The circulation of the DAILY NEWS is steadily increasing and on Monday passed the 500 mark by a clear majority of 100. Monday's edition of the paper was exhausted fifteen minutes after the last form was off the press. 600 for a daily in a city the size of Daytona is a very creditable showing and is evidence that the public appreciate our efforts. It shall be our aim to build the circulation to a still higher figure and to accomplish this will make it better and better each day.

### Dead Horse Sale.

The Zolfo Advertiser wants the State to pay for horses that are killed by order of the State Board of Health. Why not go farther and make the State pay for diseased trees which are burned by order of the authorities? The families of the criminals, who have diseased minds, and who are destroyed, might also be added to the list. Commenting on the proposed law the Leesburg Commercial says:

The probability is that the suggestion will not meet with popular favor and very likely the Legislature will kill the bill when it comes up. That sort of a 'dead horse sale' should not be expected to go very

While the owner of a horse with glanders is unfortunate, there is no reason why the state should pay his loss any more than it should pay the pecuniary loss sustained by any other citizen. The fact of the State Board Health ordering the horse with glanders killed is no excuse, because to all intents and purposes the horse was already dead.
