AUTOMOBILE TOURNAMENT AND AEROPLANES PROBABLE.

Important Matters Are Discussed at the Meeting of the Automobile Club.
The Florida East Coast Automobile Association held a well-attended meeting Wednesday evening and discussed many important matters.
Judge Michael O'Neil, of Havana, Cuba; E. H. Hotchkiss, of Daytona Beach; Rev. A. J. Wilder, of this city, and F. R. Swift, owner of the Bridgeport Herald and Waterbury Herald, two prominent Connecticut newspapers, were elected to membership in the association.
The matter of an automobile tournament was discussed and from advices received from "Senator" W. J. Morgan it is probable that the tournament will be held this year as usual. This will be a welcome probability to people hereabouts as it has been generally understood for some time that no race meet would be held the coming season. The last week of January has been suggested as the tentative date.
The possibility of having an aero plane exhibition later in the season was discussed and a committee appointed to look into the matter.
The following resolutions were unanimously adopted before adjournment:
"Whereas, it is reported that the County Commissioners of Volusia County, Florida, contemplate releasing W. C. Cannons, the contractor, from his contract to build the road from DeLand to Daytona and abandon said road,
Be it resolved that the Florida East Coast Automobile Association does hereby protest against the abandonment of the said road and does request and urge the commissioners to push the work to completion and hold the contractor to his original contract, believing that it is unfair to the citizens of the East side of the county to fail to furnish them with a hard road to the county seat as originally contracted for."
"Whereas, the streets of the City of Daytona are in a poorer condition than for several years past,
Be it resolved by the Florida East Coast Automobile Association the City Council of the City of Daytona be requested to take some action looking to the betterment of the city's highways before the opening of the tourist season."

SURROUNDED BY POSSE, DESPERADO SUICIDES.

"Bad Nigger" Creates Consternation in Colored Town Thursday Afternoon.
Rather than be killed or captured by a posse which had him surrounded, M. C. Hall, who was termed a "bad nigger," committed suicide in Midway, one of Daytona's colored settlements, Thursday afternoon. In shuffling off the mortal coil, Hall slashed his throat from ear to ear and fired two .44 bullets through his brain.
As near as can be learned Hall was living with a woman who was not his wife and Wednesday afternoon the couple became involved in a dispute and ended by Hall shooting at her. Gad Taylor, who looks after the peace and dignity of Midway, heard the shooting and ran to the house where the couple was quartered, but as he approached Hall began shooting at him. Officer Taylor emptied his gun in return but the shots of neither took effect. The "bad nigger" then escaped and a posse was formed but no trace of him could be found.
Thursday afternoon, however, Hall returned to the house he had previously occupied and set it afire. A crowd gathered but Hall appeared at a window and began firing at the human gathering. At the first shot the crowd began to scatter and Hall again made his escape. The flames were extinguished and word was sent down town for assistance from the white inhabitants. Officer John Myers and several others went to Midway armed with rifles and shot guns, and with the assistance of a number of colored citizens, formed a posse and had about surrounded the fugitive, when he took his own life. A number of shots were exchanged between the pursuers and the pursued and excitement ran high with the colored people for awhile.
Justice of the Peace Titus, an ex-officio coroner, viewed the body, and decided that an inquest was unnecessary.
The suicide of a negro being such an unusual occurrence it is generally presumed that Hall was mentally unbalanced. This theory is corroborated by unusual actions of the negro preceding his suicide.

COURT NOTES.

James Butler was arrested Monday on the charge of selling wine on Sunday to minors. The preliminary will be held today before Justice Titus.
