## CITY FATHERS IN SESSION

Plans Discussed for Street Improvement. Discuss Plans for Purchasing Improved Road Machinery.

The city council met in regular session last night, with President Harris in the chair.

Aldermen Schmidt, Matthews, Porter, Hendricks and Clark were present.

Bills of various amounts were read and approved.

The ordinance committee was requested to define width of roadways and report the same at the next meeting. This was ordered on a petition which contemplates the ultimate widening of the roadway on Beach street.

A petition was received from A. W. Wells, requesting that he be allowed to cut the limbs from the trees in front of his residence on Magnolia avenue to permit the easy passage of his auto to the garage. On motion the petition was tabled. The tree in question is the one which has a long lateral branch extending over the parkage and is photographed by visitors often, probably, than any scene in the city.

A communication was received from D. D. Rogers relative to his assessment for the sea wall and fill in front of his Beach street property. On motion of Councilman Hendricks it was tabled.

The ordinance to regulate hacks, automobiles and other conveyances for hire and all conveyances used in the city of Daytona was called up and read. It was moved by Mr. Hendricks and seconded by Mr. Schmidt that same be passed on its second reading.

An effort was made to incorporate north Beach street in the fire limits. After a lengthy discussion the proposed ordinance was referred back to the ordinance committee.

A communication from William A. Whitman, of New York, relative to a waterworks and sewer system was read. On motion the clerk was ordered to notify the firm that plans had been virtually accepted.

Councilman Schmidt reported that two extension ladders had been bought for the use of the fire department. A 32-foot ladder has been placed in the fire hall on north Beach street and a 36-foot ladder was placed in the fire hall in the rear of the City Hall. These ladders cost \$9 each.

Messrs. Clark, Porter and Rix were appointed a committee to investigate the practicability of placing 12 inch pipes at various places on Beach street in order to obtain water from the river in case of fire.

The tax books were examined and ordered accepted and approved.

On motion of Alderman Matthews it was ordered that bids be advertised for the mining of 2,000 or more yards of rock to be used in paving the streets.

Alderman Hendricks suggested that the Street committee take steps which would result in the widening of the road bed of Beach street and the building of a parkage on the west side of said street in order that trees of some kind might be set out.

E. G. Richardson, representing the Good Roads Machinery Co., of Kennett Square, Penn., addressed the council and made a liberal offer of a road crusher to the city.

Moved by Alderman Matthews, seconded by Alderman Clark that the Street committee get up specifications and advertise for bids for getting out 2,000 or more yards of rock. Carried.

Moved by Alderman Matthews, seconded by Alderman Hendricks that the City purchase rock crushing outfit from C. M. Scott according to specifications at price of \$2,125 delivered, the City paying \$500 down, if satisfactory, and balance at \$500 a year at 6 percent interest, same to be delivered by April 30, 1905. Carried.

The Council adjourned subject to recall for a special meeting which may be held Thursday evening next.

Dr. and Mrs. Waggoner and Miss Waggoner left for their home in Corry, Pa. today. The family have been guests of The Hayard since November.

W. S. Dibble and wife, Marshall, Minn.; Miss Johnson, Miss D. A. Johnson, H. Johnson, Wilmington, Del.; Howard Trumbo, San Francisco, are guests of The Palmetto.

A pleasant party of young ladies, guests of the Seaside Inn, are: Miss Lulu M. McKane, of Lake City, Miss Beulah J. Wallace, of Frankfort, Ind., and Miss Alice Kyle, of Kyle, O.

Dr. and Mrs. Jas. H. Paine, Miss Dorothy C. Paine, and Mrs. Flora C. Paine form a pleasant family party at Surf Crest. Dr. Paine is well known not only in Daytona but all over the State.

Automobile wanted—A second hand runabout for three or more. Will pay cash for good cheap machine. Must be low priced. Address "Auto" Daily News office, 27-1

## BIG CATCH OF FISH YESTERDAY

Blue Fish, Whiting and Sheephead Galore Were Caught by the Fishermen Yesterday.

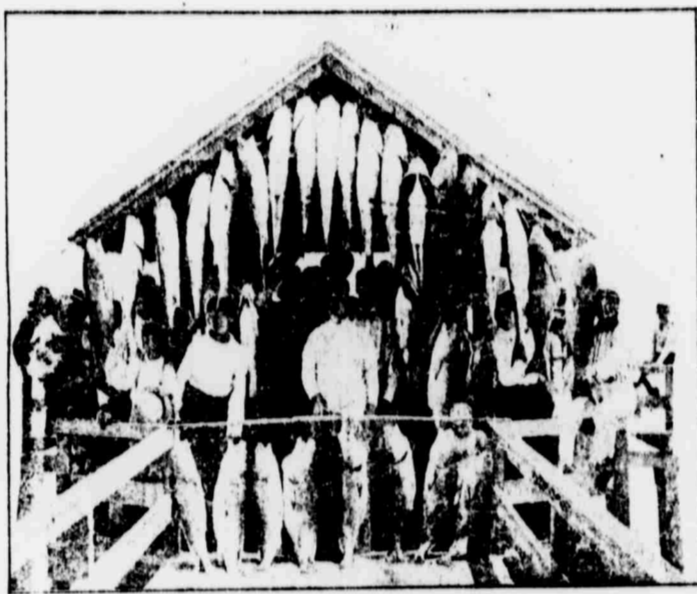

The largest catch of fish reported so far this season was made yesterday by Dr. Jas. H. Paine, of Cleveland, and H. H. Packard, of Detroit, while fishing from Keating's pier. These gentlemen landed over fifty-eight in the afternoon, all being whiting or blue fish.

E. G. Irwin, of Danville, Ill., a guest of The White House, is said to be the most expert fisherman at Daytona Beach. He uses at all times a red and red, and invariably has

good luck. Yesterday he landed thirty blue fish and whiting and he also secured a sturgeon.

The largest catch made yesterday in weight was fifty-one sheephead, weighed 175 pounds, caught by Walter Sweeney, H. C. Howard, of Lebanon, O., Wm. Frens, of Frankford, Ind., and C. B. Turner, of Marshal, Mich. These were caught from the Halifax river and several of the fish were very large ones, weighing from six to eight pounds.

On The Clarendon Inn pier several good strings of fish were caught, and at least fifteen persons were angling there at high tide. Several bass were caught, among the lot being one weighing twenty pounds.

A BIG CATCH OF FISH AT KEATING'S PIER.

## A LACONIC CORRESPONDENCE.

It is said that the celebrated German theologian, Schleiermacher, was rather inclined to save than to spend money. He was at one time quite ill and sent for a renowned physician, Dr. Grate, who was court physician at the time and whose son became the great oculist. Schleiermacher recovered, and when fully restored to health he sent a polite note to Dr. Grate, expressing his gratitude and enclosing 4 louis d'or, begging the physician to accept this small sum as a token of his appreciation of the services which had been rendered him.

The following day he received his gold pieces again, accompanied by the following laconic note from the great physician: "The poor I cure for nothing. The well-to-do pay me according to the regular 'medicine tax.' The rich reward me lavishly, according to their pleasure."

Thereupon the clergyman sat down and sent Dr. Grate this still more laconic answer: "The 4 louis d'or are received back with gratitude. The poor Schleiermacher."

## Gastric and Nervous Vertigo.

The most common forms of vertigo are the gastric and the nervous. Gastric vertigo is sometimes induced by a very slight disorder of the stomach. The patient may feel a sudden swimming at the head; objects may seem to revolve; he totters and perhaps falls. There may be nausea, faintness, headache, visual hallucinations and buzzing in the ears, but there is no deafness nor any danger of a loss of consciousness. Gastric vertigo is cured by treatment directed to the cause.

Nervous vertigo may come from nervous exhaustion resulting from various causes—intellectual strain or an immoderate use of tobacco, alcohol or tea. The symptoms are much the same as in gastric vertigo. They are felt strongly in an elevated position—by the preacher in the pulpit or the speaker on the platform. As in gastric vertigo, the treatment must be directed to the cause. But patients need not fear an attack of paralysis or of apoplexy.

Lamps Used Before Candles. Large ones used before candles.

They date back almost as far as history goes and were common in ancient Egypt, China, Assyria, Greece and Rome. Lamps from the Greek lamps, a torch, and candle, from landed, the Egyptian word for a common lamp, originally meant the same thing, and the Moslem candlestick held oil lamps, not candles, as we now use the word.

Man early improved on the torches of the Homeric age and caught the idea of obtaining light from porous fiber soaked in animal or vegetable oils. Lamps of brass, bronze and stone have been found in the pyramids and in ancient Indian temples, and common terra cotta ones were in general use for domestic purposes in Greece in the fourth century B. C. The earliest candles we hear of were those of the ancient Romans made of rushes coated with fat or wax.

## Bells and Bees.

It is a foolish notion to suppose that the ringing of bells or "tolling" of the bells will cause a swarm of bees to settle. The real origin of this custom dated back to the reign of Alfred the Great, who, in order to prevent disputes regarding the ownership of a swarm, ordered that the owner should always ring a bell when his bees swarmed, and ever since then the good farmer's wife has been rushing out with ringing bells whenever the bees swarmed, and the fact that they settled verified, in her own mind, the belief that the bell did it.

## Dry Humor.

An eastern rheumatic who was visiting in southern Arizona was asked by the editor of one of the local dailies what he thought of that country.

"Wonderful dry air," said the invalid.

"Yes, everything is always as dry as dust out here," said the editor. "By the way, while you're stopping here for your health you ought to let me send you my paper."

## Too Heavy.

"He's a very tiresome talker. He weighs his words so."

"Yes, and he has another fault sometimes peculiar to people who weigh their words. He gives too generous measure."—Philadelphia Press.

## Boat Yard Notes.

Chas. McDonald seems to have an abundance of work on hand at the boat yard at present. Several boats have been hauled up for the purpose of making needed repairs, and the two large buildings used for housing boats will probably soon be filled.

A Fay & Boyne engine is being installed in J. W. Johnson's launch, Spruce Creek.

A 30-foot speed launch, built on lines similar to the Grant Ferris, Jr., will be built for Commodore White this summer. The new boat will have a 35 h. p. engine installed.

E. T. Conrad's Winkle is being repainted and generally overhauled. A 20-foot launch is nearly completed for Frank Dittman.

Mr. McDonald has just received a 1 h. p. Eclipse engine, which he has on exhibit at the yard.

## Musical at the Seaside Inn.

A musicale was given Sunday at the Seaside Inn, which was much enjoyed by the large number of guests present.

Mr. and Mrs. Horace E. Stewart were assisted by Mr. and Mrs. Wilson, violin and cello, Mrs. F. L. Lyon, soprano, Miss Mae MacFarlane, pianist, Mrs. J. S. Hawkins, contralto.

Misses Louise and Elizabeth Maudel left for their home in Cincinnati today.

John J. Raipo, a member of the firm of Jeffries Clock Company, one of the largest houses in Cincinnati, is a guest of The Despland.

Mr. and Mrs. Edwin Le Grand Graves entertained the following party—Mr. and Mrs. Clements and little daughter, Mr. and Mrs. Marguer, Mrs. Smith, Mrs. M. K. Anderson, Miss Mary Keene Graves, Mr. and Mrs. Blaklee, Mr. and Mrs. Cushing, Miss Jennie Jenkins, Miss Lillian Shields, Miss Elinor Hugos, and Miss Florence Blaklee with a trip up the Tomoka river and a picnic at Tomoka landing. The day was perfect and all had a most delightful time.

## SEASIDE INN ENTERTAINMENT

Given by the Young Ladies of The Hotel and Vicinity Last Saturday Evening.

The young ladies, guests of the Seaside Inn, assisted by a few friends, gave a musicale in the dining room of that hotel Saturday which proved an entertaining affair. The children deserve much credit for the manner in which the affair was conducted. The program was as follows:

Song—Home Ain't Nothin' Like

This—The Company

Back and Wing Dance—The Company

—Louis Van Valzah

Solo—Just Kiss Yourself Good-

Bye—Helen Keating

Tableaux—Evening Prayer—

Ruth Keating, Ruth Stewart

Solo—Under Southern Skies—

—Louis Van Valzah

Duet—Knight Waltzes—

Ruth Keating, Fay Stewart

Gambling Sum—The Company

Duet—Stay in your own Back

Yard—L. VanValzah, R. Stewart

Recitation—There was a Little

Robin—Ruth Stewart

Song—The Company

Recitation—Little Boy Blue—

Helen Keating

Tableaux—Good Night All

Solo—Rooster Song—Ruth Stewart

The children cleared several dollars by the entertainment, which were divided among the participants.

H. T. Howard has been offered the position of shipping clerk, by Swift & Co., in their Jacksonville office.

Prof. and Mrs. Jewett, who have been occupying the Fitzgerald cottage on North Beach street, left for their home in Chicago today.

Mr. and Mrs. Chas. McDonald went to the Inlet Sunday on a fishing trip and were very successful, having landed several sheephead.

H. Richardson, St. Louis, and Maurice Evans, Misses Anna B. and Florence L. Evans, Chicago, are guests of The Bennett.

## Trunks

Tourists going north should see our stock of
