## THE KITCHEN CABINET

Days for deeds are few, my brother. Then today fulfill your vow; if you mean to help another, Do not dream it—do it now.

### A FEW VEGETABLE DISHES.

A steam cooker, or, lacking that, an old-fashioned steamer which fits the top of a kettle is an invaluable utensil for cooking. Vegetables which are steamed contain all the valuable mineral salts, the soluble nutritive materials which are thrown away when the vegetables are boiled and the water thrown away. It takes about a third longer to steam vegetables, but it takes little fuel to keep the steamer in operation when once started. A whole dinner from vegetables to meat, fish and dessert, may be cooked together.

**Summer Squash en Casserole.**—Take two and one-half cupsful of cooked squash, add three-fourths of a cupful of thick, stewed tomatoes, two tablespoonfuls of butter, one and one-half teaspoonfuls of salt, one tablespoonful of grated onion, one-half cupful of chopped meat, fish, or nuts, mix well and cover with three-fourths cupful of buttered crumbs. Bake in a hot oven until well browned. Egg plant or carrots may be served in this dish in place of squash.

**Roast Beef With Mexican Sauce.**—Reheat cold roast beef cut in thin slices in the following sauce: Cook one onion finely chopped in two tablespoonfuls of butter, five minutes. Add one red and one green pepper chopped, one clove of garlic also chopped, and two tomatoes cut in pieces. Cook fifteen minutes. Add one teaspoonful of Worcestershire sauce, one-fourth teaspoonful of celery salt and salt to taste.

**Tomatoes and Onions.**—Take one quart of tomatoes and one quart of onions sliced. Stew the onions until about half done in as little water as possible, then add the tomatoes. Cook until tender. Add a liberal amount of olive oil or butter, season to taste with salt, and thicken with a little flour stirred with cream.

**Eggs aux Tomatoes.**—Put a half pint of tomato pulp well seasoned into a well-buttered baking dish. Add a tablespoonful of butter, set into a hot oven for ten minutes then remove and add four eggs, added carefully to poach. Cook from three to four minutes and serve from the dish.

That's what mamma sent me for!

### K. OF C. PLANS GREAT MEMORIAL AT CAPITAL

Chicago, Oct. 6.—The board of directors of the Knights of Columbus voted to offer the American Legion \$5,000,000 for the purpose of erecting a memorial building in Washington.

The building, which would be in memory of the Americans who died in the war, would contain an auditorium seating 20,000. Quarters for the veterans of foreign wars, the G. A. R., the Spanish War Veterans, and similar societies. Ownership of the structure would be invested in the American Legion and it would be governed by a board of directors. Of the fund offered, \$1,000,000 would be used as endowment for upkeep of the building.

The \$5,000,000 represents the balance of the \$40,000,000 collected by the Knights of Columbus for war

purposes and will not be taken from the fund with which the organization plans to continue its national work.

A committee has arranged to meet Col. Galbreath, head of the legion, in New York within a few days to make the proposition to him, but he has not yet been informed of the proposed gift.

### SEEN THROUGH A WOMAN'S EYES

Suppose, Mrs. Voter, that during three years you lived in the shadow of a terrible war—

And that war for the preservation of civilization then came upon your country—

And that your husband or your son was compelled by a sense of his country's necessity to enlist for service in muddy trenches of France, where he was exposed to cold, and lice and disease, to say nothing of poison gas

and shells, machine gun bullets and the savage bayonet thrust—

And that you knitted and knitted that your husband or son might be better protected from cold—

And that you skimmed your food that he might have enough to eat—

And that you wore your old clothes and patched the old clothes of the other members of the family that you might have money to buy Liberty Bonds and subscribe to the Red Cross and to the Y. M. C. A., the Knights of Columbus and the Salvation Army—

And that when the war had ended more than 300,000 young American lives had been sacrificed and untold wealth had been destroyed—

And then suppose that a great League of Nations was formed by which the world was to be saved from the horrors of war through an agreement that any nation with a grievance should submit its cause to the League of Nations and abide by the League's adjudication or suffer strangulation by economic boycott, and then, if necessary, armed force would be employed to protect the nation unjustly attacked—

And suppose the United States should enter that League, but with the reservation that it could not send your husband or son to war except by act of Congress, and that it could quit the League without obligation by giving two years' notice—

Would you not feel that the world had been made a safer place in which to live? Wouldn't you feel that a long step had been taken toward bringing "Peace on Earth, Good Will to Men?"

Don't you believe that the election of Governor Cox, pledged as he is, to the League to Prevent War, would be better than the election of Senator Harding, who is in favor of going it the "old way" every year of which "old way" has been red with blood shed upon the battle fields?

The League of Nations is organized to prevent war, and it will prevent war, when it is in full operation with America taking her part in this great Christian Work.

Mrs. Voter, what do you think about it? Are you aware that the great United States are supporting the League because they believe it a great, practical step toward abolition of the horrors of war?

Mrs. Voter, can you afford to vote against the League of Nations now endorsed by thirty-seven of the most civilized nations of the world?

## Curry County Fair Patrons

While in town for the fair, have that car thoroughly oiled and greased. It has served you well during the busy season and deserves this attention.

We are properly equipped to render this service. We have a spring spreader and grease springs with graphite, the lubricant that collects no dust. Most people neglect oiling their springs and never know what a great difference it makes in riding qualities.

It is also time to "step-up" your generator's charging rate to keep your battery up to charge for the harder cranking of Fall and Winter.

We adjust your generator charge rate and then check same with master ammeter, assuring accuracy of results.

Battery test and distilled water Free.

Storage overnight, 25c during the fair.

If in the market for a car see us for our Fair Week Special line-up—Nearly any make; nearly any price.

Remember our parts and accessories include Hot Shot and Columbia storage batteries, spark plugs, timers, wiring cable, spot lights, bulbs, sockets, lamp cord, automatic cut-outs for Fords, Overland and Remy, ammeters, breaker arms, platinum and tungsten points, generator, motor and magneto brushes, auto fuses, resistance units, Ford cylinder blocks, racing, gears, steering wheels, springs, gaskets, Dort cylinder head gaskets, Vulcan tires, tubes, boots, Rose pumps and jacks, oil gauges.
