MINERS WILL BE ALLOWED TO WORK WHERE THE COAL OPERATORS AGREE TO PAY THE ADVANCED WAGE SCALE

Convention of Mine Workers Decline Offer Made By the Barons to Submit the Wage Differences to Arbitration

VICTORY FOR BREAD WINNERS

COAL OPERATOR READS TO ADVANCE WAGES
represent 2,000,000 tons in the Hooking Valley. They have experience with strikes. They are terrible things. Let the operators here to stop the strike. Open your hearts and pay the wages asked by the miners. You will lose more money by a strike than by paying the wages asked.—D. K. THOMAS, in Fiscal Conference.

Indianapolis, March 30.—The national convention of United Mine Workers of America adjourned this morning after authorizing the local and district officers to sign the wage agreement with any coal operator who would agree to pay the scale of 1903 or its equivalent for two years. This is an advance of 25 per cent on all districts except the southwest, composed of Missouri, Kansas, Texas, Arkansas and Indian Territory, where an advance of three cents a ton is demanded as the 1903 scale is practically in force in that district.

The convention declined an offer made by the operators to submit the wage differences to arbitration. Where a coal operator owns mines in different districts, the scale must be signed for all properties at the same time before any will be allowed to run.

The action of the convention will bring out of the mines tomorrow night 505,500 men in the anthracite and bituminous fields. These will remain on a strike until the district or with individual operators.

The only miners at work Monday will be 25,000 men in the New River, Pocahontas, Fairmount and Central fields of West Virginia where it was agreed several days ago to allow the miners to remain at work until the convention of that district, now in session at Charleston, has reached a disagreement with the operators.

Men now ordered out will return to work soon as the scale is signed. It is anticipated, the scale will be signed in a few days, by the employers of 75,000 miners. The Pittsburgh Coal company and F. L. Robbins of Western Pennsylvania, who also owns mines in Ohio, Illinois and West Virginia, will, it is expected, sign at once together with a number of independent operators.

The signing of the scale will be a big step toward the settlement of the coal strike. It is generally believed that the settlement will be reached in a few days.

The joint conference of this district adjourned today after disagreeing and after the miners unanimously declined to submit the differences to a commission to be appointed by President Roosevelt.

The national executive board will meet tomorrow morning to take up the details of managing the strike. It was empowered to decide as to what employees will be allowed to continue work at the mines to prevent destruction of the property during suspension.

There is in the national district and local treasuries of the miners \$2,500,000 of which \$400,000 is in national treasury. A convention today failed to expel Patrick Dolan and Uriah Bellingsham the Pittsburgh district officials, from the organization by a vote of 450 to 357. The conspiracy was referred back

GREAT MYSTERY COVERS MURDER IN MINNEAPOLIS

BAND OF ELEVEN BULGARIANS ARRESTED IN DULUTH FOR KILLING SIX GREEKS.

THEY PLEAD INNOCENCE

Story Told By the Suspects Only Serves to Intensify the Mystery Enshrouding the Terrible Tragedy.

Minneapolis, March 30.—The case of the murder of six Greeks in Duluth, Minn., has become a mystery. A band of eleven Bulgarians, arrested in Duluth for killing six Greeks, have pleaded innocence. The story told by the suspects only serves to intensify the mystery enshrouding the terrible tragedy.

President Mitchell had absolute control of the convention throughout its sessions and every act desired by him was done. He signified today that if the convention did not adopt the resolution permitting the miners to sign wherever the advance scale was paid, he would resign. The vote was unanimous, although Vice President Lewis took a vigorous position against it.

Washington, March 30.—President Roosevelt is non-committal as to what action, if any, he will take regarding the coal strike. It is known, however, his replies to telegrams received from Indiana will be to the effect he has the whole matter under consideration and it may be some days yet before he decides what, if anything, can be done.

Joplin, Mo., March 30.—Already some Missouri-Kansas zinc mines have been compelled to close because of a lack of coal. The railroads have ceased shipping coal and are confiscating all commercial shipments so that within a few days, practically all the mines running on coal will be in distress.

Des Moines, Iowa March 30.—Immediately after receiving word of the favorable action of the Perry resolution, at Indianapolis, the joint conference of Iowa miners and operators a session here, agreed to undertake the adjustment of the new scale and contract. A joint committee was appointed and asked to report at once Tuesday. The old scale expires tomorrow night and the Iowa miners will shut down pending an agreement, the miners furnishing enough men to protect the mines and keep them open.

It is generally believed that the settlement will be reached in a few days.

Austin, Tex., March 30.—Fully 10,000 people witnessed the hanging of Tom Young in Williamson county, thirty miles north of this city today. The hanging occurred on the open prairie and spectators came from a radius of fifty miles, hundreds being there with their families in wagons.

Young was a white man and was convicted of assaulting and murdering a 16-year-old white girl whom he had adopted.

San Francisco, Calif., March 30.—Jesse Tenenbaum, father of Harry Tenenbaum, better known as "Harry Tracy," the pugilist who died after a gloomy contest with Frankie Neil, February 25, has sued the Associated Athletic clubs which conducted the affair for \$100,000 damages. He accuses the managers of the fight of being responsible for the death of his son.

Abilene, Tex., March 30.—An eastbound Texas & Pacific passenger train collided with a freight train near Eschka today. No one was seriously hurt, though several passengers sustained minor injuries.

MODERATES MAY RESCUE RUSSIA FROM REACTION

THEY WILL PRESERVE BALANCE BETWEEN THE LEFT AND RIGHT PARTIES.

ARE ADDING TO POLICE

In St. Petersburg—Witte Heads Special Commission to Increase the Force by Fourteen Hundred Men.

St. Petersburg, March 30.—The moderate party in Russia is adding to the police force. A special commission has been appointed to increase the force by 1,400 men. The moderate party is adding to the police force. A special commission has been appointed to increase the force by 1,400 men.

M. Guechhoff further declares that the peasant are an unknown factor so far as parliament is concerned. The orator, he says, are not reactionary, and are likely to be more radical on the agrarian question than the constitutional democrats themselves. He fears the latter, when he considers the peasant's masquerading as constitutionalists.

Helmsfors, Finland, March 30.—There is increasing fear here that the reactionists of St. Petersburg are planning to provoke trouble under cover of which they will withdraw some of the liberties granted to the country. The socialists' delegates at the congress are pledged to oppose any such move and if the attempt is made they will be ready to defend the liberties of the country.

Des Moines, Iowa, March 30.—The house passed the anti-pass bill 76 to 17 with an amendment including all federal officers and publication clause which will require legislators now here to pay their way home. If the senate accepts the amendments the measure will become a law. The bill affects the federal as well as state officers.

Bremen Haven, Germany, March 30.—John H. Schaefer, American consular agent here, will celebrate on April 1 the 50th anniversary of his entrance into the American consular service. The state department at Washington has expressed its appreciation of his long service.

SURE DEATH OF STARVATION ON FROZEN PLAINS

HORRIBLE ACCOUNTS OF CANIBALISM AMONG TRIBES INHABITING THE ARCTIC.

TWO TRIBES ARE DEAD

The Men Having Adopted Spartan Resolution To Kill Wives and Children and Then Suicide—A Revolting Story.

St. Petersburg, March 30.—Horrible accounts of cannibalism among tribes inhabiting the frozen Arctic plain of Chukotka, at the extremity of Asia. Most of the reindeer died of starvation during the winter of 1904-5 leaving the inhabitants without means of communication or food.

During the last winter, whole tribes have died and members of the Omoiak and Olova tribes, when facing starvation, assembled in council and decided that nothing remained but death. They agreed that each head of the family should kill his wife and children, and then commit suicide.

Tribesmen gathered on the plateau covered with snow and ice and in the darkness of Arctic winter, the Spartan decision was executed, not a single member of the two tribes surviving.

More revolting still, is the story of what occurred in the family of the Yukahir tribe. A mother and nine children having died of hunger, the father, surviving daughter and a nephew lived upon the remains and when they were consumed the father murdered the nephew.

A Russian named Dolganoff who went to the region to buy furs reported the situation to the authorities at Yakutsk, Siberia. He entered a snow hut of a Yukahir family while the latter were eating the head of a murdered relative.

SITUATION GRAVE

Troops Ordered Into Street and Drive Back Rioters at Point of Bayonet in Street Car Strike.

Chicago, March 30.—While the disorders of yesterday were not repeated today, no effort was made to carry passengers on the street cars. Half a dozen cars loaded with policemen, were run through the principal thoroughfares.

The street car situation became grave this afternoon. Troops were ordered into the street and drove the rioters back at the point of the bayonet.

The feature of today's disturbances was the arrest of two detectives for assault. One of them, attacked Mayor Sharp and City Solicitor Hunt, not knowing who they were.

WENT INTO DITCH

Eastbound Nickel Plate Train Jumps Track Injuring 25 Persons, One Fatally.

Fort Wayne, Ind., March 30.—Near South Whitley this afternoon several cars of an eastbound Nickel Plate passenger train went into a ditch injuring 25 persons, one fatally. Only the baggage car and rear trucks of the dining car remained on the track. The person fatally injured in an unknown woman en route to Cleveland from Chicago. Her skull was fractured and she is in a dying condition. It is supposed the rails spread or the trucks of the engine broke down.

Prizes for the best patriotic songs or the use of school children were given in Helsinki, and the first prize was won by a Frenchman.

CORTELYOU AND BLISS MAY EXPOSE ALL TRUST PRESENTS TO ROOSEVELT CAMPAIGN IF COURT HOLDS PERKINS

It Would Disclose the Powerful Corporate Influence in the Election of the President to Last Term

WOULD CREATE A SENSATION

New York, March 30.—George B. Cortelyou and Cornelius N. Bliss, in the event of George W. Perkins being held criminally responsible for the New York Life's contribution to the Republican National committee, have determined to place in the hands of District Attorney Jerome all of the information in their possession touching upon corporate contributions to the Roosevelt campaign filed in 1904.

If the District Attorney has not already been notified of the purpose of the Postmaster General and Mr. Bliss who were respectively chairman and treasurer of the Republican National committee in 1904, he will be informed in the near future.

Mr. Cortelyou and Mr. Bliss have been advised by counsel that the contribution of Mr. Perkins is not a criminal offense under the law, and they rest upon this opinion while awaiting the decision of the court, which will be handed down as a result of the habeas corpus proceedings in the Perkins case to be argued before Justice Greenbaum.

Will Expose Campaign Gifts. But it shall be decided that Perkins is criminally liable, then Bliss and Cortelyou in justice to Perkins and to the end that he alone shall not suffer, are determined to place before the District Attorney the books of the Republican National committee, so that every corporation and official with corporate affiliations contributing to the Roosevelt campaign fund shall be held equally accountable with Perkins for the sums contributed.

This decision and the request of District Attorney Jerome for an order from Justice Victor J. Dowling, in the Supreme court today, summoning a special grand jury to investigate the insurance scandals are the latest sensational phases of the insurance affair.

Jerome and Goff Clash. A clash between District Attorney Jerome and Recorder John W. Goff is also being openly discussed. In the natural line of duty the April grand jury will come before the recorder on Monday next for instructions. For the past week it has been rumored in the Criminal courts building that it was the intention of Recorder Goff to charge the jury strongly to take up the investigation of the insurance frauds.

District Attorney Jerome's move today in asking for the appointment of a special grand jury, naturally raises the question of the propriety of the action. It is generally believed that the settlement will be reached in a few days.

PRINCESS MARIE PROVOKED FATAL RIOT IN ROUMANIA

Play In French, Under Her Patronage. Aroused Student Protest Which Ended in Clash

Bucharest, Roumania, March 30.—Princess Marie, wife of Prince Ferdinand, the beautiful English woman who some day will become queen of Roumania, was unwittingly the cause of the fatal riot here in which two lives were lost and more than 250 persons were injured. Among the injured were many women and children.

The Princess is greatly displeased over the affair. Nationalists led by students gathered around the theatre in which a play was being given in the French language. The entertainment was held by the ladies charity society, of which Princess Marie is a member. It was announced that she was the patroness of the event, and this statement drew an unusually large and fashionable audience to the theatre.

Although the Princess is exceedingly popular in Roumania, being loved by all classes, nevertheless the national feeling against the French had the potentiality of the royal patronage was not a popular presence at the theatre in a public hall of French language. The students took the principal part in the rioting. Fights of students by the demonstrators was followed by a furious charge of cavalry as a result of which 250 riders and 150 horses were injured. Two soldiers who were wounded died later.
