SUBSCRIPTION \$1.50 per annum.

Carlsbad Current established November 15, 1902. New Mexico Sun established May 12, 1905. The two papers consolidated October 11, 1907.

Carlsbad, N. M., Friday, June 20, 1913.

Official Paper of Town of Carlsbad.
Official Paper of Eddy County.

Clean up the alleys after this rain and make everything sanitary.

Attention is again called to the garbage cans on the street corners. Use em.

Although "Flag Day" was not marked by any official observance in Carlsbad a number of our patriotic citizens hung out the starry banner, the Bates house being lavishly decorated with bunting and flags. Observance of such days not only denotes patriotism but marks a community as up-to-date and progressive.

Every one interested in our pretty town is likewise interested in the preservation of our shade trees. Consequently all should be on the look out for the caterpillars and burn the nests as soon as they appear. By so doing Carlsbad's principal claim to beauty—the magnificent trees that line our streets—may be preserved.

It used to be the fashion to sneer at experts who farmed from books; but he is a stubborn man, who at this time will brand himself an ignoramus by sneering at the "book farmer". With the "back to the farm" movement on every hand, and with our foremost educators studying and teaching agriculture as a science, the farmer will soon take his rightful place in the vanguard of progress and advancement.

Tomorrow, June 21st, an election will be held in Eddy county at the various voting precincts, to determine the question of establishing county high schools at Carlsbad, Artesia, Hope and Lovington. Let all who favor the establishment of such schools and the consequent advancement of educational matters, in our county, register their votes on this occasion. It may not be generally understood that the women have the right of voting on this question. It looks at this time as though a large vote of women would be cast tomorrow.

THE NEED OF CANNERIES

The loss accruing last year to the growers of perishable products in this market, has started the rehabilitation of old, and the erecting of canneries in the fruit and vegetable belt to handle the surplus stock.

The turning of waste into profit adds to the permanency of our fruit and truck industry and contributes toward the general prosperity of our commonwealth but an encouraging and important feature of our manufacturing operation along these lines is that the home people are behind them. When a community ceases to cry for help and puts its shoulder to the wheel, it is on the broad highway to success and then it acquires from actual experience a knowledge of industry essential to growth and development.

Banner Alfalfa Crop.

From twenty acres of land, seeded September 16 to 20th, eight acres of which was put in orchard, S. Webster cut 6460 pounds of fine alfalfa hay. From five acres of the twenty none of which was in orchard he cut 368 bales, weighing 22415 lbs. All this first cutting from seed. Can any one beat this record?

The Rain.

The Pecos Valley has had an unusual amount of rain this entire season and farmers and stockmen are rejoicing over the prospects for fall and winter. In Carlsbad the government rain gauge shows the following precipitation for the three days of this week:

17th	.52
18th	1.04
19th	.15
TOTAL	1.73

Thirty Mexican Soldiers Executed by Insurgents.

El Paso, Texas, June 18.—Thirty federal soldiers were executed by the insurgents under General Francisco Villa, said American refugees arriving here today by hand-car from the interior of Chihuahua state. They related that this was done as revenge of a rush of the federals which proved unsuccessful when Villa's men attacked two troop trains at Bustillos, Chihuahua, last Friday.

The federals had asked permission to send two trains with women and children through the rebel lines. Villa agreed, but on seeing the trains approach laden with soldiers he ordered an attack.

Work is expected to commence soon in the oil fields about ten miles south-west of town. California parties are sponsoring the affair and seem confident of success.

Grandi has his new ten room apartment house about ready for occupancy. Mr. Grandi is one of the Carlsbad Project up-to-date and progressive farmers; not afraid to work, and has by his industry made a success in everything he has undertaken. He has one of the finest barns on the project, a fine well and good hay sheds corrals and the like and altogether his farm home will soon be one of the show places of this vicinity.

The street fair and carnival opens next Monday and will continue during the entire week, in charge of "The Southern Amusement company". A large crowd will more than likely be in attendance from various parts of the county. Newspapers everywhere speak in highest terms of this company and its many amusement features.

Market Surplus Horses.

Avoid keeping too many horses on the farm. Get rid of surplus horses if they are not making money. Do not allow them to eat up the profit which the useful ones earn.

Callie Attorney a Liar.

Enraged because County Attorney McCutcheon asked Annie Smith, a defense witness if she and Charlie Kaufman, on trial charged with murder, in Judge Seay's court at Dallas, were engaged in white slavery, Kaufman jumped to his feet. "You are a liar!" he said. "You have been prosecuting me long enough and I am getting tired of it. I am going to open my mouth and tell things about you. I know enough to send you to the penitentiary." Kaufman was fined \$100 and given three days in jail, the serving of the sentence being deferred until the conclusion of the trial.

A Bay Rum Fountain.

Not even Cologne has the perfume that is named for it flowing free. But down on the island of St. Thomas, in the West Indies, there is a fountain that gushes forth the great essences of the place—bay rum. The fountain is on the balcony of a cafe and would attract more attention were not bay rum the dominant odor of St. Thomas. This town is the great rum market of the world, and everywhere it fairly assails the sense of smell.—New York Press.

Lige Merchant's Barbecue.

A large number of people attended the Merchant barbecue and dance at the San Simon ranch, yesterday and a much larger number would have been present had not the rain interfered. Among those going out from this city were: W. H. Merchant and family, D. Jackson and wife, Fred Dearborne and wife, H. C. Kerr, K. Barr, Joe Bunch, A. C. Heard, Frank Miser, Captain Church, W. J. Barber, Holmes Mitchiner, Jack Hines, Ray Holiday, Buster Groves, Earl Matheson, Misses Lily Kelton, Jim Penny, Mona Heard, Bona Heard, Willie Matheson, and many others, whose names we were unable to obtain.

The party danced all night, some of them returning to Carlsbad this morning, others going on to Monument where another big time is in progress. All are enthusiastic over the hospitality accorded them and wish that "Lige" would have birthdays more frequently.

Word from the family of V. C. Harlan who until recently resided in this city, locates them in El Paso, with which city they are much pleased and where they purpose remaining for the future.

The annual birthday picnic given by the Linn, Groves, Parr and other families, which was to have been held today, has been postponed until some time in the future, because of the rain.

The regular meeting of the Priscilla Sewing club was held at the home of Mrs. Kinney Reed in the Fant building ten ladies being present. Lively conversation and fancy work made the afternoon pass quickly. The hostess served delicious refreshments of ice cream and cake, the following being the guests: Mesdames Dudley, Kirchner, Daugherty, Wheeler, Bowden, Hunsick, Hatchison, Boddy, Moore and the hostess. The next meeting will be held with Mrs. Dudley.

C. O. Swickard, who resides on his ranch west of town has been quiet ill but is slightly improved at this writing.

Miss Lucy Baird who started to Berkeley California, Wednesday night, was water bound some where beyond Pecos and returned to her home in Carlsbad this morning.

Rev. J. R. Goodloe will observe the regular Quarterly Temperance Sunday next Sunday morning by a sermon on that topic at the Methodist church. All welcome.

Miss Pearl Roark expects to leave the latter part of this week or the first part of next for El Paso Texas where she has secured a position as stenographer.

The young men and women students at the North Dakota Agricultural college concluded a short time since a tour of some thirty towns of the state in a special demonstration car. The purpose of the trip was educational. The young men gave demonstrations in seed testing and other good farming activities, while the young women gave demonstrations in domestic science.

In Memoriam.

The falling beautiful tribute to Miss Anna Stone, who met her death in the Long Beach disaster, is taken from the Bulletin issued by the First Baptist church of Long Beach, Cal.

The recent catastrophe in our city has shocked us all into sobriety and sadness. No home has been untouched by sorrow; whether dear ones have been snatched away or not, all have felt the pang of common grief. Our sympathy has gone forth to our city's guests in their sorrow, and to our neighbors in their distress, we have profound gratitude, too, that so many came up in safety from the maw of a wreck, and that many with grievous hurts are slowly making way back to vigor. As a church our hearts have stretched away in utmost sympathy to all in their troubles.

The only one of our immediate church family to be taken away in the disaster was Miss Anna Stone. When in the midst of young and buoyant life the silver cord is loosed, or the golden bowl is broken, or the pitcher is broken at the fountain, there is a peculiarly poignant grief to those who bid the untimely loss.

"Leaves have their time to fall, And flowers to wither at the north wind's breath, And stars to set—but all, Thou hast all seasons for thine own, O death!"

In almost every department of our church life we miss our sister. In the Philathea class of the Sunday School, in the Young People's Society, in the prayer meeting, she was ever about her Master's mission. Though only in the maturity of young womanhood, she had lived so much—so much! At 16 she was in an accident that took away her mother. She had five younger sisters. She became a mother to them, and for ten years, with fine devotion, she gave herself to them. When a new mother came into the home she yielded to her the place of leadership with rarest magnanimity, and won and held that mother's love. Her life was short in years, but long in achievement. The spirit of her Master was regnant in her, and we can gather a cluster of "fruits" from her character as we knew and we shall find lacking not one of the "fruits of the Spirit"—"love, joy, peace, long suffering, kindness, goodness, faithfulness, meekness, self control." We mourn our loss; we will emulate her graces.

Golden Sellers and Miss Ivy White, both well known young people of Carlsbad, were united in marriage last Saturday in this city Judge Richards officiating.

Dayton probably furnished the largest delegation of teachers to the Institute of any town in the county, outside of Carlsbad. They are among the best teachers in the county as well. The following are in attendance from that city: Prof. B. F. Kaiser and wife, Mrs. A. A. Kaiser, Misses Frankie and Elizabeth Wailes, Mrs. Margaret Pierce, J. M. Mann and Miss Ellena Therneau. These teachers left for Dayton this morning.

The Mission Study class of the Methodist church has finished the "Study of Mormonism" and taken up another book: "China's New Day". The first lesson being given yesterday. It promises to be more than ordinarily interesting and instructive.

Prof. M. F. Angell, head of the department of physics and electrical engineering at the University of New Mexico, has resigned to accept the chair of physics in the University of Idaho, at Moscow, Idaho. Mr. Angell, dean of the school of applied sciences, has been at the University for the past nine years. Dr. Angell leaves in a few weeks to take up his new duties at a considerably increased salary, the state of Idaho supporting its university with a quarter million dollars annual appropriation. The school has 900 students.

Wedding Bells.
Roy A. Fridley, of San Francisco, and Miss Pearl Watson, of El Paso, formerly of Carlsbad, N. M., will be married this afternoon at the home of the bride's aunt, Mrs. J. H. Biers, of 3608 Douglas street. The ceremony will be a quiet home one, and only the bride's relatives will be present. The bride was with the Tri-State Telephone company, in this city, and the groom is a San Francisco business man. Immediately after the ceremony they will leave for Los Angeles and will tour the coast this summer, after which they will make their home in San Francisco.—El Paso Herald, 17th.

Dr. J. C. Hall.
The news was received this week, by Miss Anna Stone, the death of Dr. J. C. Hall, which occurred June 1st, at Cleveland, Ohio. Dr. Hall had been a resident of this state for several years, and at Cleveland where he practiced his profession of dentistry, later coming to this city, where he was a patient at the Sisters Tuberculosis Sanitarium, where he took treatment for lung trouble, about two years ago. He remained in the west until last April, when, evidently realizing that the end was near, he returned to Ohio to await the inevitable. Miss Blanche Hall, formerly a teacher in Carlsbad schools, was a sister of the deceased. Miss Hall is now principal of a school at Lamy, New Mexico. To her and to the other bereaved ones a wife and son, John Clovis, the people of Carlsbad extend sincere sympathy.

Mr. Geo. W. Ward, many years steward of the State Insane Asylum, at Las Vegas, died suddenly last Sunday. The state loses a faithful officer. Mr. Ward was past master of the Grand Lodge of A. F. and A. M., of New Mexico, and was buried under the auspices of the Grand Lodge of Masons.

Alf C. Watson informs us that he is in receipt of a communication from El Paso, Texas, stating that his brother, **Jas. H. Watson**, who was so very young, is now recovering, and his family have great hopes for his ultimate recovery.
