TO THE OLD WOMAN AND THE NEW WOMAN

Greeting. The best kind of men, the men who count for most in the world, the men who have "done things", almost without exception have been inspired by women. Dante was inspired by Beatrice—whom he saw only once. Socrates was inspired by a lady of whom he saw and heard too much. Henry VIII of England made history at the instigation of a number of ladies. Shelley wrote some of his best work under the influence of Mary Wolstancraft—before she became his wife. But these women never did anything. They stood on pedestals and radiated inspiration.

Times have changed, and apparently women have changed. I do not know today of a single woman of my acquaintance, nor do I read of one in contemporary history, who is willing to be a silent partner in the business of a man's life, whether that business be running a kingdom, writing poetry, think-

ing great thoughts, or running a business.

The influence which women now exert and the inspiration which they offer to the male of the species comes from their leadership in human activities.

Those of us who are interested in the raising of the Liberty Loan in this section gladly accept the new order of things and call upon the new order of women to inspire and influence the men of the district by their actions and their example rather than by any attempt to stand on a pedestal and let somebody else do the work.

Woman today is claiming equal rights with man, and cannot expect to enjoy these unless she is willing to take her share of the responsibilities which rights and privileges always carry with them. The woman who believes in the equal civic right of the sexes is bound to take at least as active a part in the war as do the men. She can do no less unless she wishes to violate her own creed.

Let no one suppose for one moment that the writer of these lines imagines that the modern woman is less approachable on the grounds of her womanhood and her motherhood than the old fashioned woman who was content to knit socks, wash the children, and inspire her husband; but it is permissible to point out that the newer type of woman should help in the Liberty Loan Movement because she is a woman, a wife and a mother, and because in addition to all these things she is bound absolutely by the creed of the new womanhood to vie with men for supremacy in the realm of initiative and action.

It seems not unlikely that the women of the Eleventh Federal Reserve District will be the determining factor in campaign work during the Third Liberty Loan Campaign, and these remarks are addressed to the women of the District in the hope that they will take in this important work the position which they have claimed as their own; namely, that of comrade, co-worker, even leader, in all matters in which both men and women are jointly concerned for the national good.

If a candidate don't answer your question direct he is hedging and does not see things like you do.

A Short But Strong Statement
Women with backache, rheumatic pains, sore muscles, stiff joints or other symptoms of kidney trouble should read this statement from Mrs. S. C. Small, Clayton, N. M.: "Foley Kidney Pills have done me more good than all other medicines." They strengthen weak kidneys and banish sleep-disturbing bladder ailments. For sale by the Sands-Dorsey Drug Co.
