There is a physician, A physic magician, Who boards across the Gallinas, Who is simple of speech, And never did screech, At the table, or make any fuss.

At tea Sunday night, There sat at his right, A woman he ne'er saw before, Who claimed his attention In a loud conversation.

No word in an edge, The doctor could wedge, The woman raved, ranted and laugh'd Of the wind and the dust To the doctor's disgust, And the virtue contained in a mustard draught!

The doctor was beaten His supper uneaten; The milk turned sour at his smile. He shoved back his meat And began a retreat, To take a small rest for awhile.

He has treated the gizzard Like a regular wizard, And patched up a badly gone lung. He can remedy colic And ill's diabolic, But was left by this woman's tongue, P. S. Which was hung in the middle and flopped at both ends, by gosh! GARNO.

The leading citizen of the town of Joplin, Mo., and owner of the opera house and large business blocks has been sent to the penitentiary for making and circulating counterfeit money. Next!

Two tenderfoot geologists from Topeka, fired a dozen shots at two bucks within short range near Cimarron last week and the animals got away.

SOMEBODY'S "got elected" for some ministerial position of some kind in France and the second great Republic of Christendom breathes free again.

The "News and Press" is warming up to the Land Grant question.
