Morgan Back To Congress.

Majority in primary about 4,000.
Congressman Dick T. Morgan left immediately after the primary for Washington to resume his duties there. Although Mr. Morgan was in the district but two weeks, he was anxious to give his attention to many important matters pending before Congress. Congressman Morgan seems to have carried every county in the Second Congressional District, and the official count of the district will no doubt give him a majority of over four thousand. Mr. Morgan was highly gratified over his re-nomination by such a substantial majority. He desires to sincerely thank the Republicans of the Second District for this additional honor, and feels sure that his record is such as will meet with the approval of the electors of the Second Congressional District, and is confident of re-election in November.

The following is the total vote in each county in the District, excepting Texas county. These figures are not official count will not probably change the vote very much either way, except that Texas county will probably increase Mr. Morgan's already majority.

Morgan's majority, 3904

NEWS from the COUNTY

Twin Mounds.

Aug. 30. Mrs. Roy Hopper and children went to Shattuck yesterday where Ruth and Gerald will enter school next Monday. Roy will watch on the farm in their absence.

Mrs. Macy was quite sick the first of the week but is better now.

Leslie Cone, Evory Booth and A. W. McClurg are pulling broomcorn for Harry Jones today.

Fred Bayless ran a sliver of wood into his leg so deeply while jumping upon the broomcorn rack he was obliged to call on Dr. Buckmaster on Thursday to have it removed. Fred says it made him "grit his teeth."

Mrs. Winpaugh, who has been staying with Mrs. J. A. Howe the past two weeks, will return to her home today. Mrs. Howe's health is improved.

The young people of Sunset surprised Earl and Miss Lily Henson at their home near Marengo, Tuesday night.

Frank Smith is suffering with toothache. He had the tooth extracted a few days ago but has the ache left yet. Mr. and Mrs. Walter Gorton were visiting at the Leonard Gorton and Roy Hopper homes last Sunday. Mrs. Gorton and Mrs. Hopper are sisters.

Mr. and Mrs. Will Mathews attended church at Twin Mounds last Sunday.

Mrs. and Mrs. H. H. Martinson Russell, Leslie Cone and Evory Booth were delighted guests of C. M. Gumm and wife at a watermelon feast last Sunday evening.

Messrs. Klepper and Baumgartner sold their cattle to a Mr. Perkins the first of the week.

Frank Smith is looking for broom corn hands for next Monday.

Dr. Seeley's man, Mr. Martin of Laverne is in the neighborhood this week.

One can look out most any time in the day and see teams going to Laverne with wheat or returning loaded with goods for some of the western stores. Not bad business, that kind of freighting.

Plenty of callers these days at Belle Meade peach orchard.

ONCE A WEEK.

Uncle Ezra Says.

"It don't take mor'n a gill uv effort to git folks into a peck of trouble," and a little neglect of constipation, biliousness, indigestion or other liver derangement will do the same. If failing, take Dr. King's New Life Pills for quick results. Easy, safe, sure, and only 25 cents at Fred C. Tracy's.

Kiowa Flash Light.

Ollie Oneal went to Laverne Wednesday for coal to thresh with. Ollie has about 100 acres of grain to thresh this fall.

Miss Maude Oneal and sister Rose, and Mrs. O. V. Oneal went down on Mammoth Creek in Texas to get wild grapes, of which there seems to be an abundance, and such large clusters. They had a three days outing and returned home with all they could bring.

Don't worry, avoid too much ice water, eat cooling foods, eat meats sparingly, let up on greasy foods or those containing a large per cent of fat. These are good hot weather rules.

When you feel like complaining of the hot, sticky weather, just let your mind run back to last winter, when you had to battle with six feet of snow to get out of the house, and your hands felt like solid chunks of ice before you got to your office or store. Remember how you pulled your old fur cap down over your ears and bent your head to the sweeping north wind? Ten to one you longed for the good old hot days of July and August then, just as you are longing for the crisp days of January now. Oh! We are never satisfied with the weather; we are always complaining; but that is the way the world goes.

One of the biggest events this fall in the State will be pulled off at Beaver, in Northwest Oklahoma, on September 17, 18, 19 and 20. It is freely predicted that fully 20,000 people will flock into the city that week to whoop things up and have a good time. The people of Beaver County know that when its Chamber of Commerce crowd of Beaver says there is going to be a good time for them, they go with the expectation of having one princely time, they have never yet been disappointed. Now that we have put you next to something good, see to it that you pack your little old grip and hike down to Beaver town on the above days. Take the wife and kiddies along, for there is going to be something doing all the time for every member of the family, even to a dog race, so bring along the family cur. You Kansans who like to be shown, take the choo-choo for Beaver and stay there till things are at an end. Did you get that? Thousands of dollars in big juicy prizes will be hung on the tree of victory for all those who compete for it, and everyone will have a chance to get a crack at the coin, for there will be some event you, your mother, your wife, your grandmother, your grandfather, or the kids, can enter, and thereby win back their expenses. At night a grand review with a background of red fire and pyrotechnics will be the piece de resistance of the "Whoop 'em up" week. Get your grip and take the trip! The good it will do you will save thousands of dollars on doctor's bills. What do we care if the doctors do starve? Let's go to Beaver Sept. 17th to 20th.

Cutey Valentine took a day off last Thursday and went to Laverne to see the choo-choos come in. He brought back a load of coal to thresh with.

Red Martin was in Madison Friday having some repair work done on his well machine.

Mr. Darling went to Shattuck Sunday to take his son Orin in, who has a job at Oklahoma City as stenographer, and will leave for that place at once.

At last the threshers have got into neighborhood—not only one, but several of them.

A. D. McGuire and family arrived home Friday from Medicine Lodge, Kansas, where they have been visiting for the past three weeks.

W. D. Parker, wife and baby went to Irtaboe Saturday to see Dr. Markley.

Don Hughes got back from Shattuck Friday evening. Don says those Shattuck girls are sure jolly good girls. But then, Don, we have better ones here on the Kiowa, don't you think?

Mrs. Art Howe has been very much under the weather for the past week. This hot weather, and all kinds of work to be done, is causing lots of very tired and overworked women here of late.

About 30 young people and a few older ones gathered at the home of J. N. Oneal last Sunday to do justice to the luscious melons that seem to thrive so well on the Oneal farm. To say that everybody was satisfied with melons is a mild way of expressing it.

Mrs. A. N. Howe and daughters were visiting Mrs. Howe's sisters, the three Misses Hughes, at Beaver the first of the week.

ALFALFA PETE.

The Men Who Succeed

As heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, G. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again thanks to Electric Bitters, sound and well." Try them. Only 50 cents at Fred C. Tracy's.

Gate.

H. C. Mathers left the 30th for Newton, Kansas, where he expected to meet a niece he had not seen for 25 years. From there he expects to go to Benton, Eldorado and Wichita, Kansas, and Enid and Carmen, Okla., before his return, if his health permits.

Dr. Nyland has returned after a two weeks vacation.

Mr. Hamberg has moved his house into town and is now a resident of Gate.

Gate Sunday School has been changed to morning at 10 o'clock.

Dr. Hall is the new doctor who has moved to Gate, and his son will soon put in a stock of drugs. We surely give them a hearty welcome.

One of the newest things in Gate is the new street lights.

Mr. Murphy's new building is almost completed.

S. B. Mott has returned from a trip to Missouri, perfectly satisfied with Beaver county.

Mrs. Parker, of Sweetwater, is visiting her sister, Mrs. Pearl Longmore.

Little Harry Lee is recovering from a severe attack of mumps. No one had any idea where he got them, but he had attended a party given at his home the 20th of August in honor of Miss Corinne's 14th birthday, at which 38 guests were in attendance, some of whom will perhaps know where they got the mumps. Ice cream and cake were served. Corinne attends two Sunday Schools, and her class in each school, including the teachers, were present. She received many nice presents, among which was a gold watch from her Uncle Harry, a birth-stone ring from Aunt Amanda, two dollars from Grandpa, and a real live pig that can squeal.

A son of Asa Newkirk got his leg broken by a wagon turning over on him when they were moving the Ham-burg house. It was thought at first that he was dead, and was unconscious for quite a while. He is getting along all right at this writing.

An article that has real merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them. H. W. Hendrickson Ohio Falls, Ind., writes, "Chamberlain's Cough Remedy is the best for Coughs, colds and croup, and is my best seller." For sale by all dealers.

Clear Lake.

Most all the wheat is thrashed in our vicinity, and much brush pulled and in stacks. The seeders are so in to be out. Many crops are passing expectations.

The Odd Fellows will give an entertainment on the evening of Sept. 7th.

E. A. Macy, of Marengo, has just earned the title of "Broomcorn King." He will have near eighteen tons. He is not near done pulling, going over some the second time, and has 14 acres not yet touched.

Harry Jones has 6 acres of his many acres that at a conservative estimate will make two tons of extra brush. Harry is one of the young men who is making good on a Beaver county farm.

Ira Schwyger has nearly all of his brush pulled. He is about the first to get done pulling.

Ed Lane is running three cultivators laying by his crop and putting ground in readiness for wheat.

At Sunday School no one in the Bible class was present August 25th except teacher and superintendent. No class meeting.

The box supper was a very slim affair. People too busy in broomcorn and threshing.

A dog belonging to J. Howe tried to bite Edward Lane's infant son. The dog is dead from the effects of a bullet in his head.

E. A. Macy is nearing completion of broomcorn pulling—only 8 acres out of 80 yet to pull. One of his men has put in 17 days pulling.

The anticipated drouth of 14 days is on, to the regret of many of our late broomcorn men.

Crops are needing rain at this date—Aug. 29. The harvest is great, but help is scarce. Price of day labor \$1.50 to \$2.00.

Harry Jones is long on crop and short on help.

Mrs. Jerry Holderman has her hands full harvesting her broomcorn crop.

Much of it is late, and it is feared that frost will get some of it.

Many are pushing their harvesting, as wheat sowing will soon be on, and ground drying fast.

Several buyers were out, but only one offer so far as the writer knows. \$120.00 was offered and refused. Most farmers expect \$150.00 for good brush. Many are ready for the seeder. Most all in our vicinity desire to haul to Laverne or Knowles.

Mrs. E. A. Macy, who for three days was very sick, is up again.

No providential hindrance, T. L. How will start for Colorado Sept. 3rd, to be gone about two weeks.

What We Never Forget

According to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or cold sores. Only 25 cents at Fred C. Tracy's.

Home Creek.

Here we are again and crops are looking fine in this part of the county. I wouldn't ask for a better place to live than old Beaver county if we can just get plenty of rain.

Ed Twentier got hurt pretty bad one day this week while Ernal Barker tried to start up their gasoline engine and the crank flew and hit Ed in the forehead and knocked him down.

C. B. Barker and W. A. Barker took a load of wheat to Forgan last Saturday for John Russell. It looks good to see a railroad in old Beaver county.

Fred Wilson bought some hogs from Mr. Gracy one day last week.

Claude Haskell and wife will start back to their Colorado farm in a few days to take care of their fine crop.

Mrs. Gracy stayed with Mrs. W. A. Overton last week. Mr. Gracy made a trip to Liberal last week.

C. J. Leisure attended church at Cross Roads school house last Sunday night.

J. E. and Orville Wilson are helping Jim Barker and Ed Twentier seed broomcorn this week.

Walter Busch has got some fine peaches. Who said there wasn't any fruit in old Beaver county? Everybody could have fruit if they would put it out.

Leonard Hobbs and Vern Sanders pulled broomcorn for C. B. Barker one day last week.

Some of the farmers are fixing to sow a big wheat crop and some are pulling broomcorn.

Wages are good in this neck of the woods. Anyone wanting work just come to old Beaver county. They pay from \$1.50 to \$2.50 per day for work.

Lots of wheat is going to Forgan. The train will have to hurry up and haul some of it out so they can buy more. Everything is full and some on the ground.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

Madison.

Aug. 19. Hot and windy but good for pulling broomcorn.

Mrs. Grant McCready and Earl Hood were called back to Alfalfa county to see their mother, who was reported very ill. We trust they found her much improved.

The gentle breezes are turning a brand new windmill for Mr. Mansfield now days.

Robert Miller and Ray and Wilford Reid are helping A. B. Grace pull broomcorn this week. Broomcorn looks fine in this part of the country.

Mrs. Reid, who has been extremely ill, is able to be up again at this writing.

Rev. Shroot preached at the Sand creek school house Sunday at 11:30 o'clock a. m., to quite a large crowd.

Mrs. L. A. Curtis and Miss Bessie Reed returned home Friday from a three weeks visit with their two sisters in Colorado.

Mr. and Mrs. James Oneal and family were visitors at the Weiser home Sunday after Sunday School.

Little Ellis Miller, from Shattuck, spending a few weeks with his brother Robert. Ellis says he would rather live in the country than in town.

We hear John North is back again. There seems to be some attraction in Beaver county for John. We wonder what it is?

Quite a crowd of young folks assembled at the Valentine home Sunday and all report a pleasant time.

While Mrs. Al Francis and baby and Edwin were calling at a neighbors last week the team became frightened at an automobile and after breaking loose ran a mile before being caught. Fortunately Mrs. Francis and baby were still in the house and thus avoided being hurt.

Costs You Nothing When Idle—Almost Nothing When It Runs

WHEN an IHC engine is at work, it is the cheapest dependable power you can use; when not working it costs you nothing. It will work just as hard at the close of the day as at the start—will work overtime or all night just as readily. It is ready to work whenever you need it; always reliable and satisfactory. You can use an

IHC Oil and Gas Engine

to pump water, to run the wood saw, cream separator, churn, grindstone, washing machine, feed grinder, corn husker and shredder, ensilage cutter, or any other farm machine to which power can be applied.

IHC oil and gas engines are constructed of the best materials; built by men who know what a good engine must do; thoroughly tested before leaving the factory.

They are made in all sizes from 1 to 50-horse power; in all styles—vertical and horizontal, air and water cooled, portable, stationary and mounted on skids, to operate on gas, gasoline, naphtha, kerosene, distillate or alcohol. Kerosene-gasoline tractors, 12 to 45-horse power.

Ask the IHC local dealer to show you an IHC engine and explain each part, or write for catalogue and full information.

International Harvester Company of America
