WHEN IT COMES TO THE ROOF

You had better do a little thinking on your own account. There are all kinds of roofings to tempt and confuse the customer and dealer, and the man who chooses blindly and an unknown material is certainly mapping out large chunks of future trouble. Poor roofs have caused ten times as much damage as poor foundations.

assembled for a discussion of embryonic problems.
"To digress a moment, young ladies, compare the lot of the housekeeper of to-day with that of the housewife of but a decade or two ago. In those days it was a case of bake, bake, bake, everlastingly. The four walls of the kitchen spelled 'prison' to many a woman who should have been out enjoying the fresh air, or extending her sphere of usefulness beyond that of house-keeping. Can any of you tell me one thing in particular that has come to vary the monotony of this work, and give an example?"
"Miss Walker."
"I would say that ready-to-serve foods are among the greatest boons to the modern housewife. We all know what they are—from canned goods to cookies. But there is a line of products, in particular, which I should like to mention at this time."
"The floor is yours, Miss Walker."
"The products of the National Biscuit Company, my dear ladies, are the products which I am speaking of. They are the products which have helped women to get their meals ready in half an hour or so of hot waiting at the oven, the modern woman simply telephones her grocer for certain well-known table dainties baked by the National Biscuit Company."
"And she only does this at intervals, for she has learned the wisdom of these quality products on her pantry shelves for every eating occasion."
"Three National Biscuit Company products in particular have won an unusual obligation upon the daily products I speak of fully."
"I am talking out-of-town guests has placed an unusual obligation upon the daily products I speak of fully."

DEER PLENTIFUL

Seventeen in One Group Reported Seen Near Brandon
Last week J. A. Billado of the Miller Auto Sales company saw one group of 17 deer, peacefully feeding in the meadow lands between Brandon and Sudbury, about three miles west of the village of Brandon. The animals did not seem to fear the automobile engine, which was not stopped during any of the time. Mr. Billado and his passenger stopped to view the unusual sight. The deer looked up and then resumed their feeding.

On Sunday afternoon a group of three deer, two bucks and a doe, which had been causing considerable damage to the crops on the farm owned by Arthur Goodnow on Birch hill in the town of Brandon, were found in his alfalfa patch and two of the deer, a spike horn buck weighing about 75 pounds and a doe weighing 125 pounds were shot by Mr. Goodnow.

FIRE INSURANCE

The cost of building material and labor is nearly twice what it was a few years ago, and many of the buildings erected under the old prices are worth more than when they were new.
Compare the amount of your insurance with the cost of reproduction, and see where a fire loss would leave you. If your policies include the 80 per cent reduced rate clause, in case of partial loss you would receive only such part as the amount of your insurance bears to 8-10 of the cost of reproducing the whole building.
Meanwhile, the cost of insurance has not increased and I can furnish you additional protection at the old rates, stock, dividend or mutual plan.
Also, Surety and other Bonds, Auto Fire and Liability, Residence and Mercantile Burglary Insurance.

when split in half and served in chowders or toasted with cheese, while for poultry dressing they are simply irresistible. With coffee, morning or at night, they are excellent, especially when toasted or slightly warmed in the oven. They are not only palate-satisfying, but they are unusually nourishing as well.
"Thank you, Miss Walker. And I heartily endorse everything you have said. Your last sentence, 'They are unusually nourishing as well' is a very necessary and important part of home dietary. Only too often is nourishment sacrificed to tastiness. So when you say that National Biscuit Company products are nourishing as well as tasty, you say something which I know to be true."
