

INTERESTING NEWS TO HOUSEKEEPERS

Announcement of a

\$10,000 BEDDING SALE!
TO START SATURDAY, FEB. 14th
At The Red 46 Furniture Co.

There's a big dose of business tonic in this advertisement, but besides studying what we say here, we hope you will read between the lines and realize the fact that we can not tell you all that deserves to be told about the importance of this sale on account of the limited space of this newspaper.

Our buyer, while in the market the latter part of January last, began negotiations for a carload of Brass Beds, which did not materialize until Monday, Feb. 2, as per copy of letter which we print herewith, and which is self-explanatory.

Brooklyn, N. Y., Feb. 2, 1914.

Red 46 Furniture Co.,
38-50 Church St.,
Burlington, Vt.
Gentlemen:

Your esteemed favor of the 31st ult. at hand. In reply wish to say that since you consent to have the order increased to a full carload, which will make about one hundred twenty-five to one hundred forty beds in all, we will accept the order.

You must realize, gentlemen, that the price you are paying us is at least 20 per cent less than the ordinary finished Brass Bed can be bought for, say nothing about the "Guaranteed Damarda Lacquer" we put on our beds, and which is absolutely the only way we would put out our product, increasing its value by at least an additional 10 per cent.

We must again state that in selling our beds you are perfectly safe in making any kind of a guarantee to your customers as to its durability and everlasting finish, which we stand back of positively.

If we were not so overstocked at present and in need of some of the money tied up, we would not for a moment consider any such a proposition, however, "Money Talks" and the spot cash at this present time is worth the consideration of the loss.

If you are to put on the sale your buyer contemplated when at our factory Thursday last, we hope for its success, as we are sure it will be, for people now days are wise enough to know a good thing when they see it. Will hurry shipment as quickly as possible.

Again wishing you success, we are

Yours respectfully,
UNIVERSAL METAL BED COMPANY.

And, in order to be able to sell entire bed outfits with springs and mattresses included at about an equal cut in price, to conform with the reduction we will be able to make on the beds, we immediately took up correspondence with our mattress and spring factory to co-operate with us in this important event and received a special cut of 15 per cent on a carload of springs, mattresses and bed couches. Copy of their letter which we also herewith print.

Gentlemen:

ATTENTION OF MR. M. G. ROSENBERG.

We have your favor of the 2nd with order for carload of mattresses, springs and bed couches, for which we wish to thank you.

We note what you say regarding your intention of putting on a big bedding sale, and that you desire to make a 30 per cent to 40 per cent reduction on our goods and would like to have us stand "at least half of this cut in price."

Goods will be hurried to you as quickly as possible via B. & M. and Rutland R. R. Of course, you will realize that in doing so it incurs a great loss to us, but we feel that you are fully justified in getting it, in view of the fact that for the past three years you have been the largest consumers of our product we have in your State, and best of all we highly appreciate promptness you exercise in paying your bills.

Wishing you the best of success and assuring you of our every effort to assist you and co-operate with you when possible to do so, we are

Yours very respectfully,

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. PECULIAR AFTER EFFECTS OF GRIP THIS YEAR

LEAVES KIDNEYS IN WEAKENED CONDITION

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are often very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmor's Swamp Root which so many people say soon heals and strengthens the kidneys after an attack of the grip. Swamp-Root is a great kidney, liver and bladder remedy, and being a herbal compound, has a gentle healing effect on the kidney, which is almost immediately noticed in most cases by those who try it. Dr. Kilmor & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp Root, on receipt of ten cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c, and \$1.00. For sale at all druggists. Be sure to mention this paper.
