NEWS from the COUNTY

Kiowa Flash Light.

Our somewhat balmy days of spring time received a sudden jolt. Thursday by way of a real winter composed of snow and sleet.

The Valentine party Friday night at the Scott Ranch, gotten up by Miss Arian Scott and Miss Florence Gonne was a most enjoyable affair. To say that they had a good time, is a mild way of expressing it, for only those who were there, can tell the real fun that everyone seemed to enjoy.

A. N. Howe went to May on a business trip Monday.

Some men are homeless and some men are home less than they should be. Some men think they are earning a living when they are only beating the world out of one.

A. D. McGuire took a load of broom corn to LaVerne Wednesday for C. M. Smith, he having sold his crop of broom for \$35.00 per ton.

D. T. Bullard braved the storm Thursday and went to Madison.

The individual who leaves Oklahoma to find a better climate makes a mistake, as is proven year after year. True, we do have some rough winters now and then, and some warm days in summer, but when we get down to "brass tacks," and figure out results it is always found that Oklahoma beats all other portions of the country by several million miles, and that surely is going some. If one wishes to change locations in order to secure cheaper and more land, that's all right, but not for better land or better climate conditions in general. This is all that is necessary to say on the subject.

There are a great many people who think themselves employed all day, but who, if they were to cast up their accounts at night would find that they had done just nothing.

The bigness of the little things—and the littleness of the big things—the ability to properly gauge their relative values—are determining factors in the life of every man. The man who ignores the small in his haste to grasp the large, and the man who loses himself in the small things, indifferent to his larger possibilities, are on opposite sides of the see-saw. Both are due for the bumps.

A. D. McGuire and Robert Ridenour were calling on Mat Funk Friday.

S. Ridenour, who has been having a hard time with the grippe, was so that he could go to Laverne Monday.

Mrs. Ripple and Mrs. McGuire were among the many who were trading at Madison Monday.

The green grass and weeds have made their appearance, which denotes that spring-time is near.

The wrath of the irate father, of the eloping daughter and prospective son-in-law, who eloped with a team of the girl's father, remains unchanged. It was no surprise to many, but a sudden jolt to the girl's parents. Full particulars later.

Mr. and Mrs. McGuire visited and took dinner with Mr. and Mrs. Ripple Sunday.

Ora Smith, an old time Beaver county boy who has been traveling around a great deal and who recently came back from Canada, has decided that old Beaver county looks mighty good to him. So now Ora is fixing up the old home place here on the Kiowa and buckled on his belt of "go getter" and

he will try his luck at tilling the soil again. Well, here is luck to you Ora, but plant plenty of broom corn.

ALFALFA PETS.

No Need To Stop Work.

When the doctor orders you to stop work it staggers you. I can't, you say. You know you are weak, run down and failing in health day by day, but you must work as long as you can stand. What you need is Electric Bitters to give you tone, strength and vigor to your system, to prevent break-down and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at Fred C. Tracy's.

Home Creek.

Well, here we are again and more snow on the ground, as fast as one melts another one comes. We will have plenty of moisture if they keep coming.

We all look for a good crop year for 1913, yet several of our neighbors are having sales and some are going to South Texas, some to California and some to Missouri and Arkansas.

C. J. Leisure, Jim Barker and C. B. Barker was at the county seat last Saturday. Quite a crowd in town.

Claude Haskell who has been at his father's, A. A. Haskell's, at work for some time, is on his road home to Colorado at this writing.

C. B. Barker has returned from a short trip to Missouri where he has been to take a sick orphan boy to his sister and brothers. Many thanks to the people of Beaver City and to the neighbors for helping to send the boy home. He was 14 years old and had consumption and was well pleased when he got home.

John Wilson, Ed. Twentier, Jim Barker and Fred Wilson butchered four nice fat hogs, a good time for it.

L. A. Hatcher and John Wilson have been plowing sod since the snow.

W. B. Barker made a trip to Forgan one day last week with a load of kafir corn.

There is a car load of Arkansas apples at Forgan on the track. It is a fine thing to have a railroad close to us but would like to see one at Beaver City.

Mr. Swaim had a little bad luck the other night, one of his horses got into the wire and was badly cut.

Clear Lake

Rev. Binn's preaches his farewell sermon March 2nd, instead of Feb 18th. Come one and all. We wish on that date to resurrect our Sunday school.

In spite of a Democratic administration, Floyd Betts did well on his sale. Passed the \$1800 mark and a goodly portion was cash.

John Betts is to have his sale soon, and we hope he will do well. These men are brothers and will soon leave for Oregon, neither can say just how soon they will be back. Well, a hearty welcome awaits them on their return.

Roy Hopper of near Marengo, is to have a sale, he will remove to a place near Shattuck.

Harry and Ed Lane are putting up a well drill at T. G. Burns at Riverside.

J. A. Howe is one of the boys who don't forget "daddy." Last week he sent over one half-gallon jar of peach preserves.

E. A. Macy left for Knowles Feb. 15, our loss is Knowles' gain.

Geo. Nelson and Swanson combined sales and sold out the 19th. Swanson sold his farm to a Missouri man, price \$2,300.00.

It is reported that some of the parties who sold out and left for Florida are cursing the day they left Beaver county and would also curse the person who talked them into going. Now we have nothing against Florida, but it is the oldest state in the union, on whose soil stands the oldest city in America, and yet people are just discovering it a paradise. Better stay with Beaver.

Rev. Binn's is holding a protracted meeting at the Sand Creek school house.

John Leslie was the last one to thresh near here.

R. G. Dunlop is under the weather. We hope he will soon enjoy better health.

Mr. Gowan came in Tuesday load with flour for E. Macy, our groceryman.

Mr. Mullenex and his son have been very sick for some time, but are improving.

Twin Mounds.

Feb. 20—A light snow covers the ground with a promise of more in the moist air.

Messrs. Martin and Gumm postponed a trip they had planned today until the weather shall be more settled. They intended going to Knowles, where Mr. Gumm would take the train for Bentonville, Arkansas, to visit his sister and family, and look at the country. Here's hoping it will not look good to him.

J. B. Howe moved the first of the week to the E. A. Macy farm.

The usual large crowd attended the Hopper sale on Wednesday.

H. H. Martin fills the place on the school board made vacant by the resignation of E. A. Macy, that of district clerk.

Mr. and Mrs. Martin and son ate Sunday dinner with the L. I. Girton family.

Rev. C. E. Binn's is holding revival meetings at Sand Creek this week.

Mr. and Mrs. Herbert Lee and children were guests of Mr. and Mrs. Henson Monday evening.

ONCE-A-WEEK.

Mothers Can Safely Buy

Dr. King's New Discovery and give it to the little ones when ailing and suffering with colds, coughs, throat or lung troubles, tastes nice, harmless, once used, always used. Mrs. Bruce Crawford, Niagra, Mo. writes: "Dr. King's New Discovery changed our boy from a pale weak sick boy to the picture of health." Always helps. Buy it at Fred C. Tracy's.

District No. 151.

We are having lovely weather, just like spring.

A good deal of broom corn is being marketed around here lately, but the price hasn't advanced much. We think it a shame to sacrifice our crop, but all we can do is to stop raising it until they can pay us our price or pay us what we are actually out for our labor and expenses.

Frank Gladwell is building him a new house on his farm.

Mrs. Andrew Pierson has been having the grippe lately, but is much better now.

The infant son of Mr. and Mrs. W. L. Main is much better after a long siege of cold and grippe.

A. M. Berry and family are preparing to leave for the eastern part of the state to make an extended visit among relatives and friends.

C. E. Baggerly, H. C. Gray, A. M. Berry and others are all marketing their crop of broom corn this week.

The "Young People's Christian Society" held their Valentine Social at the home of Mr. and Mrs. H. C. Gray, on the eve of the 13th. While the crowd was gathering to the sweet strains of graphophone music, they passed by U. S. mail box and mailed their valentines. The home was brilliantly lighted up, showing the beautiful decorations pertaining to St. Valentine. After the "howdy's and the 'hello's" were said, quite a few feats were performed, some of which were "The shooting at matrimony" that afforded a great deal of amusement, a large white heart was fastened on the wall and ten small red hearts were on this, having written on each, one of these words: "Bachelor," "Spinster," "Many Times Married," "Divorced," "Repent at Leisure," "Widow," "Widower," they shot with a bow and arrow and each tried to hit the center heart which is smaller than the rest and is marked "matrimony".

The "Musical Romance" was quite interesting as were the many other games. At 12 o'clock a fine oyster supper was served, after which the Valentine box was opened, and a few prizes were awarded to the lucky ones. At a late hour the happy crowd dispersed for their respective homes, wishing for another jolly social in the near future.

H. A. Sprague made a business trip to Shattuck recently. A CALLER.

Clarence Dotson is reported quite sick, it is feared with pneumonia.

There was an error in our last, we stated that Fred Crofton was going to meet his father and mother, it was Mrs. Crofton's father and mother.

Will Ferguson has moved to Laverne and is buying grain for O. W. Hutchison.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonial-free. Sold by Druggists. Price 75c per bottle.

Take Hall's family Pills for constipation.

Obituary.

Wesley Hibbs was born in Ohio October 12, 1839, and in early childhood moved with his parents to the state of Illinois. He was married in 1861 to Miss Emily Montgomery and to their union six children were born, three sons and three daughters. Two sons, J. Q. Hibbs of Clear Creek and M. E. Hibbs alone survive their father. Their mother, who died two years since, and the remaining brother and sisters all having gone before.

"Uncle Wesley" as he was familiarly called by the many friends who knew him, moved to Kansas in 1870, where he remained until the spring of 1881, when he brought his family to the new land of Beaver, Okla. Here they have remained for the intervening 28 years. No family was better known and regarded with higher esteem, and surely there is none to take the place of this noble, good man. He died at the home of his son J. Q. Hibbs, Friday February 14, 1913, and was buried by the aid of his departed wife in Beaver cemetery Sunday February 16. R. R. Coffey conducting the obsequies. Mr. Hibbs was a man of strong convictions. As a soldier in the Civil War he was loyal to his country and fearless in her service. In the year 1861 he gave his heart to Christ, uniting with the Christian church in which he lived a sincere active Christian life until his death, a period of 53 years.

And now a good man has gone, but his influence shall live forever to lead and help his surviving friends to a higher and better life.
