**THAT SUDDEN**

**Sharp Pain**  
 which you experience at times can be removed. No woman has the right to suffer when she can obtain relief safely, certainly and promptly. Suppose you do have headaches, extreme nervousness, low-spirits and general good-for-nothing feelings at times? Your case is not hopeless. These symptoms are evidence that the delicate organism of the feminine body has become out of order and needs the help Nature's remedies can bestow. Try Dr. Pierce's Favorite Prescription which the druggists of this country have been selling in liquid form for the past 50 years. It can now be had in tablets also. Ingredients on label. Send ten cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package of tablets.

**HATCH EARLY TO INSURE WINTER EGG PRODUCTION**

With the average small-farm flock where hens of general-purpose breed are kept, it is most satisfactory to let the hens do the hatching. If the hens are of a non-breedily breed, however it is necessary to use incubators or to purchase baby chicks. Whatever the method of hatching, it is most important that it be done at the right time of year.

The proper time of hatching varies with different localities, being earlier in the South and latest in the extreme North. The aim should be to hatch the chicks at such a time as will allow the pullets to reach their full development and begin laying in October or November, poultry specialists in the United States department of Agriculture say, as these earlier maturing pullets must be depended upon very largely for the fall and winter egg production. Late hatched chicks do not mature in time to produce fall and winter eggs, nor do they live or do so well during the hot weather.

**ROSE VALLEY ITEMS**

(Received too late for last issue) Remember Rose Valley Sunday school meets each Sunday 3:00 p. m. Meet your friends and enemies, both, there.

We are very glad to report Miss Jeraldine Spurlin better at this writing.

Mrs. Lizzie O'Harra was called to California to the bedside of an aunt who was quite seriously ill, but a wire from Mrs. O'Harra states her safe arrival and finding her relative some better. The writer understands that Mrs. O'Harra will also visit her daughter, Miss Elizabeth, who is attending school in that state.

Mr. G. B. Millholland and daughter, Mrs. Mollie Watson of Clovis, and the latter's son, Mr. Fred Watson, from Oklahoma, were pleasant Sunday visitors at the home of J. P. Harper and family.

Mr. Walter Smith is back in our neighborhood with a bunch of cattle. Welcome to you, Mr. Smith. Bring your family in our midst.

Miss Florence O'Harra left last Sunday morning for Albuquerque, N. M., to attend school.

Mr. L. C. Petree drove out to his wheat farm last Sunday and was a pleasant caller at the homes of Mr. T. C. Greathouse and J. P. Harper. Mr. Roscoe Smith is very busy hauling his grain to Clovis and storing it in the elevator there.

Mr. Sam W. Kent left Saturday noon for points in Texas, in answer to a message stating the dying condition of his father.

We are glad to report little Miss Crystal June Harper about to recover from her experience of swallowing a penny.

Remember our pie supper was rained out, so when school re-opens and the sick are all well, we will probably call it again. Watch for the date.

Some are beginning to sow spring wheat in this neighborhood, others are busy preparing their land to sow soon. Wheat is looking fine since our nice showers.

Mr. E. O. Kirk has all his land listed once, being the first one the writer knows of. If you can beat this and live in this neighborhood, let us know it and we will gladly correct this.

Mr. C. L. Brady is hauling his corn to Clovis.

Mrs. T. C. Greathouse and son, Master Spencer Steel, were making some hurried calls one morning last week.

Mr. D. J. Smith, who of late is making his home with Mr. Will Johnson of Clovis, was a caller at the home of Mr. E. O. Kirk and sister last Wednesday morning.

Rose Valley school is closed at present on account of scarlet fever. Mr. J. P. Harper was in Clovis on business several days last week.

Mrs. Lizzie Smith and Mr. E. O. Kirk, also Mr. T. C. Greathouse, were Sunday evening callers at the Harper home.

Mother Goose was sorry to disappoint those kindly folks from Clovis who came in a goodly number to enjoy our Sunday school last Sunday, but owing to sickness in so many

**The Need of Vision . . .**

Centuries ago a wise old philosopher said: "Without vision the people perish." It is obvious of course that he was not thinking of physical vision, but even in that sense the statement rings true.

True vision—true physical vision is absolutely essential for complete happiness and a proper success. Most everyone doubtless appreciated the unhappiness of extremely poor vision or blindness, but there are thousands who do not appreciate how greatly perfect vision contributes to success.

Especially in this intensive period when human values are measured in terms of efficiency and earning power depends upon results, no man or woman can expect to realize a full measure of success without efficient eyesight. Retarded promotion and blighted achievement follow in the wake of defective vision.

If you have the least suspicion that your eyes are not functioning in a normal manner—that they are not giving you the service that you require—it will be wise for you to go to a competent professional man for an examination.
