TIMES-UNION SAYS COMMODORE BURGUYNE IS A PATRIOT — TIME DRAWING NIGH TO RAISE THE \$4,000.

Speaking of Commodore C. G. Burgoyne's liberal offer of \$1,000 for improving the city streets on condition that \$4,000 additional be raised by private subscription the Jacksonville Times-Union says:

"The Daytona Daily News having drawn attention to the fact that the city road fund was exhausted and the streets in a miserable condition, Commodore Burgoyne has sent the editor a check for \$1,000, conditioned on the raising of \$4,000 additional by the time the News goes to press on next Friday. The paper calls for additional subscriptions. Commodore Burgoyne is a patriot. The question now is how many other Daytonians have an equal amount of civic pride and the money to make it manifest."

The list of contributors thus far is:
 Commodore Burgoyne . . . \$1,000
 Merchants Bank . . . 100
 W. H. Peters . . . 100
 Louis Adler . . . 50
 Spencer B. Green . . . 25
 Daytona Daily News . . . 25
 H. Y. Stillman . . . 25
 Col. M. Huston . . . 20
 Henry T. Titus . . . 20

A very small list indeed,—and the \$5,000 must be complete by the time the Daily News goes to press next Friday. The amount can be raised if the ones interested in good roads will contribute. It would be a shame to allow the \$1,000 to go back to Commodore Burgoyne's strong box by default.

BLOUNT WITHDRAWS FROM THE SENATORIAL RACE.

The announcement comes from Pensacola that W. A. Blount *has withdrawn from the senatorial race, because of ill health and the humiliation that asking for votes would bring.

This leaves Reeves, Toliaferro, Broward and L'Engle still in the running.

ANOTHER GOOD FLOW SECURED AT WATERWORKS

Henry Van Dorn began work on the second well at the waterworks Thursday of last week and Friday afternoon secured a fine flow of water, giving a ten inch head, which he estimates will yield about 400 gallons per minute. This well was running about 90 gallons per minute and was the one at the southeast corner of the lot.

SWIFT COMMANDANT OF BOSTON NAVY YARD.

BOSTON, Dec. 27—Captain John C. Fremont, recently detached from the command of the battleship, Mississippi today succeeded Rear Admiral William Swift as commandant of the Boston Navy Yard. The change in command was accompanied with the usual ceremonies, including a muster of the marines and a salute of thirteen guns fired in honor of the new commandant.

Hankins says:

WE CAN SUPPLY IT
 If, in handing you a prescription the physician says: "You may have some difficulty in finding one of the ingredients in this," come directly here. We will have it if it's to be had. All new or rare drugs come here first. As soon as anything new appears we stock it because our prescription business is so large and comes from so wide a territory that we are sure to soon have a call for it. We carry and have a demand for scores of remedies that many drug stores do not carry at all.

EDUCATORS TO ASSEMBLE AT "ATHENS OF FLORIDA."

SEVERAL HUNDRED PROFESSORS AND TEACHERS FROM ALL OVER FLORIDA WILL MEET AT DeLAND THIS WEEK.

DeLand will do herself proud this week in entertaining the members of the Florida State Educational Association, which convenes there tomorrow and will remain in session for the balance of the week.

Several hundred educators are expected to be present and the citizens are making elaborate plans for their comfort and entertainment.

The sessions will be held in the auditorium of Stetson University and will be presided over by Prof. F. A. Hathaway, of Jacksonville.

A WEEK OF EDUCATORS—ILLINOIS IS IN LINE.

SPRINGFIELD, Ill., Dec. 27—From every direction and on every arriving train delegates poured into the capital today to attend the fifty-seventh annual meeting of the Illinois State Teachers' Association. In the past, the annual meetings of the Illinois association have occupied a foremost place among the educational gatherings held in America and the meeting this year is no exception to the rule.

At the formal opening of the convention tomorrow Governor Deneen will welcome the visitors and the president of the association, C. M. Bardwell, of Aurora, will respond. Other noted speakers to be heard on the opening day are State Superintendent Francis G. Blair and Dr. A. E. Winship, of Boston.

Wednesday morning has been set aside for a discussion of manual training and in the afternoon memorial exercises will be held in memory of the members of the association who have passed away during the year.

Committee reports will be the feature of the general sessions on the closing day. One of the important reports will be that of the educational commission, which will be submitted by R. E. Hieronymus, of Eureka. Another on teaching of forestry in the public schools will be presented by W. N. Clifford, of the Bureau of Forestry at Washington.

HANDSOME YACHT, GREY DUCK, TOUCHES AT DAYTONA.

The "Grey Duck," of Boston, with the owner, T. L. Sturtevant and wife and a party of friends aboard, arrived Friday, and tied up at the Halifax River Yacht Club dock.

The Grey Duck is an auxiliary yacht, handsomely fitted and furnished and carries a crew of four. She is in charge of Capt. W. W. Staples. She has for power an 85-horse power gas engine.

The Grey Duck is on the way to Fort Myers.

NAVIGATOR'S CERTIFICATE SECURED BY W. F. McCOY.

Capt. W. F. McCoy returned from Jacksonville Friday night, bearing the honor of having secured one of the highest certificates issued, that of navigator. This certificate entitles him to not only a pilot's position in these waters, but to a first mate's place on coastwise vessels and a second mate's berth on any regular ocean going ship.

HAD FINGER CRUSHED WHILE LOADING TRUNKS

Will Van Dorn, baggage man at the F. E. C. Ry. depot, sustained a painful injury Saturday afternoon in the crushing of the first joint of the middle finger of his right hand while receiving trunks from the north bound train. A trunk was pushed or fell from the car upon his hand as it rested upon a truck cutting open the end of his finger and leaving the bone exposed. Mr. Van Dorn had a physician dress the wound but resumed his duties at once although the finger gave him great pain.

SCENES FROM ROOSEVELT'S HUNT; SNAPSHOTS TAKEN IN AFRICA.

The Smithsonian African expedition, headed by former President Theodore Roosevelt, had up to Dec. 10 taken 6,863 skins, of which less than one-half have been received at the institution. The collection consists of 243 large mammals, 1,500 small mammals and 1,356 birds. It also includes a series of human skulls picked up along the line of the ancient slave trail. Mr. Roosevelt has written a very interesting article dealing with his great hunt, which appears with some of the accompanying illustrations in Scribner's for January. He describes graphically the slaying of his first hippopotamus, which weighed 2,800 pounds, and how he went out in a leaky boat to recover the carcass. He also describes Kermit's battle with the leopard. The animal charged at him, and he shot it when it was only six yards away. After it was wounded it attacked a native and wounded him severely before a final shot from Kermit's rifle put an end to it.

BICYCLE RIDER MEETS WITH PAINFUL INJURY.

H. C. Quattbaum, of Holly Hill, made an early morning visit to the city yesterday and while on his return home met with an accident which temporarily disabled him and left him feeling sore and shaky.

It being early in the morning and no other vehicles upon the road, Mr. Quattbaum was riding somewhat faster, perhaps, than usual. When on the causeway near the west end of the North bridge one of his pedals struck and caused him to lose control of his wheel, which carried him into the falling along the roadside.

He did not fall from his bicycle, but struck with his chest, one of the posts of the fence, knocking the air from his lungs and causing trouble with his heart action.

After a time he managed to get to the house of Wm. Wetherell, Jr., who assisted him to his home. No serious injury, fortunately, has developed.

A Rex-machine, resembling Wm. Jackson's, was reported to be resting in the ditch along side the DeLand, several miles out, yesterday, but when approached by a Daily News representative, Mr. Jackson disclaimed ownership, and said there must be some mistake.

PUBLISHING UNDER SLIGHT DIFFICULTIES.

The Daily News here resorted to the stick and rule for awhile today. Changes are being made at the electric light plant which necessitated closing it down this forenoon, so there was no current with which to operate the Linotype.

Then the cold weather froze up the telegraph system so that the telegraphic service today is very abbreviated.

W. W. Douglas and O. S. Burnett while out hunting Christmas pay discovered a couple of raccoons sunning themselves in the top of a tree and determined to capture them alive. Mr. Douglas climbed the tree and Mr. Burnett waited for the animals below. The first one shaken from the tree escaped, but Mr. Burnett managed to get beneath the second one as it fell and grappled with it. Mr. Douglas hurried to his assistance, but the coon put up such a strong fight that they choked it to death in the struggle.
