WAR CLOUD.

The world's war cloud is still hanging over us, and men are being slaughtered by the tens of thousands. The Allies are still on the gain, while Germany is making strong resistance. They are losing ground slowly. Yet in a very short time they have sank between 50 and 75 ships of the Allies and some of them loaded down with the choicest substance of life. May the day

soon come when every man and woman will buckle on the whole armor of God, then war and bloodshedding will cease to be.

TIDDINGS FROM CHICAGO.

Dear Cresset:

Bro. Orr of our village says as how I should write for dear Cresset and he haveing a horrible hold on me I take my pen in hand and I would have gone and done so before only I have had the pink eye which is some malady and I sympathize with horses and others that has it as it makes you look rottener then all get out and when you get up in the morning your eyes are all gummed up and you have to pry them open and then rake the gravel out of your winker yes I like the Cresset fine and I thank providance and brother Orr for leading my halting steps into the heart of your flock and I like local lore so as to keep up with what goes on in the big world outside like Caudle Grove and Indianapolis.

Do you ever see the Chicago Tribune which is also fine paper, I see we are in the war too aint it awful? Do you think, Bro. Garratt it has anything to do with the book of Rev.?

Bro. Goodwin is making a big swell about organ in his church. Has blind stagers likewise springhalt the organ and Bro. conipation fits on first and third Suadays of the month.

Hope Cressett is well and that circulation is improving Sister Olson has been on the puny list but is better now thank you. Haveing nothing more of moment to recount.
