

COUNTY CORRESPONDENCE

By our Special Correspondents

North Silverton

Welma Hubbard's arm is healing nicely where it was broken.

Miss Lena Buckner was the guest of Mrs. Fred Kutchin the first of this week.

Rattlesnakes are beginning to make their appearance as the days grow warmer.

Nute Goss, Jess Hubbard and children and W. T. Perser were in Estancia last Saturday.

Corte Douglas is proving himself a friend to homeless calves. He has provided two with homes this spring.

Mrs. Pearl Richards and son, Harry, are now on their claim. Harry says he likes farming "pretty well."

W. S. Buckner and family spent last Sunday with Mr. and Mrs. V. P. Gist, and Miss Lena Buckner took dinner with Mrs. Brisby.

Planting corn and potatoes has been the work of this week. Planters have been running steadily and nearly all have this work over.

The patrons, who live in the northern portion of the Silverton district have sent a petition to the county superintendent, asking that the district be divided.

Fried Chicken on the 22d day of April. Sounds pretty good, doesn't it? When chickens can be raised successfully at all times of the year here, what is there to hinder Estancia from becoming to New Mexico what Petaluma is to California?

Mrs. M. A. Hurley, of Texas, has been spending several days with her daughter, Mrs. S. J. Hubbard, and visiting other relatives in this neighborhood. She will leave the first of next week for Albuquerque, where she will visit her daughter, Mrs. Alma Martin.

We are informed that Mr. Hendrix, who lives near McIntosh has about decided not to return to Kentucky at present but to stay and nurse the last lingering hope in his fight for life. "Cheer up! Mr. Hendrix," we have been in the vale of hopelessness ourselves, but we found that on the darkest day the sun was still shining behind the clouds.

The high price of pork and beef has encouraged some of our women to begin the production of such valuable delicacies. Last spring Mrs. Perser sold her chickens and bought some pigs which are now on the way to "hogs." Mrs. Ligon recently bought a fine young calf which she is going to sell for beef some of these days. Notwithstanding these facts we are inclined toward the views of Mrs. Harvy, who has bought an "Old Trusty" incubator and will raise "just chickens."

Silverton

Roy Whitlow made a flying trip to Texas last week.

Matt Whitlow is having a well dug on his home place.

Mr. and Mrs. Davis gave a dance at their home on Saturday night.

Little Mildred Milburn spent Friday with Annie B. Kuykendall.

Miss Lena Buckner spent several days with Mr. and Mrs. Kutchin last week.

Mr. and Mrs. Carl Stephenson and family and Roy Stephe son spent Sunday with Bird Chandler.

Miss Ethel Clark and brother Charlie attended the social at the home of Mr. Moore last Tuesday eve.

Everybody is busy planting

potatoes and beans. A full acreage will be put in in this neighborhood.

Rex Meador and Wallace Crawford returned from their western trip to San Antonio, N. M., on last Friday.

Miss Martie Clark, of Hanford, California, is expected to visit relatives in the valley for several months this summer. She will start from California on next Wednesday.

Mr. and Mrs. Amos Kuykendall and daughter, Annie B., and son, Robert Steele and Ona Chandler took dinner with Mr. and Mrs. Frank Clark last Sunday.

Misses Nora McKinley and Bessie Popejoy rendered some excellent music for us Saturday night. Miss Lena Buckner gave an amusing recitation, "America's Conversion", which was appreciated by all.

Misses Ethel Clark and Ona Chandler, Rex and Frank Meador, Elmus Chandler, Bruce Clark and Frank Crawford took supper with Robert Steele and sister, Annie B. Kuykendall at their home on last Sunday.

Little Myrtle Chandler also gave a fine recitation: "Advice to young ladies about what to pet." A humorous piece by little Harry Richards was also enjoyed by all.

Jimmie Long sang Brien O'Lynn which always brings down the house.

George Clark made a business trip to Estancia last Saturday and from all reports, he had his best looks as well as his Sunday clothes on. Look out! you may hear of another bachelor taking unto himself a cook or better half. So mote it be!

We understand there is to be another wedding in our neighborhood soon. Another of our bachelors is to take unto himself a help-meet. Let the good work go on. Too many bachelors are eating out of tin cans and eating sour bread and frijoles.

Mr. and Mrs. Johnson and daughter, of McIntosh, attended literary here last Saturday night. We are always glad to welcome visitors from other neighborhoods and are always glad for them to take a part in the exercises. We understand Mr. Johnson is hunting a claim, and hope he will find one in our neighborhood.

Our program was a little short owing to several not being present, but we hope to have a good play on for next literary which will be Saturday, the 14th. We always have a number of older people present and have the best of order. Occasionally when we are crowded, there is some noise but most of our people are so gentlemanly and kind, they seldom do anything to disturb the public.

Frank Clark and son, Bruce, had quite an experience which looked for a while as if it would prove serious indeed. While making a short turn with the harrow the implement turned up, striking one of the harrow teeth in the hip of one of the mules. The team started to run, throwing Mr. Clark to the ground and dragged him around. But all came off very well except the mule which was disabled for work for a few days.

The young folks in Silverton certainly have a good time. Sunday school every Sunday morning, preaching service in the afternoon and singing in the evening. We like to see them have a good time, for our girls and boys are a model set—at least most of them—and we do feel proud to see a nice looking crowd get together. All behave like the gentlemen and ladies they are, and all enjoy themselves. We also

like to see the older ones mix and mingle with them. Very few of our young men have any bad habits, such as drinking, swearing and card playing, and of this we are doubly thankful. "Train up a child in the way he should go, and when he is old he will not depart from it," at not many of them will.

A large crowd attended the singing Sunday eve at the home of Mr. and Mrs. John Milbourn. Those present were: Misses Ethel Clark, Ona Chandler, Alice Pollard, Annie B. Kuykendall, Gertrude Woods, Bessie Popejoy, — Lovelace, Joyce Ryley, Nan-nie Marsh, Willie Moore, Mildred Milbourn, Mesdames Sylvia Milbourn, John Milbourn and Amos Kuykendall, Messrs. Charlie and Bruce Clark, Wallace and Frank Crawford, Arthur Lyttle, Harry Pace, Lester and Lonnie Moore, Jimmie and Herbert Long, Will Young, Robert Steele, Frank and Rex Meador, Elmus Chandler, Burr, Shirley, Frank, John and Milford Milbourn, Roy Whitlow, Amos Kuykendall, Chester Milbourn and the two Mr. Garlands.

ESTANCIA :: NEW MEXICO

The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records.

Stark Delicious, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per bushel box this year); Stark King David, another apple of wondrous quality and merit; Stark King Philip, a hardy black grape of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.

To any one planting one tree or many, of fruits or ornamental, this book is of incalculable value—a horticultural text-book—a guide to proper selection. Stark trees have stood the supreme test of actual planting for 85 years—they are the yard-stick by which all other nursery products are measured—they are the first choice of this country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 85 years of successful selling is a positive guarantee of tree quality.

Before you decide to buy, send 7 cents for the Stark Year Book—do it today before the edition is exhausted.
