**When You Want a Thing Done RIGHT, Do It YOURSELF**

Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

**A MERCILESS JUDGE**

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Middlebury resident has withstood this sternest of all tests.

S. E. Meekin, barber, Franklin St., Middlebury, says: "I had a severe attack of kidney complaint and my back pained me so intensely that I was unable to rest well. I got a box of Doan's Kidney Pills and they brought me prompt relief. It was not long before I was restored to good health and every symptom of the complaint was removed."

OVER TWO YEARS LATER Mr. Meekin said: "Kidney trouble has been a stranger to me since I used Doan's Kidney Pills."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Meekin has twice publicly recommended. Foster-McLburn Co., Props., Buffalo, N. Y. adv.

**OLD GLORY**

What precious associations cluster around our flag! Not alone have our fathers set up this banner in the name of God over the red war battlefields of the Revolution and over the cities and towns which they rescued from despotic rule, but think where also their descendants have carried it and raised it in conquest or protection! Through what clouds of dust and smoke has it passed, what storms of shot and shell, what scenes of fire and blood—not only at Saratoga, at Monmouth and at Yorktown, but at Lundy's Lane and New Orleans, at Buena Vista and Chapultepec! It is the same glorious old flag which, inscribed with the dying words of Lawrence, "Don't give up the ship," was hoisted on Lake Erie by Commodore Perry just on the eve of his great naval victory; the same old flag which our great chieftain bore in triumph to the proud city of the Aztecs and planted upon the heights of her national palace. Brave hands raised it above the eternal regions of ice in the Arctic seas and have set it up on the summits of the lofty mountains of the distant west.

Where has it not gone, the pride of its friends and the terror of its foes? What countries and what seas has it not visited? Where has not the American citizen been able to stand beneath its guardian folds and defy the world? With what joy and exultation seamen and tourists have gazed upon its stars and stripes, read in it the history of their nation's glory, received from it the full sense of security and drawn from it the inspirations of patriotism! By it how many have sworn fealty to their country!

What bursts of magnificent eloquence it has called forth from Webster and from Everett, what lyric strains of poetry from Drake and Holmes! How many heroes its folds have covered in death! How many have lived for it, and how many have died for it! How many, living and dying, have said in their enthusiastic devotion to its honor, like that young wounded sufferer in the streets of Baltimore, "Oh, the flag—the stars and stripes!" And wherever that flag has gone it has been the pledge of freedom, of justice, of order, of civilization and of Christianity. Tyrants only have hated it, and the enemies of mankind alone have trampled it to the earth. All who sigh for the triumph of truth and righteousness love and salute it.—Rev. Albert B. Putnam.
