

"WHAT OUR NEIGHBORS ARE DOING."

Here is what one man from Texas says. Seven months ago my crops burned up pretty badly and what the sun didn't finish the water and floods wiped out for me.

I, therefore, made nothing from my crops, but I had three dairy cows and I was putting cream on the market every day, and I managed to keep my head above with those three dairy cows.

I went to the bank, who was mighty close handed, and wanted to borrow some money, and \$300.00 was the limit. After I got the \$300.00 I went back home to my wife and talked over the best way to invest this amount. She said, never mind the crops, we will run the crops as a side issue, but don't invest this money in the crops, but go out and buy five more dairy cows and a cream separator. So I went to the store and bought a Sharples Tubuler Separator for \$55.00 and bought five cows some for \$40.00 and some for \$60.00 and they averaged \$250.00 for the five, then I had eight cows and a cream separator, and I put on the market enough cream in seven months time to pay off the \$300.00 I borrowed and I owned the eight cows, a cream separator and had made some money besides, and I am only on a small scale as you can see, but I have hogs on the side and feed them the skimmed milk. I propose to stick to the dairy business."

Now this is only one man in a thousand that is making money in the dairy business. He had to pay cash for his separator, and sell his cream at the market price. Now we are going to help you get started in this paying business. We will sell you a Sharples Tubuler Separator at the cash price, and give you until September to pay for it. Furthermore, we will pay one-half cent per pound above the market price for your cream while you are paying for the separator. Come in and let us talk it over.

Sibuleus Prisoner Punished.

In one of the Basque provinces of Spain there is a prison which opens the doors every morning and the prisoners go into the town for housework, gardening or some trade. Some act as commissioners. In the evening they quietly return at the appointed time to the prison, and the jailer most carefully identifies them before withdrawing the bolts for their admission. Once a prisoner ventured to present himself at the gates of the prison in a state of inebriety, and the jailer refused to admit him. "To punish you," he said, "you will to-night sleep out of doors." And the prisoner, it is recorded, in spite of tears and entreaties, was condemned to pass the night outside of prison!
