Basis of Confidence

The fact that so many prominent and distinguished business men are patrons of this bank is not in itself perhaps a sufficient reason for your becoming a patron of it until you have investigated and approved the merits of our claims to your confidence, but it is an item of sufficient importance to justify you in making an examination of our claims to merit. The basis of successful banking is capable management, and sound resources which beget public confidence. If we obtain your patronage we want your confidence to come with it.
