

## Local and Personal

L. O. Luke of Chariton, Iowa, is a new arrival to begin improving his homestead.

D. B. Cannon, a farmer who lives 23 miles south of town, was a business visitor Thursday.

Bates Brothers, stockmen and farmers, were in town a day or two attending to business matters.

Wilson of the firm of Wilson and Reynolds, real estate men, sold the Brinkley property to the Mussleman Lumber Co.

Mrs. Silas May went to Lincoln county last week, returning with her mother and sister who had been visiting her here for several weeks.

James Langan is building a three-room cottage near the school house. Benner and Jackson are the contractors.

W. V. Smith who settled a farm six miles east of town last fall has now a very well improved home. He has 60 acres in cultivation.

Mrs. P. D. Wood left Wednesday morning for St. Louis to buy spring goods for the Tucumcari Millinery Co., which will open for business in the near future. Watch these columns for the opening date.

Felt hats 25 cts. each; Caps from 25 to 35 cts. each. All notions at cost, hair pins, side combs, back combs, hair ornaments, belts, collars, baby caps, corset girdles and ribbons. Entire stock at cost to make room for spring goods. 17th Mrs. Emma-Jahns-Flores.

Joseph Israel is away for an extended visit among relatives in Germany. He left last Saturday for La Junta, Colo., and will go from there to Malvern and Little Rock, Ark., to visit his son and thence to St. Louis and New York to buy his fall merchandise before sailing to Europe where he will visit relatives in Holland and his parents in Germany.

D. C. Bell, Carnegie, I. T., has been in this vicinity for several days and has located a homestead near Montoya. He informs the editor of this paper that he has traveled over most of the country from Oregon to the Gulf of Mexico and that he has never seen anything as good as Quay county. He is very enthusiastic over the opportunity for agriculture and believes this county will in five years be the banner farming county of the territory. He says we have much better lands than Oklahoma and the finest water he ever saw anywhere.

**Big shipment of spring goods just received. The newest in all lines. Inspection invited.**

T. A. Muirhead & Co.

James Lawson and family have moved into the Gallegos residence on the McGee Addition.

There was a very much appreciated social hop at Koch's new building on Second street, between Main and Center—night.

Dr. Nichols is building an annex to his office and residence building, and when finished will be very comfortably situated in every way.

C. V. Mallet, the Chinese inspector, and his family will locate in Alamogordo, where he has recently been ordered by the government. Mallet is a very affable, as well as a very well informed gentleman, and has a family worthy of himself in every respect. This paper is sorry it is no longer to their interest to remain here.

C. J. Mussleman of Texhoma is a new business resident. He has purchased the Brinkley property on Second and Center and has established a lumber yard. The Mussleman Lumber Co. is said to be a rather stiff concern and also considered a business getter, there is little question, however, that the present building boom in both city and country will not keep all our yards busy for some time.

A. A. Blankinship received last week 19 new livery buggies and wagons, 15 of them for himself, and 10 head of Missouri horses, most of them good ones which he intends to use in the business. He had much trouble in shipping and did not get the treatment he was entitled to from the Railroad Co., who after promising Blankinship time to blanket his horses, switched them out of his reach and they were shipped through to Tucumcari exposed to a half dozen severe climates, which everybody knows to exist from Missouri this way through Kansas, Oklahoma and Texas. As a result of this he has lost two of his best horses since he unloaded them here, of pneumonia. He paid something like \$700.00 for the two horses lost and this looks like a very awkward piece of business, on the part of the rail road, to us.

### Now is the Time to Set an Orchard.

Nothing so quickly enhances the value of a place. We are here with a carload of general first-class Nursery Stock, which we will sell at unheard of bargain prices. The stock is here to show for itself. We guarantee true to name in every respect.

HANEY-SUMMER Nursery Co.
