Sir Isaac Newton.

The discovery of gravitation was the first of many great ideas that came to "the greatest original thinker of all time." Newton was also the pioneer in announcing the physical properties of light. His epitaph, translated from the Latin, on his monument in Westminster Abbey describes in a few words the greatest accomplishments of Newton. It reads:

On Easter Morn

ON Easter morn
The softened winds to
every quickened ear
Breathe music sweet, telling
the time of year.
All nature sings, and in glad
antiphon,
Blent with the organ's tone,
The voice of man in praise to
heaven is borne.

WITH April's fairest of-
ferings we adorn
Our altars, emblemizing
eternal spring
O'er winter triumphing,
And good o'er evil, joyous-
ness o'er gloom—
Yea, life o'er death, Christ
risen from the tomb
On Easter morn.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the family system tonic. Price, \$1.00—adv.

SUBBURY

Mrs. C. W. Jones visited relatives in Shoreham last week.
Mrs. B. D. Colby was in Burlington last week.
The next meeting of the Missionary society will be held with Mrs. John Bucklin Friday afternoon, April 2.
Mr. and Mrs. Frank Phelps and child of Rutland visited in town recently.
Miss Pauline Hodge of Troy, N. Y. is visiting at Phenner Vail's.
Mrs. Goselin and children of Brooklyn, N. Y., are visiting at William Tappan's.
Hugh Selleck is serving as petit juror in Rutland County court.
Will Sawyer and Carl Needham spent several days in Montpelier last week.
Schools in town will reopen Monday, April 5.
Miss Margaret Farnham, Miss Ruth Denio, Miss Irma Bucklin and Miss Ruth Sawyer are at home from their school in Brandon for the Easter vacation.
Road Commissioner E. J. Griffin, Selectmen Arthur Sawyer and Emery Parent were in Rutland Wednesday to attend the annual "Good Roads" meeting.
Clarence Shason is making repairs and improvements on his residence.
The Brandon concert band will give the play, "The Deacon," in the town hall Thursday evening, April 7. The band orchestra will furnish music.
Miss Griswold of Cornwall is visiting relatives in town.
The third and fourth degrees will be conferred on several candidates at the next Grange meeting Thursday evening, April 8. A Harvest supper will be served.
The Ladies' Aid society will meet next Wednesday afternoon with Mrs. A. G. Jones.

Easter In Various Lands

In nearly all Christian countries the recurrence of Easter has been celebrated with various ceremonies and popular sports and observances.
In the Netherlands, or Holland, a country famed for its flowers, especially tulips, blossoms play a large part in the day's celebration. For days before the holiday the Dutch canals bear on their placid surfaces many barges laden high with fragrant and showy masses of bloom.
Some of the Easter customs in the various countries are curious indeed. In the north of England you may still hear the old time:
Tid, mid and misera,
Carling, pain and Pasch egg day.
The first line refers to Christmas, the Epiphany and Lent. Carlings are

DUTCH BOY WITH WHITE HYACINTHS FOR EASTER.

steeped peas fried in butter, with pepper and salt, and eaten on accident or mothering Sunday, as the fourth Sunday in Lent is sometimes called. Palm Sunday immediately precedes Passion week and is so called from the branches of palm trees strewn in our Saviour's path at the time of his triumphal entry into Jerusalem.
Pasch eggs are Easter eggs boiled so hard that you can play at ball with them, dyed with various colors and often having inscriptions or landscapes traced upon them.
Easter eggs symbolize the resurrection. As one old writer says, "As the bird imprisoned within the shell comes to life and liberty at the appointed time, so did our Saviour on Easter morning burst the gates of the grave." The eggs were at first dyed scarlet, in memory of the blood of Christ shed upon the cross.

A LEGEND OF EASTER.

The story runs that when Adam felt death approach he called his son Seth to his side and bade him ask the archangel, the keeper of the garden, for a balsam that should save him from death.
"The time of pardon is not yet come," said the archangel. "Four thousand years must pass. But as a token that his future pardon is assured the wood whereon redemption shall be won shall grow from Adam's tomb."
He then gave three seeds to Seth and bade him place them in his father's mouth when he died. Adam died three days later. Seth obeyed the directions of the archangel, and the place of his father's sepulcher was Golgotha, where in course of time three trees grew from the seeds. One was a cedar, another a cypress and the third a pine. It was with a bough from one of these trees that Moses performed his miracles in Egypt, brought water out of the rock and healed those whom the serpents had bitten in the wilderness.
After a time the three trees incorporated themselves with each other and became a single tree, beneath which David sat when he bewailed his sins. In the days of Solomon the tree had become the finest of all trees, so was cut down to assist in the building of the temple. But magic seemed to have taken possession of the wood, for nothing which it was wanted to serve for would answer until at last Solomon cast the tree overboard so that all might trample on it as they crossed the brook.
There it was discovered by the queen of Sheba, and she, recognizing its virtue, had it raised. It was then buried, but the spot where it lay became the pool of Bethesda and healed all the sick who flocked to it. When the time of the crucifixion drew near the beam of wood rose to the surface and was brought out of the water, and when the executioners sought for a beam for the cross they discovered this and found that it fitted their purpose. So the prophecy was fulfilled.

THE SUMMER SESSION.

Arrangements are practically completed for the Seventh Summer Session. A handsome illustrated bulletin will be issued in April.
Dr. Collins, who acts as director this year, has completed certain arrangements which will be new. Among these are the following:
In place of courses in the German Language and Literature which have hitherto been given, a German School will be conducted by Prof. Lillian L. Stroche, of Vassar College. Miss Stroche will be aided by a staff of German assistants. The idea of the German School, as it has been successfully developed by Professor Stroche, is to provide intensive training in German for all students desiring to pursue the study of that language. The customary plan of work provides only for recitations in classes covering but an hour or so a day; under the new arrangements, students will take up residence in a Deutsches Haus and live and work in an atmosphere as distinctively German as if they were travelling or studying in Germany. German is spoken exclusively; German pictures, periodicals and newspapers are provided; a separate dining room will be maintained for the German students; excursions will be made under the guidance of German teachers; Sunday services will be held in German; and it is expected that as much ability to think and speak German will be gained by six weeks thus spent in the intensive pursuit of the language as by a whole summer of desultory study spent in foreign travel.
By presenting such an opportunity in a year when foreign travel has become impossible, the Summer Session hopes to render a genuine service to the cause of modern language teaching. A special circular has been prepared which will be mailed to anyone interested in the German School. Advance registration indicates that there will be a large patronage of this feature of the Summer Session.
Plans have been made for a successful continuation of courses in French. So far as possible students wishing to study French will be assigned residence in Hillside Cottage. The French courses will be in charge of Mlle. Meylan, an author, editor, and teacher of European birth and training and wide American experience.
The growing interest in school plays, in connection with High School English, has led to the presentation of two courses in the Art of Reading and Dramatic Interpretation. These courses will be under the direction of Miss Gladys Lott, a graduate of the Leland Powers School, and a former pupil of Mrs. Rachel Noah France. Miss Lott has devoted herself to the perfection of her art, and her work with Mrs. France (who was at one time leading lady with Joseph Jefferson, Edmund Booth and Mary Anderson) gives her a rich acquaintance with stage tradition, the practical features necessary for the successful staging of plays, and the prompt books of old English and modern classic drama. Arrangements may be made for individual instruction by those desiring it, in addition to the class work. Both of Miss Lott's courses will be based upon the High School courses in English. She will aim to make her work of the greatest practical value to teachers who wish to coach their students in expressive reading and in the presentation of plays.
The work in Home Economics will again be under the direction of Miss Hatch of Simmons College, whose work in previous years has made her favorably known to students of the Summer Session. In addition to the courses in food study, both elementary and advanced, which are offered by Miss Hatch, other courses will be added in sewing and practical dressmaking. It is expected that these will be given by Miss Schaumburg of Simmons College. The teaching of Domestic Science in High Schools nearly always involves the giving of some work in sewing; it is the purpose to make these courses of especial value to former graduates of Middlebury who did not have in college an opportunity to take such courses.
Dr. Collier, whose course last year created great interest, will return next summer and present three extremely timely courses in history, one of which, The Europe of Today, will give an insight into the international conditions which led to the present war. Another course, entitled International Conciliation, is given at the special request of the Carnegie Endowment for International Peace. The courses will deal in a broad way with international affairs, arbitration, plans for world-peace, etc. A third course will deal with the social and economic history of England from Elizabeth to Victoria.
In chemistry, home economics, and geology, qualified students who desire it, will be permitted to do an amount of work which will enable them to secure three credits and enter regular courses in these departments in the second semester.
The program of study will afford many other attractive features, some of which will receive later mention. Those described here are sufficient to convince anyone that the Seventh Summer Session will be even more attractive than previous Sessions. The Session begins June 29th and continues till August 6th, inclusive. Any person desiring a bulletin will please write to the director. Bulletins will be sent out about the 10th of April.

NO ALUM in CLEVELAND'S SUPERIOR BAKING POWDER

Entertainment for Public Library. The usefulness of the public library has materially increased since it has been opened every afternoon and evening, but the running expense is, of course, greater and the margin of income that can be used to buy books is diminished.
This is unfortunate, because with the increased circulation, books wear out very fast, and we feel the need of more income to keep up the supply. To this end the Ladies' Library association has arranged for a series of entertainments to be given in the near future.
The first will be a reading by President John M. Thomas from the Canadian poet W. H. Drummond, on Saturday evening, April 10, at 8 o'clock at Grange hall. A small admission fee will be charged. All who have heard President Thomas read the Canadian French dialect will wish to hear him again.

Ten Weeks in Bed--Eminent Physician Failed--Wonderful Recovery.

I wish to inform you of the great benefit I have derived from the use of Swamp-Root. I had been a sufferer for more than twenty years from kidney and liver trouble and was almost constantly treated by the most eminent physicians who could only give me temporary relief. I had been in bed ten weeks when I began the use of Swamp-Root. Inside of twenty-four hours I could see that I had been greatly benefited. I continued to use Swamp-Root until I had used several bottles when I really felt that my old trouble was completely cured and I am positive that any person suffering with kidney or liver trouble can be cured by the use of this preparation.
I am now in the best of health, better than I have been for ten years or more. I do not know how to express myself as strongly as I desire, in favor of Dr. Kilmer's Swamp-Root, as I am sure that it saved my life and that my good health is due entirely to this great remedy. I heartily recommend it to every sufferer and I am confident they can be benefited as I have been. It is a pleasure for me, gentlemen, to hand you this recommendation.
MRS. H. J. PRICE,
1406 Center Street, Portsmouth, Ohio.
Personally appeared before me this 15th of September, 1909, Mrs. H. J. Price, who subscribed the above statement and made oath that the same was true in substance and in fact—adv.
R. A. CALVERT,

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Middlebury Homes.
Hard to do housework with an aching back.
Brings you hours of misery at leisure or at work.
If women only knew the cause—that Backache pains often come from weak kidneys.
'Twould save much needless woe.
Doan's Kidney Pills are for weak kidneys.
Read what a Middlebury citizen says: Mrs. John Signor, Seymour St., Middlebury, says: "I suffered intensely from kidney complaint and at that time I got splendid relief from Doan's Kidney Pills, in fact they rid me of the attack. A short time ago I again had symptoms of kidney trouble and getting a supply of Doan's Kidney Pills at Sheldon's Drug Store, I used them. They quickly brought relief from the pains in my back and strengthened my kidneys."
Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Signor had. Foster-Milburn Co., Props., Buffalo, N. Y. adv.

READY FOR SPRING

With the Most Beautiful Line of Men's Clothes Ever Seen in Vermont

The new Spring models of Men's clothes are here—and there's a great variety of styles and patterns. Last summer we cleaned out the old stock so well that it was necessary for us to buy heavy for the Spring and Summer of 1915. For weeks these new goods have been arriving and now the lines are complete. The showing is much greater than usual and will compare with the stocks of many of the big city stores.

Prominent in this display of fine spring clothes is the product of Hart Schaffner & Marx, makers of men's clothes of standard worth, style and quality. When you buy a Hart Schaffner & Marx suit or overcoat the quality and style are just the same—and it doesn't matter whether you make the selection in Chicago, New York or Middlebury.

We are pleased to be able to offer you men of Addison county these high grade suits and overcoats and we believe you will all appreciate our efforts in bringing to your home county clothes of such well known quality and style.

The new Spring Suits from \$12.50 and up.
Hart Schaffner & Marx models at \$20.00, \$22.50 and \$25.00.

Buy Good Clothes—Buy Them in Your Home County, We're Here All The While and Will be Pleased to Serve You.
