Summary of the Principal Sporting Events of the Day, Etc., Etc., Etc.

Prior to the Workingmen's Pow-wow.

CLEVELAND, Ohio, May 24.—Every train entering the city today has among its passengers numbers of representative workingmen. They come singly and in pairs and during the afternoon the corridors of the Forest City house presented a lively appearance. The headquarters of the Knights of Labor convention, which is to convene tomorrow morning, are at the hotel and room 44, which is occupied by Grand Master Workman Powderly, is the Mecca at which all the faithful worship. Mr. Powderly was kept busy all day welcoming delegates and answering questions. The number of delegates to the convention is 172 and they are

ALMOST ALL PRESENT.

Delegates are present from the District of Columbia, New York, New Jersey, Pennsylvania, Massachusetts, Missouri, New Mexico, Nebraska, Minnesota, Colorado, Indiana, Michigan, West Virginia, Montana and Illinois, with more to be heard from. Among the prominent labor advocates who are present but not as delegates, are John Martin, of Pittsburg, president of the Amalgamated Association of Iron and Steel Workers; F. Fitzpatrick, of Cincinnati, president of the International Moulder's union; Mr. Gompore, of New York, president of the International Cigar-makers' union; John Kirschner, of Philadelphia, fourth vice president of the International Cigar-makers' union; and David B. Boyer, of Columbus, Ohio, organizer of the International Typographical union.

The executive board of the order consists of Grand Master T. V. Powderly, of Pennsylvania; Grand Secretary Frederick W. Turner, of New York; Thomas B. Barry, of Michigan; William H. Bailey, of Ohio; and John W. Hayes, of Michigan. Messrs. Bailey and Barry arrived this morning, and after they had eaten dinner the executive board held a

SECRET CONFERENCE

in Mr. Powderly's room. They mapped out the preliminary work of the convention and formulated a plan for action on the most important questions which will be brought to the notice of the assemblage. The meeting is said to have been harmonious and the opinion was expressed afterwards that the present convention would do more to strengthen the cause of labor and redound more to the glory of the Knights of Labor than any previous one.

A conference between the executive committee and the trades union committee of six was held this morning and a conclusion was reached which was satisfactory to both committees. Resolutions were drawn up which will be presented to the convention for adoption.

THE PERFECT UNDERSTANDING

which was the result of the conference has caused great satisfaction to both parties. All the delegates to the convention are reticent as to the work to be done and assert that the call covers all matters to be considered. It is said, however, that the questions raised at the Philadelphia convention are to be discussed, as also will the cigar-makers' label difficulty. Every delegate spoken to was emphatic in asserting that there was not nor could there be any difficulty between the Knights of Labor and the trades unionists. They are both working to attain the same ends: The elevation and amelioration of labor.

Maine Men Getting Even.

PORTLAND, Maine, May 24.—There is great excitement here. This morning the British schooner Sisters, from Yarmouth, N. S., with a cargo of 30,000 mackerel, was spied by the collector of customs. The captain of the schooner did not have a manifest and the usual fine of \$500 was imposed upon him, and as he could not pay it his vessel with its cargo was seized. Secretary Bayard and the Maine congressmen have been informed of the seizure. O. B. Whitten, secretary of the Portland Fishing Exchange, said: "Coming at this time the seizure of the Sisters will do good. She comes here from a port so near Digby that the people will hear of it. The matter having been referred to Secretary Bayard he will be obliged to take notice of it." Captain Ellis this afternoon placed his case in the hands of Vice Consul Star, the British representative here. He says that if the troubles at Digby had not occurred the Sisters would not have been molested.

A Victim of the Collision at Springer.

SPECIAL TO THE GAZETTE.
SPRINGER, N. M., May 24.—B. F. Sherod, who was one of the parties injured by the railroad accident at this place Friday last, died at an early hour this morning. Sherod was from Ohio, but had been in this country for a good many years and had just been to Springer to close a trade with E. Harmon for some mining property.

Cornering the Curses.

TUCSON, May 24.—A band of Indians last night killed one man near Fort Thomas. Troops have been started in pursuit. All the marauding Indians are now heading for the San Carlos reservation.

Bogus Butter in the House.

WASHINGTON, May 24.—The house went into committee on the wholer's bill, of Illinois, in the chair, on the general revenue bill. The first measure of this character on the calendar was Morrison's tariff bill, which was passed over without objection, but a contest was made over setting aside the next revenue bill, besides one to reduce the number of internal revenue officers. The matter was submitted to the house for its determination, that order having been decided, Yeas, 136, nays, 56; to pass over the internal revenue bill the committee resumed its session and the

OLEOMARGARINE BILL

was taken up. Scott, of Pennsylvania, expressed his approval of the provisions of the bill. He said some legislation of this character was absolutely necessary, if one of the chief industries of the country was to be spared from a doom which now threatened it. The bill did no injury to the manufacturing of imitation butter. It simply aided the farmer to place his product in fair and honest competition with the bogus article.

Paralyzing Polygamists.

BLACKFOOT, Idaho, May 24.—In the Third district court to-day, Chief Justice Hays sentenced twenty-seven prisoners, convicted this term, all Mormons except two. The sentences ranged from two months and \$100 fine to twelve months and \$300 fine. All one-year prisoners are to be sent to the house of correction at Detroit, Michigan. Those for a less time to the United States penitentiary at Boise City. United States Marshal Fred Dubois and deputies, in a special car, will leave for Detroit May 26, with thirteen prisoners. This is the first batch of polygamists sent out of the territory. There are 145 indictments drawn for unlawful cohabitation to be tried at this term of court. All refused to obey the law in the future when promised executive clemency if they would do so.

The Inter-State Commerce Bill.

WASHINGTON, May 24.—The house commerce committee agreed to report the enacting clause of the Cullom interstate commerce bill with the provisions of the Reagan bill as an amendment in place of the provisions of the Cullom bill. This gives both bills a hearing before the house, and is entirely satisfactory to the friends of the Cullom bill, who feared that it would be smothered in committee for the remainder of the session. That body was made up for Reagan's bill and it has done about what he wanted. The Texas, however, professes to believe that his own measure is a fair comparison with the Cullom bill, and so did not attempt to keep the latter in committee. The friends of the senate measure will now help Reagan to get the subject considered and secure a square test. There is thus a faint possibility that action may be had this session.

Catholics and the G. A. R.

PHILADELPHIA, Pa., May 24.—The Catholic Young Men's National Union began its twelfth annual convention here on May 24, with 350 delegates present. Resolutions were adopted requesting the archbishops and bishops of the United States to follow the example of Archbishop Ryan, of Philadelphia, in his decision in regard to Catholic members of the Grand Army of the Republic; requesting that priests officiate in Catholic cemeteries on Decoration Day in connection with the Grand Army of the Republic ceremonies; and that these resolutions be transmitted to the archbishops and bishops, and to the National Grand Army of the Republic encampment at San Francisco next August. A resolution wishing Mr. Farrell Godspeed was referred.

SAN FRANCISCO, May 24.—A carload of floral contributions from California for decorating General Grant's grave on Memorial day, gathered through the efforts of the G. A. R. posts of Oakland, California, left this afternoon attached to the regular Central Pacific passenger train. Among the flowers are three thousand California lilies, large quantities of orange blossoms, tea and camphor and carnations, also a floral equestrian statue of General Grant, life size.

Preparing to Punish the Apaches in Their Homes.

SAN FRANCISCO, May 24.—A Bulletin of the Calabasas, Arizona, correspondent telegraphs as follows: "If the various fragments of the band of hostiles recently operating around Nogales succeed in eluding the troops and reaching the reservation you may look for an interesting speech in the history of the Apache tribe, in connection with the 'longhorn' side of the whites. Your correspondent cannot say more without violating confidence."

The Maxwell Trial.

ST. LOUIS, May 24.—In the Maxwell trial today there were a number of lively scenes. The prosecution introduced a witness who claimed that Maxwell had confessed to him while in prison. The witness was a citizen who was confined in the prison at the same time with Maxwell, and was asked to try and secure a confession. The attorney for the defense scored him unmercifully, and tried every means to impeach his testimony, but to no purpose, and his evidence was all accepted.

Fighting Strikers in Colorado.

DENVER, May 24.—Last night the sixty Pinkerton detectives guarding the Marshall coal mines, at Erie, were fired into by the striking miners. Some fifty shots were fired, but no one was injured. The Marshall company today made a request on Governor Eaton for troops, which at a late hour tonight had not been granted. Pinkerton's men still have possession of the works.

A Mystery Cleared Up.

DENVER, May 24.—General Dava Cook and Chief of Police Hogle this evening arrested two negroes, Andrew Green and John Withers, for the murder of J. C. Whitney, the Broadway street car driver. After the arrest Withers made a confession in which he stated that Green fired the shot. The motive was robbery.

Sparks.

WASHINGTON, May 24.—Major William F. Tucker, Jr., paymaster United States army, who is now stationed at Santa Fe, will be ordered here about July 1, probably to relieve Major Alfred E. Bates as post paymaster. He is a son-in-law of General John A. Logan.

CHICAGO, May 23.—A consignment of fat cattle arrived at the stock yards today from Reno, California, and on their passage passed through Nevada, Utah, Wyoming, Nebraska, Iowa and Illinois, arriving in good condition. There are twenty cars, and the freight on the lot is \$6,130. The consignment averaged about 1,300 pounds, and sold for \$4.90 per 100.

EVANSVILLE, Ind., May 24.—The local papers published accounts of the peculiar antics of Dr. Ransom, who, with his daughter, created considerable excitement at the Gault house, in Chicago. The description of his person and his eccentricities tallies with those of Dr. A. S. Henson, who until a month ago was a resident of this city. He began drinking heavily, and commenced using morphine. When this drug began to lose its effect he commenced the use of cocaine, also administering it to his daughter, and such a mania was soon produced by its use that the police were called to his residence several times by their wild frenzy.

MARTINSVILLE, Va., May 23.—No greater tragedy has occurred in Virginia in a decade than which fills this town with gloom and excitement. In a slight last evening on a crowded street many shots were fired and, as a result, Jacob Terry is dead, and the life blood of his two brothers, J. K. Terry and Benjamin Terry, is fast ebbing away. Colonel P. D. Spencer, a prominent business man and manufacturer; Tartiston Brown, proprietor of Brown's tobacco warehouse; B. L. Jones, a saloon keeper; R. L. Gregory, a hotel clerk; and Sandy Martin are all dangerously wounded. All parties are prominent in the business life of this place and well known in southern Virginia. The cause of the tragedy was the circulation of a document by Colonel Spencer reflecting on the Terry's.

A. H. Whetsoe and Pat Boone, two of the representative citizens of Lincoln county, from Roswell, are in the city. They report that up to the time of their departure there had been no general rain in the Pecos country, but that in a strip about five miles wide, near the junction of the Rio Felix with the Pecos, there was a very heavy rain recently, the water pouring down in such great quantity as to make raging torrents of dry arroyos and in the same a large number of sheep and cattle were drowned.

Forcing Payments.

CHICAGO, May 24.—A special dispatch from Omaha says: Word has just reached here from Nuckells county that Geo. Kilpatrick, a railroad contractor, narrowly escaped hanging Saturday afternoon at the hands of 125 railroad laborers, who insisted that he should pay the debts of sub-contractors. The Kilpatrick brothers have a contract for building a Burlington & Missouri branch between Superior and Nelson, which they sub-let to another contractor. On Friday, Kilpatrick, on reaching Superior, found the men angry and excited because the sub-contractor had not paid them for last month. They seized Kilpatrick, put him under guard, and told him if their pay was not forthcoming by Saturday night they would hang him to wagon poles which they rigged for that purpose. Saturday noon a Burlington & Missouri detective and the sheriff of Nuckells county with a posse of sixty men armed with shot guns marched to the camp and demanded the release of Kilpatrick in five minutes. Kilpatrick broke loose just at this time from his captors and ran over to his rescuers. No further demonstrations were made.
