

FARM ANIMALS

PLANS FOR DIPPING CATTLE

Solution May Be Applied With Scrubbing Brush or Animals Can Be Immersed in Tank.

Healthy, Vigorous Type, Free From All Vermin.

One is the cage vat used for a few cattle. It consists of a cage in which the animal is placed and then lowered into the vat of solution.

SHEEP BUSINESS OF COUNTRY

Generally in Healthy and Prosperous Condition—More Mutton and Wool Are Demanded.

HANDY AS WATERING TROUGH

Substantial Device Constructed Out of Old Boiler by California Farmer—Fitted to Barn.

Use for Discarded Kitchen Boiler.

As shown in the sketch, writes John Hoock of Alameda, Cal., in Popular Mechanics Magazine.

Good Weed Killers.

Sheep are good weed killers. The fleece will more than pay for the food eaten.

Pigs in Right Place.

Pigs in alfalfa mean alfalfa in pigs—a good illustration of the right thing in the right place.

FARM ROADS AND CATTLE

OUTBREAKS OF HOG CHOLERA

Increase Noted During Latter Part of August or Early in September—Feed Corn Sparingly.

It has been observed that an increase in the number of outbreaks of hog cholera occurs during the latter part of August or the first part of September.

Properly Fed on Balanced Ration.

The occurrence of cholera is dependent solely upon the hogs becoming infected with the specific cholera micro-organism.

DEVICE FOR FASTENING DOOR

Impossible for Hogs to Escape by Pushing on Bottom—Chain Holds Latches in Place.

Here is a very handy device for fastening doors where hogs are kept. It is impossible for them to break out by pushing on the bottom of the door.

For Hoghouse Door.

TROUBLE WITH YOUNG LAMBS

Animals Should Be Trimmed in Morning When Air is Cool—Tissues Then Are More Firm.

In castrating lambs, if the drawing out of the cord should cause a rupture, simply replace the intestines and tie a string securely around the scrotum as near the abdomen as possible.

Lambs No Longer Healed.

The bleating of lambs upon the hill-sides is no longer heard in many parts of the country where such sounds used to be familiar.

ROAD BUILDING

ROADS IN PROPER CONDITION

Oiling, If Not Rightly Done, Will Simply Be a Waste of Money—Must Be Cared For.

On nearly every hand we hear the cry, "Oil the roads." "Why doesn't someone oil the roads and get rid of this terrible mud and slush that we are compelled to travel through so large a part of the year?"

Good Road in Illinois.

and pour some oil on the roads the thing would be done and our trouble would be over. While we are of the opinion that, if rightly done, oiling would be a great help, we are equally of the opinion that if not rightly done it will simply be a waste of money.

INTEREST IN ROAD BUILDING

Until Farmer Becomes Owner of Motor Car He is Apt to Be Conservative on Highway Question.

Never, perhaps, has there been so much interest taken in road building as is being taken now. This is caused largely by the automobile, just in proportion as the number of automobiles increases the interest in road building increases.

Value of Good Roads.

Most people recognize the value of good roads. The only thing that keeps us from having good roads everywhere is the cost, and with a few miles of good roads made each year this country will soon be favored with a system of roads that will be in keeping with the wealth and prosperity of the country.
