

Thursday July 27

E. Romero came in on last night's train to look after business matters here.

J. B. Williams shipped a saddle last night to Master Earl Ford at Corona.

The Daily Herald should change its name to Tri-Daily, as it gets out one day and tries to the next.

Geo. W. Curtis and wife of Santa Fe are registered at the Valley Hotel, having come to look over the valley.

A party started to the dance at Turner's north of town last night, but were forced to return as the auto didn't mobile.

Hughes Mercantile Company sold three wagons yesterday, one to Enriquez Salas and two were shipped to Santa Fe.

Mrs. E. N. Elder and children and Miss Terry left last night for their home in Texas, after a visit with their brother, J. M. Terry, here.

F. F. Jennings returned to Willard last night after having been in Estancia and Torreon the past two days on legal business.

C. E. Doll, representing the Loose-Wiles Biscuit Company of Denver, passed through Estancia last night, and will return today to interview our merchants.

Frank S. Barka, one of the old timers in the Valley, came in on yesterday's noon train, to spend some time on his homestead near Antelope Springs.

Carwhacker Shields has fitted up a workshop in the basement of the brick building north of the postoffice. Agent Kennedy says he may call it a workshop if he wants to, but he thinks differently.

During the absence of J. M. Tuttle from the store on account of sickness, Miss Eura is head clerk, and right well she fills the position, a more accommodating clerk would be hard to find.

Leo Padilla and Nicanor Herrera yesterday superintending the unloading of the car of machinery for the Romero sawmill above Tajuque. A half dozen teams and wagons were used to transport the smaller pieces of machinery, while the larger machine was loaded on a log wagon, drawn by two yoke of oxen. The faithful old ox has not passed in his checks yet, when it comes to long heavy pulls.

Deputy Sheriff D. W. Robinson returned from Albuquerque yesterday noon, where he had gone in regard to the arrest of Fred Fisher, charged with selling liquor at McIntosh without a license. Fisher was arrested in Albuquerque, but gave bond for his appearance before Judge McFie next Saturday, when he will be given a preliminary hearing.

The steam threshing outfit, including traction engine and separator, shipped from Oklahoma by Mr. Sutton arrived yesterday noon. As soon as it can be unloaded it will be taken to the farms west of town, where threshing of wheat will commence. The heavy rains have caught some of the wheat in poor shape for getting wet, and it is feared unless the threshing is done at once, there will be quite a bit of spoilage.

Friday

Rev. B. F. Stimmers came down from Santa Fe last night, to visit his homestead southeast of town.

Mrs. Dr. F. B. Romero left on last night's train, after a visit with her sister, Mrs. R. J. Taylor south of town.

Revs. J. Q. Herrin and W. C. Grant came in last night from Stanley where they have been conducting a protracted meeting.

C. J. Dawe, representing the Morey Grocer Co., passed through Estancia last night and will return today to interview our merchants.

Wm. Sutton unloaded his steam threshing outfit yesterday, and will at once get busy threshing the golden grain for the farmers of the valley.

Rev. R. P. Pope, missionary of the American Baptist Society, will preach at Silverton next Sunday morning at 11 o'clock. Everybody is cordially invited to be present.

J. B. Gunter came in yesterday from Silver City, where he was a member of the graduating class of this year. He will spend several weeks on his homestead southwest of town. He will have charge of the San Marcial schools the coming term.

The News family has invitation to three dinners on next Sunday, and may need help, if we try to take them all in. We might possibly manage two, if the hours are arranged suitably, but three Sunday dinners with Estancia Valley Farmers is a little too much for us.

CLUB JOINS N. M. PUBLICITY ASSOCIATION

Commercial Club Adopts Bylaws and Plans Active Publicity Campaign

The Estancia Valley Commercial Club met at the Bank last night and took up the report of the committee on By-laws. After a number of amendments had been made, the by-laws were adopted, the name of the club being decided upon as above.

It was decided that the Club affiliate with the New Mexico Publicity Association, and work in connection with that organization and along successful lines as adopted by it. It was the unanimous opinion of those present that the membership fee necessary for such affiliation would prove money well spent in advertising the valley and getting in touch with those from the states looking toward and interested in New Mexico.

The matter of sending a delegation from the Club to Mountainair to attend the Chautauqua on Resources day, August 5, was discussed, and it was decided to send a full delegation. Each member will be labeled so that no mistake can be made as to where our people hail from.

The executive committee was empowered to name various committees to carry on the work of the club successfully and expeditiously.

No one saw Him do it

A report from Torreon last evening was to the effect that Justice Salas, after hearing the evidence in the case, decided that as no one had seen Mr. Ford steal the cattle and no one had seen him alter any earmarks, no crime had been committed and there was no need of holding the defendant further, and discharged him.

Willard Fair September 19

At a meeting of the Commercial Club on last Tuesday night it was voted to change the date of the Water Carnival from Sept. 21, 22 and 23rd to Sept. 19, and from three days to one day only. It was thought best to have only one day, thereby making one good day and at which time there will be something doing every minute in the day. There will be racing, contests, ball game and a big dance at night.

The different committees are urged to get busy at once, and see that the program is carried out in detail.—Willard Record.

Hon. John T. Burns, of Colorado Springs, executive secretary of the International Dry Farming congress, and a man who knows, will lecture at the Mountainair Chautauqua August 5 on the subject, "Opportunity and Dry Farming in New Mexico." This is a vital subject and every farmer in New Mexico should hear this lecture. Farming by brown alone is a thing of the past, and the successful tiller of the soil in these days of hot competition must use his brain as well as lose out in the race.
