

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Baltimore, Md. — "I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health." — Mrs. AUGUST W. KONDNER, 1632 Hollins Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

HEAVIEST HORSE ON RECORD

Figures Show Clydesdale Weighed More Than Any Animal of His Kind Known to History.

The weight of the heaviest horse ever known was 3,000 pounds. This horse, a Clydesdale, was exhibited in New York in 1889. It was 21½ hands high and although only five years old measured 32 inches round the arm, 45 inches round the stifle or knee joint, 95 inches girth, 34½ round the hip and 11 feet four inches in length. It was of perfect proportions, with a head 36 inches in length. A French authority gives the weight of horses as follows: Excluding ponies, which have an average weight of 440 pounds, the weight of horses varies from 660 to 1,540 pounds. The weight of cart horses varies between 1,100 and 1,540 pounds. The weight of cab and coupe horses, which is about the same as that of cavalry horses, varies between 990 and 1,055 pounds. These weights are for adult animals.

Providence on His Side.
As a rule the habitual wrongdoer bears little resentment toward the detective who may have brought him to justice. Neither is he always devoid of a blind belief in the workings of Providence. One known to the police as a "chronic crook" met one of the detectives who had on several occasions unpleasant business with him. "How are you doing now, Tom?" asked the detective. "Doing!" bitterly exclaimed the crook. "You and your pals have fairly bottled our business!" "Well, how's the wife?" asked the man from the Yard, whereupon the crook nearly broke down. "The missus," he said, "died a month ago. It was a near thing that the parish didn't have to bury her, but (with a ring of heartfelt gratitude in his voice) Providence was very good, for it sent along a mug in the nick of time—and I done him for 20 quid. We was able to bury poor Liz quite decent-like!" — Manchester Guardian.

NO POSSIBILITY OF HELP

Actor Had Been Called On So Often That Further Assistance Was Cut of the Question.

When "September Morn" was in its final week of rehearsals a bare spot in act III. gave unbounded annoyance to the actors, and the managers, the librettist, who was appealed to again and again to do something to brighten a scene which was simply talk, and yet could not be cut out without throwing away the stage director's scheme of songs, dances and costume changes. The librettist at length made this appeal to "Dave" Lewis, the star of the piece:

"Say, old fellow, you've been a comedian for 20 years and must have a trunkful of hokum. Won't you dig down into it and fish up something that will help us over this spot?"

Mr. Lewis' reply was: "I've been an actor for 20 years, and I had a trunkful of hokum. But I've dug down so often fixing up the first and second acts that the trunk's empty and there's a hole in the bottom."

ITCHING TERRIBLE ON LIMB

R. F. D. No. 3, Clarkfield, Minn. — "My trouble was of long standing. It started with some small red and yellow spots about the size of a pin head on my leg and every morning there was a dry scale on top covering the affected part and when those scales were falling off the itching was more than I could stand at times. The first year I did not mind it so much as it was only itching very badly at times, but the second year it advanced all around my leg and the itching was terrible. I had to be very careful to have my clothing around the affected part very loose. At night time I often happened to scratch the sore in my sleep. Then I had to stand up, get out of bed and walk the floor till the spell was over.

"I bought lots of salves and tried many different kinds of medicine but without any success. I got a cake of Cuticura Soap and a fifty-cent box of Cuticura Ointment and when I had used them I was nearly over the itching. But I kept on with the Cuticura Soap for six weeks and the cure was complete." (Signed) S. O. Gordon, Nov. 20, 1912.

Corporation Footballs.
Myor Mitchel of New York was praising a commuter who, by continual complaints, had improved the railway service of his district.

"We are apt to call the kicker a crank and a nuisance," said Mr. Mitchel, "but it's the kicker who gets things done for the community."

He smiled and ended: "They who never kick are but too apt to become footballs."

"Last December I contracted a severe cold which, through neglect on my part, settled on my chest. I heard of Peruna. It cured me, so I cannot praise it too highly."

MOTHER! LOOK AT CHILD'S TONGUE
If cross, feverish, constipated, give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.
