THE GARMENTS which we make to measure supply the wants of gentlemen who believe that the best is the cheapest and who are willing to pay a fair price for clothes that have been made from carefully selected, thoroughly tested, honest materials, and by skilful, intelligent, well paid labor. We do not claim to sell our goods at as low prices, nominally, as can be found elsewhere, but we think that hundreds of our customers would attest that there is a satisfaction in wearing our goods not attendant upon those of poorer quality and lower cost. All garments are made wholly by hand in our own shops by the most skilful operators, whose work cannot be excelled. Every piece of goods is thoroughly tested before being used in any garment. Every piece is thoroughly shrunk. We would be pleased to show our assortment of English and Scotch Woolens, in our new store in the Y. M. C. A. building.

ADAM'S MICROBE KILLER.
Cures all Diseases.
After myself and wife had used your Microbe Killer with great benefit, although I have not a farthing pecuniary interest in your remedy, unsolicited and on my own responsibility, I wrote to nearly forty of those whose certificates you publish, enclosing nearly all diseases. "Please give your present impressions of Wm. Adam's Microbe Killer." I am happy to state the replies were not only favorable but enthusiastic. Many of the cures of complicated diseases almost surpass belief. Sincerely yours,
