

# The Forest City Press

E. P. THORNE, Publisher.  
FOREST CITY, SOUTH DAKOTA

Berlin, Germany, will soon have an electric-distance-printing apparatus as an adjunct to the telephone. Through the contract with the postoffice department, of which the telegraph and telephone system is a part, the Ferndruck company is able to establish a special service for subscribers in Berlin and its suburbs, who can exchange communications in printed type by way of the main telegraph office. The apparatus is similar to a typewriter machine. After connection is made, communication can be had by simply manipulating the machine like a typewriter even if the addresses be absent, the printing goes on automatically on tape. The text of the message is duplicated on the machine of the sender, so that a correct record is kept and mistakes in transmission are avoided. The annual subscription is \$119.

A new material made of non-poisonous red phosphorus and potassium chlorate has been bought by the German government, and it is to be substituted in its works for the deleterious and oftentimes more dangerous white phosphorus. Great fear attaches to the fact that it does not ignite easily, hence removing or minimizing the danger from fire. How important this is appears when one is reminded of fires caused by the burning of white phosphorus matches by the sun's rays. In regard to danger to employees, the commission says explosions are practically impossible with the new material.

At the beginning of the last century the Royal College of Bavarian Physicians sought to forbid steam railway travel because it would induce delirium among the passengers and drive the spectators crazy while an English quarterly said that it would soon expect the people to suffer themselves to be tied to one of Colver's rockets as if to trust themselves to the mercy of a locomotive going at the prodigious rate of twelve miles an hour.

The statistics of the petroleum output for last year, as shown by advance sheets of a report of the geological survey, show a marked decrease in the production of Russia, and an increase in that of the United States, which gives in the Russia furnished 15,444 per cent. of the world's output, and the United States 45.64 per cent. The Dutch East Indies furnished 3 per cent.

New Zealand has gone farther than any other nation in realizing the ideal state of the socialist, where the government owns all the land, manages all the industries, and is the only capitalist in the community. About one man in every six throughout the islands is in some form of government employ, or is in receipt of a pension from the government.

The bureau of labor statistics at Washington has put out a report which shows that the average advance in the prices of food has within the last five years been 17 per cent., and that the average increase in wages has been at about the same rate. The increase in both is less than it has been supposed to be.

In a recent newspaper article a Philippine student at Georgetown university, Ramon Jose Leonon, quotes the record to show that there were universities in the Philippines before establishments of as high a grade were established in the United States.

M. Thopiteau, French deputy, proposes to tax all games of hazard to the extent of 8 per cent. of the sums at stake. M. Thopiteau estimates that the tax would bring in an annual revenue of \$2,000,000.

The atom of hydrogen is the smallest of the "ultimate atoms" of the chemists, but it is 1,700 times as large as the cerium atoms which have recently been demonstrated as the elements of the atoms.

Henry C. Caldwell, the federal judge of the Eighth circuit court, who will retire from the bench on June 20, is the only surviving appointee on the bench of President Lincoln.

The British national pavilion at the world's fair, St. Louis, will be a reproduction of the Orangery, or banquet hall, of the Kensington palace, in Kensington gardens, London.

In France the phloxera, a tiny insect with luxurious tastes, cost the vineyard owners \$650,000,000 a few years ago, that being the value of the royal feast they had enjoyed.

It is reported that in view of the looting of Boer bibles that took place during the late war the bible society is to distribute a few thousand of 5,000 Dutch bibles bound in leather.

Figures recently published in Christiania show that the amount of money sent home from the United States by immigrants from Norway last year was \$2,750,000.

A memorial has been erected at a cost of \$100 in Toowoomba cemetery, near Brisbane, Queensland, over the grave of Peter Jackson, the pugilist.

At Washington five women are still drawing pensions as widows of men who served in the war of the revolution, which ended 130 years ago.

In the opinion of the health department of Chicago every school in that city should be provided with apparatus to sterilize drinking water.

In the cotton zone 25,000,000 acres are devoted to that staple, the yield being 10,000,000 bales of 500 pounds each, worth in sum \$425,000,000.

It is anticipated that for the determination of longitude the wireless system will eventually take the place of cable and telegraph lines.

The cost of land on Manhattan island has increased considerably in the last few years, and the cost of building has also increased.

Some newspapers every year pay their subscribers \$200,000 and receive \$20,000, while others receive \$200,000 and pay \$20,000.

Some newspapers in North Dakota have been prohibited by state law, in violation of other states they have it.

The electrician, who has been apprehended before getting a license, was sent to jail with a fine of \$100 and costs against currents of electricity.

The man who was apprehended before getting a license, was sent to jail with a fine of \$100 and costs against currents of electricity.

The man who was apprehended before getting a license, was sent to jail with a fine of \$100 and costs against currents of electricity.

## STANDARD OIL CASE WILL BE DISMISSED

### State's Attorney Gives as His Reason That the Suit Was Only a Test Case.

### DECISION FOR COMPANY

The Suit Originally Began on Question of the Shipping of Oil in Original Packages Direct from Refineries—Other News.

Pierre, S. D., Nov. 25.—The test case, against the Standard Oil company in regard to oil shipments which did not fill the requirements of the state law took a new phase in the circuit court Saturday evening.

State's Attorney Goodner appeared before the court and moved the dismissal of the case, giving as his reason that in beginning the suit he had merely acted for the attorney general on a suit for a test case only and that at present it appeared that Attorney General Hall would take no further action in the matter, claiming that when the suit was started it was under an understanding that the case was to test the gravity provisions of the new law, while now the defense had brought into the case the interstate commerce provisions of the law governing shipments in original packages. On account of the withdrawal from the suit of the attorney general the motion to dismiss was made.

Attorneys Horner and Stewart for the defense, strenuously opposed the dismissal of the case, and the release of their client, as they desired the whole matter to go to trial, and they denied any agreement to try only on the gravity provisions of the law and claimed the right of their clients to raise any point in the case when they went to trial; that the interstate commerce phase of the law was as vital in their case as any other part of it, and that they should not be deprived of any of their rights in the case on account of the failure or refusal of the attorney general to act in the matter.

After hearing the arguments Judge Gaffey withheld his decision until December 4, the date set for the trial of the case.

### NEW LIGHT PLANT.

### Madison Having Success with Municipal Ownership of Light and Water.

Madison, S. D., Nov. 25.—The city of Madison has just invested \$9,000 in additional machinery—engine, boiler and dynamo for the municipal electric light plant, giving the plant a 65 and 95 kilowatt capacity in dynamos, an 85 and 175 horse power in engines, and a 200 and 100 horse power in boilers.

The plant was the first city in the state to put in municipal waterworks and an electric light plant, and its successful operation has been an encouragement for other towns. Its combined receipts from water and light now amount to \$13,000 per year, the whole being supervised by a mayor who gets the magnificent salary of \$75 per year, and a common council whose members receive \$25 per year. The actual operating expense, the superintendent is paid a salary of \$75 per month, and his assistant \$60 per month.

While a private concern could undoubtedly make more money out of the city light and water than the municipality, still, under municipal control, the Madison system has been reasonably successful, in that the city has been thoroughly lighted up to streets and alleys, and that the investment in the plant, for water and light equipment, now approximates \$50,000, a moderate portion of which has been earned by the plant.

### JUNIORS WON, 15 TO 0.

Were Victorious Over the Seniors in the Annual Interclass Contest.

Vermillion, S. D., Nov. 23.—The most enthusiastic game of football ever played in this city was pulled off at the university gridiron Saturday afternoon. For some time previous teams from the junior and senior classes had been preparing for the contest, and it was only a matter of speculation as to who would win when the men lined up for the final struggle. This was the first interclass game ever played at the university, but there will undoubtedly be many games from this time on. The juniors were victorious last Saturday, winning by a score of 15 to 0. Two hundred spectators witnessed the game, which was by no means an uninteresting one. The juniors kicked off to the seniors, who, after a couple of downs, lost the ball on a fumble. The juniors then started down the field at rapid pace, and runs by Beebe and Lehne, flanking conspicuously in ground gaining. Finally Fickey went around right end for a touchdown. Lehne then scored. The first half ended without scoring.

In the second half after the ball had changed hands several times, Beebe got away from the dignified seniors and scored the second touchdown. Kick for goal again failed. With only a few minutes left to play, Lehne made a beautiful place kick from the 30-yard line. This latter feat is something the first team of the U. has not thus far accomplished. Fifteen-minute halves were played. In the line smashes the seniors excelled, but they wore slow on their feet and made many costly fumbles.

### RECOVERED STOLEN RIG.

Supposed to Have Been Taken by Robbers, Who Attacked Treasury Vault.

Yankton, S. D., Nov. 24.—Saturday last Sheriff Rathgeber of this county, returned to town from a point ten miles north, where he had discovered the stolen rig, harness and team taken from Oliver at the time of the attempted blowing of the safe of the treasury vault of Hutchinson county. The horses were loose and the rig had been overturned into a deep gulch. No clue whatever has been found of the robbers.

### Advent of Settlers.

Pierre, S. D., Nov. 25.—A special train bringing 200 homeseekers came in from Nebraska and Iowa points last night and the party crossed the river to make selections on that part of the Crown Creek reservation which will be open for filings today.

### ATTEMPTED BURGLARY.

Was Apprehended Before Getting a License, and Arrested.

Vermillion, S. D., Nov. 24.—An unlicensed individual attempted to break into Harry Washburn's home southeast of this city, but was apprehended before securing a license. Later the fellow was arrested at Burbank, but was afterwards found loose on a promise that he would return to his home in Iowa. When he was taken to the city, he was found to have a pair of trousers, 100 yards of cloth and a pair of shoes.

## HARMONY IN NEW YORK.

### Feud Among State Leaders Patched Up With Roosevelt's Aid.

New York, Nov. 27.—Governor B. B. Odell spent a few hours in the city today on his return to Albany from Washington, where he conferred yesterday with President Roosevelt and Senator Thomas C. Platt about conditions in the republican party in this state. Odell said the conference had brought about harmony in the place of badly strained relations which had existed, and that Senator Platt is still leader of the party in the state, but that he himself would hereafter take a more active part in its management; that the restoration of cordial relations had been brought about by concessions on both sides; that further details of the conference "were not of interest to persons, but to the party." In regard to the vote of this state in the republican national convention, he said he had always expressed himself as believing it would be given to President Roosevelt.

## BIG REVENUE OF U. P.

### Annual Report Shows Increase in All the Items and a Most Prosperous Year.

New York, Nov. 27.—The annual report of the Union Pacific railroad for the fiscal year ended June 30, 1903, was issued today. It shows gross earnings, \$1,075,188, an increase of \$274,963; operating expenses, \$28,747,216, an increase of \$1,187,980; net earnings, \$22,327,972, an increase of \$386,919; net surplus, after deducting betterments and dividends, \$4,943,474, an increase of \$27,314. The report shows increased wages and greater cost of materials and supplies, and increased expenses which always attend congestion of traffic, such as extended this fall, have added greatly to the operating expenses. The estimate for replacement of property damaged by floods amounts to about \$500,000, although a considerable part of the damage was repaired during June and included in the operating expenses. It was thought best to set aside out of the year's income \$500,000 to complete reconstruction of the property destroyed.

## LOOKS LIKE MURDER.

### Pennington County Authorities Investigating Death of Alex. McCall.

Rapid City, S. D., Nov. 27.—The authorities of Pennington county are convinced that the death of Alexander McCall, who was found near his cabin in the westerly part of this county with a bullet hole in his head, was caused by a murder. A brother of Mr. McCall from Kalamazoo, Mich., is at Rapid City and has just returned from the scene of the murder, accompanied by Sheriff Canfield. There is nothing to denote that death was the result of an accident or stray shot from an amateur hunter. It was evidently a close range shot that the face was severely powder burned. The ball failed to pass through the band of the cap at the rear and was found in the cap some feet from the body. Mr. McCall's cap was found near in two pieces. From this it is believed that he struck his assailant. Tracks of a man were found approaching the scene and were followed on the back track six miles.

## THE MARKETS.

Sioux City Live Stock.  
Sioux City, Nov. 26.—Sioux City Stock Yards.—Hogs—Light and butcher, \$4.30 to 4.50; heavy, \$4.20 to 4.30.  
Cattle—Cows and heifers, \$2.50 to 3.25; yearlings, \$2.50 to 3.00; butcher steers, \$3.75 to 4.25; yearlings and calves, \$2.50 to 3.50.

Chicago.  
Chicago, Nov. 25.—Hogs—Receipts, 30,000; official yesterday, 36,222; shipments, 6,128. Market strong at yesterday's close. Good heavy, \$4.25 to 4.30; light, \$4.10 to 4.20; mixed butcher, \$4.10 to 4.20; rough heavy, \$4.00 to 4.10.  
Cattle—Receipts, 24,000; official yesterday, 24,000; shipments, 6,977. Market slow. Sheep—Receipts, 20,000; official yesterday, 24,342; shipments, 10,772. Market was steady.

Closing: Hogs—Bulk, \$4.15 to 4.30; good heavy, \$4.25 to 4.40; rough heavy, \$4.00 to 4.20. Choice, \$4.25 to 4.30; mixed, \$4.10 to 4.20. Cows and heifers, \$2.50 to 3.25; western steers, \$3.00 to 3.25; stockers and feeders, \$2.50 to 3.00; calves, \$3.00 to 4.00.  
Sheep—Steady to strong at \$2.75 to 3.25; lambs, \$3.50 to 4.50.

South Omaha.  
South Omaha, Nov. 25.—Cattle—Native steers, \$2.50 to 3.25; cow and heifers, \$2.50 to 3.25; western steers, \$3.00 to 3.25; stockers and feeders, \$2.50 to 3.00; calves, \$3.00 to 4.00.  
Hogs—Heavy, \$4.10 to 4.25; packers, \$4.15 to 4.20; light, \$4.20 to 4.30; pigs, \$4.20 to 4.30.  
Sheep—Yearlings, \$2.50 to 3.00; mixed, \$2.50 to 3.00; cubs, \$2.50 to 3.00; common and stockers, \$2.00 to 3.00; lambs, \$3.50 to 4.00.

Kansas City.  
Kansas City, Nov. 25.—Cattle—Native steers, \$2.50 to 3.25; cow and heifers, \$2.50 to 3.25; western steers, \$3.00 to 3.25; stockers and feeders, \$2.50 to 3.00; calves, \$3.00 to 4.00.  
Hogs—Heavy, \$4.10 to 4.25; packers, \$4.15 to 4.20; light, \$4.20 to 4.30; pigs, \$4.20 to 4.30.  
Sheep—Yearlings, \$2.50 to 3.00; mixed, \$2.50 to 3.00; cubs, \$2.50 to 3.00; common and stockers, \$2.00 to 3.00; lambs, \$3.50 to 4.00.

Grain Markets.  
Chicago, Nov. 25.—Cash quotations were as follows:  
Flour—Market quiet and easier.  
Wheat—No. 3 spring, \$0.81 to 0.82; No. 2 red, \$0.82 to 0.83.  
Oats—No. 2, 43c; No. 2 yellow, 43c.  
Rye—No. 2, 48c.  
Barley—Good feeding, 35c to 36c; fair to choice malting, 42c to 43c.  
Timothy Seed—Prime, \$2.25.  
Clover Seed—Contract \$7.00, \$10.85.  
Provisions—Mess pork, \$11.12 to \$11.15; lard, \$8.65 to 8.75; short rib sides, \$8.37 to 8.47; Whiskey—To basis of high wines, \$1.25.  
Butter—Market was firm. Creamery, 16c to 17c; dairy, 14c to 15c.  
Eggs—Market steady at 22c to 23c.  
Cheese—Market steady at 10c to 11c.

Minneapolis.  
Minneapolis, Nov. 25.—Closing cash prices on track:  
Wheat—No. 1 northern, 59c to arrive, 59c; No. 2 northern, 75c to arrive, 75c; No. 1 hard, 82c; No. 2 hard, 80c.  
No. 3 yellow, old 46c to new, 45c; No. 4 old, 45c.  
Oats—No. 3 white, 34c; No. 4 white, 33c; No. 2, 29c.  
Rye—No. 2, 48c.  
Barley—Feed, 34c to 35c; malting, 42c to 43c.

Verdict is Not Guilty.  
Lansing, Mich., Nov. 25.—After twelve hours' deliberation the jury which tried the case of John Holbrook for attempted bribery of a salesman in the interest of Ell R. Sutton, brought in a verdict of not guilty.

Soldier's Body Returned.  
Masson City, Ia., Nov. 25.—The remains of Daniel Callahan, who died in Manila, September 23, arrived here last night. He was a sergeant of the signal corps. The body was taken today to Osnaburg, where the interment takes place.

## PLAINTIFF'S VERDICT IS SUM OF \$30,000

### An Important Damage Case Is Tried in Circuit Court at Redfield.

### WAS HOTLY CONTESTED

is the Largest Verdict Ever Recovered for Death Against Railroad Company in State—Other South Dakota News.

Redfield, S. D., Nov. 28.—Circuit court adjourned for the November term, Judge Whiting leaving for his home.

The most important case tried at this term was that of Eugenie Agnes Bopp vs. the Chicago and Northwestern Railway company. The case was hotly contested for six days. The case went to the jury at 4 o'clock Tuesday afternoon and at 10:20 the same evening returned a verdict for plaintiff in the sum of \$30,000. This is the largest verdict ever recovered for death by wrongful act in the state. The railroad company asked for a stay of six days with intention of appeal to the supreme court.

### ACCEPT PRODUCE.

### Merchants Resume Practice of Taking Butter and Eggs in Exchange.

Canton, S. D., Nov. 28.—The merchants of this city have resumed the old established practice of taking butter and eggs from the merchants in exchange for goods at their stores. The practice had been temporarily abandoned several months ago in order to induce the farmers to sell their produce for cash, and to the merchants and the farmers, and both sides are glad to resume the old established methods.

County Superintendent G. H. Dean is about to issue a call for a convention of all the public school officers in this county to meet for a regular annual conference in this city. The meeting will be held on the 12th of December, and among those who will make speeches on the occasion are: Hon. J. L. Kehm and Hon. Ed. Moscrop of Carlsburg, Hon. J. A. Fowles of Eden, Hon. W. H. Huff and Hon. R. O. Donahue of Worthing, State Superintendent G. W. Nash, Professor M. C. Calderwood of Hulson and Professor E. C. Jacobs of Lennox. The meeting will be attended by nearly all the school teachers and officers in this county.

SUICIDE AT PIERRE.  
Pierre, S. D., Nov. 28.—Arthur Green, one of the proprietors of the Saratoga restaurant in this city, took his own life by taking carbolic acid. After a quarrel with his wife he went to their rooms over the restaurant and locked himself in, refusing to open the door. Mrs. Green went to her mother's for help, leaving him, and later his partner went to the room, but could not get an answer from him and called the chief of police. The door was broken down and Green was found dead. A bottle which had contained carbolic acid on the floor and his lips blistered with the acid.

The coroner's inquest developed that he left a letter to Father O'Neill, of the Catholic church, announcing his intention to commit suicide and on this and other testimony a verdict of death by his own hand by taking carbolic acid was returned.

### MAY RECOVER.

### Boy Who Was Accidentally Shot Seems to Be Improving.

Deadwood, S. D., Nov. 28.—The 15-year-old boy, Ernest, son of Hermann Jahr, who was accidentally shot Sunday, seems to be improving although several days will be required to determine his condition. A charge from a shotgun struck him in the right side, slightly towards the front and near the waist line, passing through the body, perforating the intestines and shattering the hip bone. The gun was being carried in a wagon, loaded, and the boy was walking behind it. It is thought that the lines became caught in the trigger in some manner, causing its discharge. He was about five miles from town and brought in as quickly as possible, taken to the hospital and given surgical attention. The surgeons took several stitches in the intestines and dressed the injury to the hip bone, and although peritonitis has not yet developed, it is feared, and his case is considered a desperate one.

Arrested for Assault.  
Salem, S. D., Nov. 28.—William Fluerg was arrested on a complaint charging him with doing bodily harm to the person of Mrs. Theresa Engel. The prisoner was brought before Justice W. R. Holly, pleaded guilty and was fined \$15. Fluerg was the first prisoner to occupy the new steel cage which was recently set up in the McCook county court house.

Painter Goes Bankrupt.  
Sioux Falls, S. D., Nov. 28.—A petition in voluntary bankruptcy has been filed in the United States court in this city by Henry M. Truedell, a house painter of Sturgis, who schedules his liabilities at \$912.81 and his assets at \$100. He claims that the full amount of his assets is exempt. The case has been referred to Referee Bankruptcy at Traville G. Bennett of Deadwood for adjudication.

Noted Lecturer Coming.  
Sioux Falls, S. D., Nov. 28.—Rev. Carl D. Thompson, A. M., of the Social Crusade, has been secured by the local socialists to deliver a lecture in this city next Saturday evening on the subject of socialism.

Proposed New Building.  
Sioux Falls, S. D., Nov. 28.—Another fine business block is to be erected in this city, the contract for the construction of the building having just been signed. It will be erected by the Beehive company, one of the leading concerns of the city, and will cost approximately \$40,000. The new structure will be constructed of steel and brick, and will be equipped with passenger and freight elevators, waiting rooms, reading rooms and all the conveniences of a modern mercantile palace.

## Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

### Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good, I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now.

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 252 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration; falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt.

Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

**\$5000 FORFEIT** if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.  
Lydia E. Pinkham Medicine Co., Lynn, Mass.
