upon the proposition favorably when they find themselves deprived of their daily service.—Folsom Telegraph.

The contest between Charles P. Snyder and John Hancock for the Republican nomination for district attorney of Calaveras county has been decided in favor of Hancock. On the face of the returns Hancock won by a majority of two. Complainant charged misconduct on the part of election officers in 34 precincts and claimed he was entitled to a majority of 34 votes. The recount showed that Hancock had a majority of 12 votes. Judge Dooling of San Benito heard the case.—Citizen.

Failure of water has forced a suspension of work at the Shawmut mine. With the exception of the Harvard, the mines along the Mother lode have become idle because of failure of the water supply.—Banner.

Joe and Melvin Zwinge, who are in charge of Walter & Nuland's cattle at Big Meadows, in the high Sierras, had a rather exciting experience about two weeks ago. The young men were out on the range looking after the cattle when they suddenly came across a monster bear. Mr Bruin tried to make his escape, the boys not knowing what fear is, and both being mounted on good horses gave chase and after going through standing timber and felled logs for several hundred yards his bearship concluded to stand his ground. Mevlin had a carbine rifle attached to his saddle and being an expert shot with that weapon laid the bear low. The boys have the pelt on exhibition at their camp in Pumpkin Valley.—Citizen.

### Year's Report

The adjourned quarterly conference was held at the Methodist church last Tuesday evening. There was a large attendance of officers and members present and a good spirit prevailed all through the session.

The pastor and officials gave their reports for the year. The pastor, Rev. T. H. Nicolas, reported that the church had lost three members by removal, and two by death, and of receiving one by letter, which leaves a membership of 50 at the present time.

The pastor reported having made 630 pastoral calls during the year, and preached 100 sermons, baptized five children, married 14 couples, and officiated at 21 funerals.

The president of the ladies aid society reported that 13 meetings had been held, that \$64.75 had been received for dues, and that \$340.75 had been received from other sources, a total for the year of more than \$405.00. She reported that this money had been applied as follows: Expenses in parsonage, \$21.65; debts paid, \$147.35; applied for pastor's salary, \$236.50.

The Sunday school superintendent reported an attendance as good, with 111 children and 15 officers and teachers, and an average attendance of 85.

The church treasurer reports that \$895.55 had been received to date, and this amount \$815.40 had been applied on pastor's salary, and the balance for janitor, fuel, taxes etc., leaving a deficiency of \$184, which the officials will endeavor to raise by the end of September.

The pastor spoke in the highest terms of his treatment in Jackson during the past three years, that he had been kindly received by all classes of people, and thanked them for standing so loyally by him. He hopes that the same kind of treatment would be given to his successor, and that the faithful few, who so loyally stood by the church, would soon be cheered by seeing a great revival of interest and spirituality, and that the next year would be the best year in the history of the charge.

The A. Van der Nailien School of Practical Civil, Electrical, Mining Engineering. Established 1864. Occupies their own building, workshop and laboratories. Open all year. Great demand for students in all lines. New students should enroll at once. Address 521 1/2 St. and Telegraph Ave., Oakland, Cal.
