Port Orange Pickings.

Port Orange, Dec. 2.—We have had some arrivals since our last letter. Among them are Mrs. C. H. Meeker and Miss Annie George from Rahway, N. J., who are settled in Mrs. Meeker's lovely home on the banks of the Halifax. Mr. and Mrs. A. J. Hall, Mr. and Mrs. J. Bradley, Mr. and Mrs. Fuquay, Mr. and Mrs. Appenzeller and Mr. Nolan are also among the recent arrivals. Mr. Hall is from Long Island, and Mr. Bradley from Ohio. They are in their pretty cottages on the river shore. Mr. YuKay is from Frankfort, Ind., and has rented Capt. Alexander's cottage on Dunlawton avenue. Mr. Appenzeller is from Frankfort, Ind., and is in his cottage on Dunlawton avenue. Mr. Nolan is a guest of the Harbison House.

H. C. Haven has moved his well machine out to W. L. McDaniel's to put down a well.

Our school was closed Tuesday on account of the illness of the principal.

J. A. Teddar has moved his family from the Hicks Cottage to the parsonage.

A Few Sightings from Seabreeze.

Mrs. C. C. Williams, Mrs. M. A. Hooker and Miss Etne Hitchcock, all of Lake Mills, Wis., have rented the Stewart cottage for the season.

S. Morris, of New York City, has rented the Butler cottage on Ocean Boulevard for the season. He will fill the capacity of barber at the Clarendon Inn the coming season. His wife, Mrs. Morris, was head waitress at the Colonnades for three seasons past.

Edw. G. Russell and bride, of Atlanta, Ga., will arrive at the Russell House on Friday evening. The groom is a nephew to Miss and Mr. Russell, and their visit is looked forward to with pleasant anticipations by the relatives.

The fishermen on the Peninsula and Central Bridges, as well as the piers, declare yesterday was an off day for sport.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, Dec. 1, 1901." Ballard's Hound Brand Syrup would have saved him. 25c, 50c and \$1.00. Sold by J. M. Jones.

Mr. and Mrs. B. Underwood have lately taken the cottage just east of the Deepland in order to be free from the responsibility of housekeeping and to enjoy all the comforts of a first class hotel.

Mr. and Mrs. R. M. Thayer, of Cleveland, Ohio, are at Schmidt's Villa on their bridal tour. Mr. Thayer is connected with the traffic department of the Pennsylvania Railroad. This makes the seventh bridal couple who have spent their honeymoon at Schmidt's Villa so far this season.

At the Parkinson House Mrs. Parkinson and guests always make it pleasant for the News reporter. Among other items of interest, Mrs. Sprague, who is from Winnipeg, mentioned the fact that she was truly glad to have escaped the rigor of their northern climate. A late report from her home gave the thermometer as standing 26 degrees below zero. Mrs. Sprague and her friend, Mrs. McKenzie, are both very loyal to their country, but they do not believe in being rooted to one spot. Mr. Sprague will join Mrs. Sprague in a few months or shorter time and they will in all probability live in a home in Daytona—this, at least, is the present intention. This is Mrs. McKenzie's first visit to the "Sunny South," and she thinks she has perhaps not gone quite far enough to realize her dream. In a few weeks, in company with her husband, she will go as far south as Nassau, returning to us again in the early spring.

The new room added to the Dillingham is on the first floor, which Mrs. Dillingham intends for her own use. She says she likes to exercise personal supervision over all the domestic arrangements and otherwise that will add to the comfort of her guests. Their clerk will arrive January 1.

The City Hotel has accommodated 277 commercial travelers, besides about 200 other guests, during the past 60 days.

PATTERSON STILL IN JAIL.

His Case Has Been Postponed Until the Next Term of Court in Putnam County.

The case of W. A. Patterson, charged with bigamy, was postponed Wednesday in the Circuit Court of Putnam County until the next term. Patterson has been in jail the greater part of the summer. The crime for which Patterson must answer is a serious one. About this time last year he married a Miss McCorkle, of DeLand, when he already had a wife in St. Augustine. He and the unfortunate girl, whose life he blighted, spent several weeks here shortly after the supposed marriage. The scoundrel borrowed money from every one he could and left town between two days. He went to Palatka, where relatives of wife No. 1 learned of his second marriage, and caused his arrest.

A Trip to Ormond.

By courtesy of Mrs. Ada Williams-Powers, a News representative had the opportunity of a trip to Ormond Tuesday afternoon. Mr. Ronald furnished us with a comfortable light running rig and a good driver, leaving the historic name of "DeWey." If Ormond had been his Mailla he could not have shown a more worthy determination of getting there—no slang intended. It was well nigh three o'clock before we got fairly started, and a keen northeaster was searching out the vulnerable places in our covering. However, it was not cold enough to blunt our appreciation of the beauty of the drive.

The sun was shooting slanting rays across the woodland strips and the river, and there was the poetry of sound and motion in the lapping of the waves across the sands; the still passage of the birds, if you can accept such a contradiction of terms; the falling of the leaves and the waving of the tall sea grass. The big bridge and the big Ormond hotel were in sight long before we reached our destination, and cheered us on with hope to be realized.

Ormond is our sister town; either our older sister whom we have outgrown or our younger sister who has not caught up with us—we have not at hand the data to establish which, but at any rate, Ormond is a nice little town who gets a live move on in the winter season. Even now there is evidence of "great expectations" in the air, and yards are being cleared of the summer decay and houses are getting on new coats of paint. We enjoyed the drive homeward even more than the drive there. When we crossed the beautiful Halifax the sunset was being reflected in its quiet waters in surpassing beauty. The wonderful beauty of our sunsets has gone forth far and wide.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by all druggists.

How To Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon, and it is pleasant and safe to take. For sale by all druggists.

Landlord Chamberlain is busy superintending the cleaning of The Palmetto and getting it in readiness for guests. It will open the 10th.

FRUIT & BREAKFAST TABLE

Nature Provides Its Own Remedies, Which If Used Judiciously Insure Perfect Health at All Times.

Aside from the pleasure of eating seasonable fruits before beginning the first meal of the day, this custom has undoubtedly arisen from the well-known fact that nearly all fruit and more particularly plums and PRUNES contain natural laxative principles which act directly on the stomach and bowels. Constipation, that dread and troublesome complaint which is undoubtedly the basic cause of nine-tenths of the dyspepsia, indigestion, biliousness, etc., so prevalent among our people to-day, and which, if neglected, surely leads to more complicated and serious organic diseases, can surely be prevented, and when got too far advanced can be absolutely cured by the judicious use of the modern laxative and cathartic California Prune Wafers.

They are not a patent medicine in the ordinary sense of the word, being compounded from fresh California Prunes, which every intelligent person knows is truly nature's laxative. A dainty little wafer, always the same, compounded in a highly concentrated form from fresh California Prunes, they are a natural dissolvent, acting on the contents of the stomach and bowels, and not on the organs themselves.

They regulate the Liver and Stomach, Cleanse the System and Purify the Blood, Cure all Bowel Troubles, Biliousness, Bad Breath, Bad Blood, Wind on the Stomach, Bloating Bowels, Foul Mouth, Headache, Indigestion, Pimples and Dizziness.

Every household should have its family package of CALIFORNIA PRUNE WAFERS, and at the first signs of approaching illness, or when under the weather, take a couple of wafers, and the doctor's bills will soon be much smaller than they are now.

You can eat what you please if you follow each meal with a CALIFORNIA PRUNE WAFER, which quickly dissolves the most indigestible food, and helps to carry it through and out of the system in a gentle and healthful manner, without the slightest pain, griping or nausea. 100 Wafers for 25c.

SEABREEZE SIFTINGS

Mrs. Chas. Hesser and daughter, Genevieve, of Cincinnati, O., will spend the winter in Seabreeze, as usual. Mrs. Hesser and family were among the first who were attracted to the beauty of the place, by the writings of Mrs. Wilman Post, and she is still loyal to her preference. She is one of the ones whom we always welcome to our midst.

Three adjoining lots on Halifax avenue, south of the Methodist church have been sold by Mr. Burdick to the following named: J. J. Brooker, of Green Cove Spring; G. W. Swarts, vicinity, and F. D. Jambin, Harvard, Ill.

Mr. and Mrs. John W. Smith and Levi Ellis and wife have rented the Phillips cottage on Seabreeze avenue. They are located here for the winter.

Mr. and Mrs. J. I. McLanahan, our friends and neighbors, arrived Tuesday and are at home to their friends in their handsome cottage on the Halifax. Capt. Faunce is daily getting numerous inquiries from the winter habits of the Colonades as to the time of opening. The friends of Mr. and Mrs. Winfield will be glad to know they are among the number writing for information on the subject.

Mrs. C. E. Ladd leaves for Winston-Salem, N. C., before very long. She will visit with her daughter, Rebecca, who is there at school.

Miss Mary Spence's arrival is looked forward to as the event of the winter by her father and sister, Mr. and Miss Spence.

F. W. Bradley, wife and daughter and Mrs. M. Hopkins, of Manvelona, Mich., have rented the Trumbower cottage, through J. W. Wilkinson's rental agency.

The Potter and Keating Pavilions are both being put in splendid repair for the coming season, and two dances a week will soon be the order of the season.

Miss Carolyn Wierzyk, of Chautauque, N. Y., was recently in Seabreeze, looking for substantial accommodations.

Mrs. R. M. Baker, of Chautauque, Tenn., and Mrs. E. M. McCulloch, of Marietta, Ga., are visiting with their sister, Miss E. Russell.

Monday's report from the pier was good. H. Russell caught 51 blue fish and whiting, and Mr. Owens captured 64, while C. E. Fogt captured two bass—fine looking, eatable fellows they were, weighing five and eight pounds.

Col. C. C. Post contracted a heavy cold on the sleeper coming down from North Carolina, from which he has not yet been able to rally. Recently decided symptoms of acute pneumonia being in evidence, Dr. H. H. Seelye was called.

Mrs. Bradley and her brother, Mr. Beebe, have taken Dr. Owen's cottage for the season. The Doctor and family have gone to his winter home at Yuma, to look after his orange interests.

Mr. and Mrs. O. N. Alrich have removed from the Beach House to the Smith Cottage.

At the Keating Pier fishing has been good for the past few days. The following named gentlemen have been enjoying the sport, and incidentally hooked about thirty large-sized bass: Holt, Frank, Wilcox, Frick and Buckner.

At the Central Bridge the report is good catches of sheephead. At the North Bridge some handsome trout were caught.
