The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a

catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records.

Stark Delicious, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per bushel box this year); Stark King David, another apple of wondrous quality and merit; Stark King Philip, a hardy black grape of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.

To any one planting one tree or many, of fruits or ornamental, this book is of incalculable value—a horticultural text-book—a guide to proper selection.

Stark trees have stood the supreme test of actual planting for 85 years—they are the standard by which all other nursery products are measured—they are the first choice of the country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 85 years of successful selling is a positive guarantee of tree quality.

Before you decide to buy, send 7 cents for the Stark Year Book—do it today before the edition is exhausted.

Farris or Miss Hattie Jones," as the case may be, so that the readers may know which Mr. Smith, Mrs. Jones or Miss Farris is the subject of the item, and thus avoid confusion of names and parties.

The Eggman in Philadelphia.

A young farmer from Clementon, N. J., was selling eggs at the corner of Fourth and South streets when a bartender walked up to him and asked him the price of a dozen eggs. The farmer answered: "Forty cents a dozen," and as there was an extra egg in the dozen he wanted three cents extra, but the bartender wanted it "thrown in with the bargain."

"Well," said the one who sells the liquor, "I will take the egg and treat you to a drink."

"All right," said the farmer. When they came to the tavern he was asked what he would drink, to which he replied: "Well, I allow drink sherry with an egg in it."

Lengthen the Hours of Sleep.

"Insufficient sleep," says a physician, "is one of the crying evils of the day. Work and pleasure encroach upon the hours of rest, and body and mind deteriorate in consequence. Even the children have their hours of sleep shortened and suffer all their lives in consequence. A child of ten or eleven rarely gets more than eight or nine hours' sleep, whereas it should have ten or eleven. Up to 20 at least nine hours of sleep are needed, and an average adult needs eight. There may be an occasional Napoleon who can get along with four hours sleep a night, but if you happen to belong to that class nature will tell you by waking you up at the proper time and you don't need to interfere."
