IN TITLE as in Land
quality counts.
Poor land with good title is better than good land with poor title. You can improve the land.

My Abstracts show just what the title is. It is my business to know. You produce the benefit of that knowledge. Costs you no more than other's guess.

Mr. and Mrs. Chas. McCune living southeast of Beaver are the proud parents of a 10 pound boy which put in his appearance Friday morning, November 12th, 1909. All doing fine.

A. Palmer, of Boyd, an old timer, recently sold his half section of land and will make a visit among relatives in the east part of this state. It is quite probable that he will locate in Liberal in the near future.—Liberal (Kans) News.

Recently one of our most fastidious young men bought a pair of overalls and found in them the name of the sewing girl who made them. He very promptly wrote her a letter with all the effusiveness necessary in such a case and in due time received a reply, which, however, was void of the romance usual in such cases. Here it is: "I am a working girl, that is true, but I make a good living and do not care to support a husband, as I would do if I married some silly noodle who gets mashed on a girl he never saw. Permit me to say that I do not know how my card got into that pair of overalls, and that when I do marry, if ever, it will be some fellow who can afford something better than a 47 cent pair of breeches."—Muscotah, (Kas) Record.
