Remember the Evangelistic meetings in the big tent at Gettysburg commencing today. Good speaking and singing. It is better to seek for health of soul and body, rather than the pursuit of pleasure and gaiety. The fruit of the former is Happiness, with its Joy and Peace—the Pearl of Great Price—while the latter leads to sickness, disease and death.

County Judge S.M. Howard was over last Thursday evening in his new car, accompanied by Mr Joe Eulberg, a mechanic in Art Hurley's garage. Ye Editor was invited to accompany them on their return. Leaving here at 7:40 p. m., we arrived in time to witness a complete reel of the moving picture show, the trip occupying only an hour. A pleasant eight was spent at the Hayes House, and next day said editor was at home in time for dinner, at a little after one o'clock, getting a ride with Bob Roberts of Cheyenne Agency

The Press is having a lot of legal advertisements. Dont fail to find the supplement in this week's paper containing the proceedings of the county commissioners. The rush of advertisements still compels us to omit some local items of interest

The Press is indebted to the Gettysburg News for courtesies which enabled us to give our readers another supplement this week.

Mrs Grant Orsborn and the major portion of her family were down last Friday to spend the day fishing at Island Park, and otherwise having a good time. Grant had to go to Agar and so gave the rest of the family a holiday, with the exception of two, who stayed at home as "watchmen." They brought with them a generous supply of flowers which they distributed among their friends, including The Press office

SHOULD SLOAN'S LINIMENT GO ALONG

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment" writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

LIST OF ADULTERATED AND MISBRANDED FOODS AND DRUGS

Chapter 307, Laws of 1915, prohibits the sale or use of foods or drinks or medicinal or toilet preparations, intended for human use internally or externally, which contains any wood alcohol (otherwise known as methyl alcohol.) either crude or refined. Food and drug inspectors have taken many samples of toilet preparations for examination to determine whether this law was being violated, and the samples listed below are those in which wood alcohol was found or which were found to be in violation of the misbranded law or both. Practically all of these were purchased in barber shops.

Thistle Down, Jobber, Hugh Melchior Supply Co., Omaha, Neb. Sample purchased from Ed Bemise Hudson, S.D. A highly perfumed, violet colored liquid containing 45 per cent of wood alcohol and 0.5 per cent of dissolved solids.

Rose's Scalp Massage, Manufactured by Rose's Scalp Massage House, Waterloo, Iowa. Jobber, Kloeblatt Barber Supply Co., Sioux City, Ia. Sample purchased from O.V. Munger, DeSmet, S.D. A highly colored and perfumed liquid containing 30 per cent wood alcohol and 0.5 per cent of solids. The label makes false and misleading claims regarding the curative properties of the contents of the bottle.

Bay Rum, Jobber and manufacturer not known. Sample purchased from W. Swanson, Sisseton S. D. It contained 11 per cent of wood alcohol and 34 percent of grain alcohol.

Bay Rum, Jobber Chas. M. Dickson Co. Sioux City Iowa. Sample purchased from A. D. Styles, Hartford S. D. This was labeled "Genuine Bay Rum. Alcohol 40 per cent," but contained 43.8 per cent wood alcohol.

Hair Tonic, Manufacturer and jobber, Hugh Melchior Supply Co. Omaha, Neb. Sample purchased from H.E. Lanning, Egan, S. D. Brand "Golden Star." This sample contained 80.7 per cent wood alcohol and a small amount of grain alcohol.

Cuticle Lotion, Manufacturer and jobber, Hugh Melchior Supply Co. Omaha Neb. Sample purchased from H.E. Lanning, Egan S.D. Label reads: "Melchior's Antiseptic Cuticle Lotion * * * contains the active principles of the best known germ destroyers of modern science, and is specific for all skin diseases, such as salt rheum, roughness of skin, etc." It consists essentially of a solution of menthol in a mixture of wood and grain alcohol, containing 35 per cent of wood alcohol.

Cuticle Lotion, purchased of Ed Bemise, Hudson S.D. Sample is same as one described next above.

Eau de Quinine Tonic, Jobber Chas. E. Dickson Co., Sioux City Iowa. Sample purchased from John Bills, Sioux Falls S.D. It contained 16.8 per cent wood alcohol and a small amount of grain alcohol in which was dissolved 0.4 solid matter, partly color. It contained no quinine.

T.P.A. Alpha Tonic, Jobber, Hugo Melchior Supply Co. Omaha Neb. Manufacturer T.P.A. Laboratories, U.S.A. Sample purchased from Carpenter Barber Shop, Sioux Falls S.D. A highly perfumed and colored liquid containing 60 per cent wood alcohol and a small amount of grain alcohol.

T.P.A. Alpha Tonic, from same manufacturer and jobber as sample next above. Sample purchased from B.W. Metcalf Hot Springs S.D. It contains 50.8 per cent of wood alcohol and a small amount of grain alcohol, with color and perfume.

Tonique De Prey, Manufacturer and Jobber, Hugo Melchior Supply Co. Omaha Neb. Sample purchased from H.E. Lanning, Egan S.D. This sample of toilet preparation contains 20 per cent wood alcohol, 27 per cent of grain alcohol and 1.25 per cent dissolved solids.

Hazeline Face Lotion, Manufacturer and Jobber Hugo Melchior Supply Co. Omaha Neb. Sample purchased from H.E. Lanning Egan S.D. A colored and scented toilet preparation containing 16.7 per cent of wood alcohol.

Hair Tonic, Hugo Melchior Supply Co. Omaha Neb. Sample purchased from Harry Irwin, Fairfax, S.D. Sample contained 47.7 per cent wood alcohol.

Koolo Face Lotion, Manufacturer and Jobber, Chas. M. Dickson Co. Sioux City Ia. Sample purchased from C.E. Burlingame, Arlington S.D. This contains 15 per cent of wood alcohol, some menthol, color and perfume.

Bay Rum, Sample purchased from Roy Weiland, Elk Point S.D. was not in original bottle, therefore the jobber and manufacturer could not be established. Sample contained 50 per cent of wood alcohol.

Antiseptic Face Lotion, Manufacturer and Jobber, Hugo Melchior Supply Co. Omaha Neb. Sample purchased from O.H. Ostlund Vermillion S.D. Sample is a colored scented solution containing 14.5 per cent of wood alcohol and a very slight amount (0.2 per cent) of dissolved solids. The label on the original bottle bears misleading statements regarding the content.

Quinine Hair Tonic, Manufacturer and Jobber, Hugo Melchior Supply Co. Omaha Neb. Sample purchased from Dale Van Hook, DeSmet S.D. Sample contained 45.5 per cent of wood alcohol and no quinine.

Quinine Shop Tonic, Owl brand, Manufacturer and Jobber, Hugo Melchior Supply Co., Omaha, Neb. Sample purchased from J.H. Ostlund, Vermillion, S. D. Sample contained 39 per cent of wood alcohol and but a mere trace of quinine.

Iris Toilet Preparation, Manufacturer and jobber, Hugo Melchior Supply Co. Omaha Neb. Sample purchased from Carpenter Barber Shop Sioux Falls S. D. Label on original unopened bottle from which sample was taken by inspector read in part as follows: "A proven antiseptic. Has great healing properties. Contains 23 per cent grain alcohol, 1-1000 part of Bichloride of Mercury." Examination of sample shows it to contain alcohol as claimed, but no bichloride of mercury. Total solids are but 0.04 per cent. Sample was misbranded in that statement on label was false.

Bay Rum, Standard Brand, Manufacturer and Jobber, Howik-Robinson Co. Des Moines Ia. Sample purchased from H.A. Putnam,
